

FFWPU USA: Grand opening ceremony of the Cheon Shim Won in Las Vegas

"The church and [youth] must go out as one centering on Cheon Shim Won, the internal training center," said True Mother in April as she blessed the [new CheonBo branch](#) in Las Vegas. "As brothers and sisters, we must go out as one. Therefore, a spiritual phenomenon will also occur, and America will be revived and rebuilt."

On Nov. 12 and 13, the highly anticipated grand opening ceremony of the Cheon Shim Won will take place alongside the latest CheonBo workshop in Las Vegas. "We see how True Mother prepared this situation ... with special devotion," said Dr. Ki

Hoon Kim, president of Cheon Shim Won USA. "She prepared [the training center] for the sake of America and the world."

FFWPU USA leaders and numerous guests are expected for the weekend events. Registration closed for the grand opening ceremony, but leaders urge all community members to spiritually support True Mother's efforts with their prayers. "Let us prepare very joyfully for our Cheon Shim Won," said Dr. Kim.

At least 40 faith leaders from across the country, as well as some 15 [ACLCL](#) pastors blessed by True Mother, will be attending the events. "They are laying the groundwork for future clergy to complete CheonBo, which is True Mother's great wish," noted [YCLC](#) National Co-Director, Joshua Holmes, during July's hugely successful CheonBo workshop. The [special event](#), held at the Belvedere property in Tarrytown, New York, drew some 1,200 people of all ages, including more than 400 young people.

"There must be a revival," said True Mother in her remarks from April. "We need to grow the church by focusing on creating members in places where many people live near the church. So with confidence, we need to show that we have the power so that people can follow heaven's providence."

As national leaders celebrate the sacred Cheon Shim Won, and focus on reawakening the faith of America's people, they are also calling for increased support in Japan. "Let's do what we can for Japan," said Dr. Kim, "and liberate negativities against our movement. I believe with prayer we can liberate our Japanese brothers and sisters ... and [protect] their activities."

The Unification movement in Japan has faced great persecution in the wake of Prime Minister Shinzo Abe's assassination in July. A beloved world leader, Prime Minister Abe supported global peace initiatives and was a featured speaker at World Summit 2022 in February. Despite backlash tied to his assassination, True Mother has long implored Unificationists to "act firmly" and "speak openly" about their faith.

"All religions have reached their terminus, and now they have to get off," she said in her World Summit 2022 remarks. "Once they descend, they will have to seek the [True] Parents, meet them and receive their Blessing. This is the one and only way to survive. This is the way to eternal life."

True Mother Visits Las Vegas

True Mother arrived in Las Vegas on April 30 after hosting anniversary celebrations of the Unification movement and the 2022 Hyojeong Cosmic Blessing Festival over Easter weekend.

“True Mother was received at IPEC and greeted with flowers,” said Dr. Chung Sik Yong, FFWPU regional president of North America.

“She then visited the Cheon Hwa Gung, True Parents’ former residency. She blessed the house as the Cheonbo branch of the USA, and also met with our youth who are doing witnessing activities.”

Dr. Yong said young Unificationists were excited by True Mother’s visit. “I think all of them were really shocked and happy to see her,” he said. True Mother later held a meeting with national leaders to share some new developments involving two properties, and the spiritual revival of our youth and America.

Below is an excerpt from True Mother’s message:

Education is necessary in order to save America and raise up second and third generations. We need the work of the spirits. So, I will first designate Cheon Hwa Gung as the Cheonbo Training Center branch, and then East Garden as the next branch. Because America is big, we start in the West and start the fire, and go to the East. So we need to

make first, second, and third generations stand here in endless lines to come in and receive grace and even participate in the Blessing.

I have decided to hand over Cheon Hwa Gung. In reaping the fruits of the Completed Testament Age, this place must become the place to reap those fruits. The church and Youth and Students for Peace (YSP) must go out as one centering on Cheonshimwon, the internal training center. As brothers and sisters, we must go out as one. Therefore, a spiritual phenomenon will also occur, and America will be revived and rebuilt.

You should not just manage the Cheon Hwa Gung, you must reap the harvest. There must be a revival. Like the Cheonshimwon in Korea, you should also hang pictures of Hyo Jin Nim, Heung Jin Nim, and Dae Mo Nim. This must be a sacred place...

Dr. Yong must create a lot of members, whether they are first or second generation. Dr. Yong must select one church in the area he's in and show all the leaders and members how to bring about revival of the members. We need to grow the church by focusing on creating members in places where many people live near the church.

So with confidence, we need to show that we have the power so that people can follow heaven's providence. One way or another, America must help the world providence by becoming a self-reliant America by increasing membership. It is our responsibility to educate and nurture the second generation so that they can contribute to the providence. Therefore, we must hold on to the second generation tightly. So, we need to re-educate the second generation and in this Golden Age, the first and second generation must become one and leave a mark in history that they can offer up to Heaven.

In that respect, Heaven has given our second generation so many blessings. He gave them such blessings that they could not lose even if they faced the world, but their parents and the church were not able to raise them well. That is one of the reasons why I came to America in such a hurry...

Now we have to call out all the second generation out in the world. Second generation children blessed by Heaven must stand well in

front of heaven. We have to let them take responsibility for that ...

Our goal is to allow our culture to naturally sweep away not only our children's children, but also the children of the world.

Hyojeong CheonBo Event Inspires Huge Crowd

“We had many new guests at this experience, and they testified to how powerful the CheonBo event was,” said YCLC National Director Joshua Holmes during an FFWPU USA leaders’ meeting on July 26. “It was a very intergenerational event, and there was a spiritual phenomena taking place, which is the key to rebuilding America.”

On July 23 and 24, some 1,200 people of all ages attended the Hyojeong CheonBo special event at Belvedere in Tarrytown, New York. Earlier this year, True Mother designated the Belvedere property as one of two new CheonBo training branches in the USA, with the other being True Parents’ former residence in Las Vegas. Participants liberated and blessed their ancestors during the event, and took part in chanyang sessions, a wish paper ceremony, and education from various Unificationist leaders.

“It was really amazing,” said Holmes. “More than the heat [outside], it was spiritually hot and very exciting.” Holmes and other participants said their experience reflected True Mother’s remarks in April, where she said, “The Family Federation and Youth Federation should unite centering on Cheon Shim Won internal training and move forward together. As elder and younger brothers, they need to go forward in unity. Therefore, spiritual phenomena will take place, and we will resurrect and rebuild America.”

More than 400 young people also participated in a youth education

workshop during the event. The workshop focused on the spiritual realm and included a lecture, video presentation, and panel Q&A session. "This brought a lot of healing and clarity," said Holmes, who noted True Mother's emphasis on reviving the faith of young people to rebuild the country. "Dr. Kim, the president of Cheon Shim Won USA, also gave a powerful message that really shared True Mother's heart and what she is longing to convey to all of us. He shared a lot about *jeongseong* and devotion, spending a lot of time in prayer and doing a 40-day condition to lay the foundation for all of this to happen."

"I felt it was a significant shift in terms of the providence and being able to do this event at Belvedere," said FFWPU USA President, Rev. Naokimi Ushiroda. "With True Mother appointing leadership and a CheonBo branch, as well as Cheon Shim Won in America, this means that a new era of spiritual connection is coming to America."

Many participants felt inspired and uplifted throughout the program. For Holmes, an important takeaway came from Dr. Chung Sik Yong, Regional President, FFWPU North America. "He explained that we cannot keep [CheonBo] to ourselves," said Holmes. "This is a spiritual experience not just meant for Unificationists, but for all of our guests and throughout our New Life campaign."

Multiple clergy couples participated in ancestor liberation, too, offering their own donations. "This is an amazing advancement in the providence," said Holmes. "They are laying the groundwork for future clergy to complete CheonBo, which is True Mother's great wish."

Unificationist leaders said they are now exploring ways to further develop and enhance the CheonBo content so that it's easier for the audience to receive. "If we work together with the spirit world centering on the CheonBo event, we can really break through with our witnessing goals," said Dr. Yong. "This was a very beautiful event, and thanks to True Mother's love and grace, we were able to bless our ancestors up to 430 generations ... and share her love and care for our younger generation."
