

Hideo and Joyce Suda Honored by True Mother as Heavenly Tribal Messiahs

August 28, 2018

True Mother invited Heavenly Tribal Messiahs victors with the potential to become registered within the Cheon Il Guk Genealogy Center, to participate in the dedication ceremony. She hoped to encourage all HTM victors through this occasion and wanted them to participate in the major events marking the 6th anniversary of True Father's Holy Ascension.

These were couples who had completed the Blessing, vertically, of all eight lines of their ancestors for at least 301 generations and who had completed the Blessing, horizontally, of at least 430 families.

Two couples are invited from our region of Europe, who have vertically completed the blessing of at least 301 generations of their ancestors from all eight lines, and horizontally completed the blessing of 430 couples.

These two couples are: Patrice and Nelly Huard from France and Hideo and Joyce Suda from UK.

*Expenses in Korea are covered by FFWPU IHQ.

As you can see from the email above, our Suda Couple had been invited to the 2018 Seonghwa events and for the "Dedication of the Cheon Il Guk Genealogy Center".

What a shock but a wonderful surprise, nothing short of a miracle to be able to go to Chung Pyung again, (the restored Garden of Eden) especially for the 6th anniversary of True Father's Holy Ascension.

My Husband Hideo, who is sick, was determined that I should go even though I'm his caregiver, and I was being urged to go by our European Leaders....so I felt sure God and our ancestors would take care of Hideo whilst I was away. Our son Toby agreed to go with me taking my husband's place.

There were 21 Couples from around the World who had fulfilled the criteria: Couples who had completed the Blessing, vertically, of all eight lines of their ancestors for at least 301 generations and who had completed the Blessing, horizontally, of at least 430 families.

We were hosted at a beautiful resort some 40 minutes from Chung Pyung, and treated like VIP's!

We visited True Parent's Palace, Cheon Jeong Gung, twice and True Mother spoke to us. We also visited True Father's Bon Yon Won (burial ground) twice to pray and offer our respects.

True Mother urged us to continue blessing the 7.6 billion people of the world, and never stop blessing people, or they will accuse us. She said Heaven has to endure until God's dreams are realised. She asked

us to be deeply grateful, to be born again as the early members were, learn and guide others and reach high ground where we can place the flag of Chon Il Guk and restore our Nations. She said, "Do your utmost by 2020. I want to believe in you, so we can all celebrate in 2020. I will not rest for one minute either. (True Mother is working day and night with very little sleep). Live life with no regret. Unite with me, and miracles will happen."

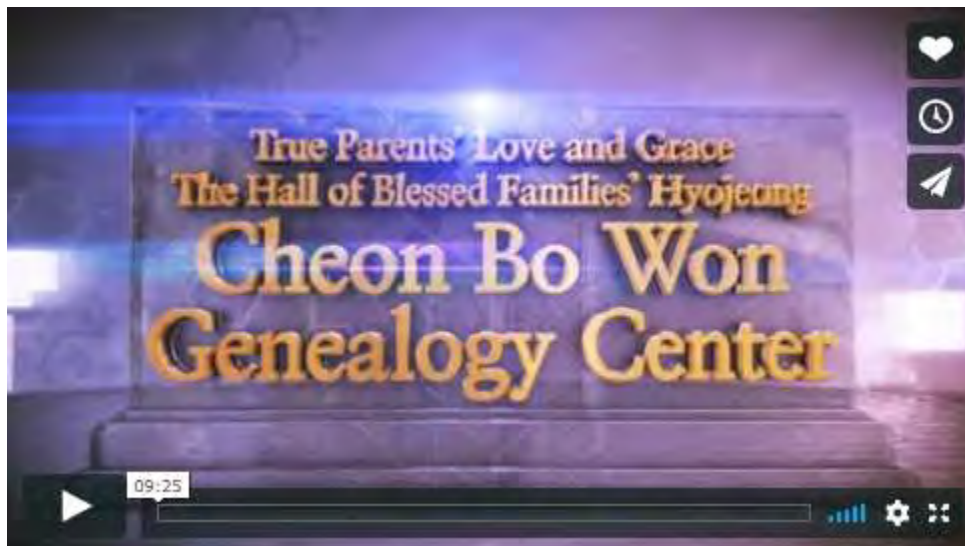

On 28th August 2018, the Hall of Blessed Families Cheon Bo Won Genealogy Centre was dedicated and opened by True Mother.

Here in this Hall of Fame, Blessed Families can offer and exhibit to Heaven their Records and Devotions including Heavenly Tribal Messiah activities: Liberation and Blessing of 430 Generations of Ancestors, and Blessing of 430 Couples.

True Parents want Blessed Families' names engraved here for Millennia.

Our Family names and Records will remain on Earth and in Heaven. All Families who register here in this Holy Hall will be Blessed Families of Heaven that God will remember, and future descendants will be proud of these, their Ancestors, who were united with Heavenly Parents and True Parents.

The video below: During the special 2018 New Year's gathering with Chon Il Guk Leaders, True Mother explained about the building of the Genealogy Centre, so that Blessed Families' Devotions and hard work can be reported to heaven. True Mother prays that Blessed Families can become filial children and loyal patriots and enter their Records in this Hall of Fame.
