

One final request to reach our goal for Schools of Africa Benefit

Angelika Selle
August 9, 2019

A heartfelt Thank You to everyone who has given to our Schools of Africa July Fundraiser!

With generous donations online and at our local WFWP chapter fundraisers, we reached **\$7,388 towards our \$15,000 goal**, in order to give access to education to young people in the WFWP Schools of Africa.

A special shout out to the full-time student in Los Angeles, working 2 jobs to support himself, who set aside **25 cents a day** for 120 days to donate \$30 to Schools of Africa, which was matched by his mentor and became \$70!

Others have reached out to their friends at events, via Facebook, and at work. WFWP chapters have held yard sales and programs organized by school-age girls.

You can make a lasting difference in a young person's life. Please share this campaign with friends and family, and together with you and WFWP chapter efforts, we will reach our goal!

[Yes! I want to support Schools of Africa!](#)
