Since the start of the pandemic, 27 States within Latin America's Region 1 were able to come together to create 6,000 masks and to donate food for those in need.

The masks were donated to families, needy communities, local NGOs, local city halls and hospitals. In partnership with NGO's, there were donations of basic food packages. There were also money that was donated to buy food as well.

To help the homeless, the WFWP and GWPN community also prepared soup that was distributed to homeless shelters across the region.
