<For the "Family Reunion, Honoring Father's Legacy Together" on October 2>

Dear brothers and sisters,

It is gradually turning into autumn. How are you doing?
Before the 10th anniversary of True Father's SeongHwa, the first 40-day Jeongseong condition was given for that purpose. Last month, in August, True Father's 10th SeongHwa anniversary was held in Korea. And now, True Mother has given us the second 40-day Jeongseong condition.

Dr. Yong has been praying and devoting himself to the ministry every day. On Sunday, October 2, it was announced that a Sunday service for 600 people will be held, and preparations are underway, and Dr. Yong sincerely hopes that each one of you will create an heartistic relationship with True Father that will be unforgettable forever. Especially, America, the Elder Son Nation, is the country that True Parents have invested in for more than 40 years. It is the nation where True Parents have made a heart to heart relationship with each one of us through various opportunities. And even now, True Parents wish to have a heart-to-heart relationship with each and every one of our brothers and sisters.

One of the themes of this "Family Reunion" is to remember, appreciate, praise, and inherit True Father's Legacy.

So, let us once again consider what our starting point is. Why have we been able to follow this path until now? It is because we have come to know True Parents. It is because we met True Parents and learned about God, the purpose of life, and the purpose of family in detail. True Parents are everything to us.

Now we are undergoing various internal and external trials. In Japan, we are undergoing national persecution. At the same time, this is the time to cross the last pass. It is hoped that we will overcome the last pass and be victorious.

Jesus said, "Come to me, all you who are weary and burdened, and I will give you rest." (Matthew 11:28).

For us, it all started with Heavenly Parent and True Parents. I was called, and I started out on this path in response to God's calling, and I came to America with the heart of fulfilling True Parents' desire. And I have walked this path until today.

True Father is my life saver, my parent, my indispensable teacher, and my everything.

When I look back on my life now, there are too many debts and regrets. But on the other hand, it is a definite fact that I have walked with a single-minded determination to desperately fulfill the desires of God and True Parents!

And I have been able to live that way because of Heavenly Parent and True Parents, who have stood in front of me and behind me and invested their immeasurable heart and love for me.

I believe that the hope and wish of parents is to see all their children gathered together and to see their brothers and sisters in harmony. True Parents must have said to us, "Are you living well? How is my husband? How is my wife? How are the children doing? How are the children doing?"

Now, what should we do? We will receive the inheritance by participation. Therefore, let us unite our hearts with True Parents, meet our dear brothers and sisters, and sharing heart with them.
