Romania National Day

Bucharest, Romania, 1. December 2012

Yong Cheon Song

Greetings from Romania!

This week we celebrated the National Day of Romania. Together with guests we presented the best traditions of Romania which are rooted in the True Culture. Through this we tried to conclude with our guests that the Heavenly Traditions are at the base of each culture. In this way we could feel more close to our hearts the teachings of True Parents. Everyone was happy to find such universal principles in the Romanian values and we could become more determined towards establishing a beautiful culture in our families and relationships. In this way, we've first started our day by practicing True Love at the St. Ana Day Centre. Our hands became useful tools for the children with physical disabilities. We've also instilled our hearts in handmade brooches, ornaments, paintings and Christmas cards.

Because we've gathered together with God in the center we could learn how important it is to live for the sake of others, how important is team work, how to create beautiful atmosphere and how to achieve a good quality result.

Thank you for such a full day of experiences!

HOW:

Within the Seasonal Workshop organized at Ana Day Centre, through a mixture of carols, hot tea, lots of smiles and goodwill, AND creativity, imagination, inspiration, ingenuity and will of doing something beautiful, we'll step on Arghezi's' footsteps:

"From bumps, molds and mud

/arose beauty and new prices"

We'll craft: Christmas cards, seasonal decorative products, flowers... anything that comes to our minds (free your imagination ;)) .

WHAT... WE NEED:

You may bring in your pockets: friends, colleagues, raw materials: fabrics, beads, buttons, felt, glitter, cardboards for Christmas cards, candles, glue (stick or liquid), colored paper, magazines... anything useful that you can think of and that can be recycled.

BUT if you also come with new ideas or visit us at the fairs, we'll not get upset either, cross our hearts!

BECAUSE...

- We solidarize and empathize with the persons affected by severe mental disabilities: they are just like us... the only difference is that we were a tiny bit luckier than them;
- The final products that we make at the workshop will be sold at the fairs organized this season for NGOs... and thus we will convince Santa to snow with gifts not only at their Christmas Celebration (that will take place on 12th of December at The National Military Museum "King Ferdinand I"), but also under the Christmas trees and on the tables from "our children's" houses (most of them come from families that face a precarious financial situation).

LET'S BE THEIR HANDS... JUST FOR ONE DAY!!! :)

Kamsahamnida!
