

Bay Area Family Church: Dr. Yong is for real, he is not fake, false or pretending

We came to Hawaii as the final stop on the 50 state Holy Ground tour. It has certainly been a whirlwind in our Sub Region for the last two weeks and I have learned a lot as we went from Colorado to Wyoming, Utah, Idaho, Montana, Oregon, Washington state, and the Canadian border, and now in Hawaii. I need to digest what has taken place and all lessons learned.

One thing I know is that Dr. [Chung Sik] Yong is for real, he is not a fake or false or pretending. He is the real deal. Deeply loves God and True Parents and the word of God. We had so many different kinds of experiences and yet I never once saw him get angry or even irritated at anyone. He treat each person with dignity and respect, whether they were elder or younger, a long-time member or a newbie. These is the kinds of things that I look for. He was fine to be with and always brought things to a Principled viewpoint.

We are expecting true Mother to arrive in America in the next few weeks and this 50 states tour to inherit Father's 1965 foundation is a great condition in preparation for Mother's arrival.

The best thing that we can do in preparation for Mother's arrival would be to prepare a watch party for our Blessing introduction event on December 11th. Please get together with two other families and decide a place to meet and then what our gathering will consist of (a meal, sharing together, a blessing etc). Be creative and have fun while inviting your friends and family.
See you soon.
