Hello Everyone,

On Nov. 26 @ 7:00pm EDT, we have a special opportunity to **join the International S!nergy competition 2022 as a live audience**. Every year, there have been competitors addressing issues in the world, and presenting ideas to tackle it. This year's theme is centered on "Peace," in support of the peaceful Reunification of North and South Korea.

Kengo Kawa from CARP Los Angeles will be representing North America to present live in Korea! His presentation is on "**establishing a UN Park on the DMZ**," and this will be a great opportunity for us to show our support in unison.

We are searching for two-way participation from at least 20 youth (high school age and up), but preferably closer to 50 youth if not more. They were kind enough to hold the event at a decent waking hour for us: **Saturday, Nov. 26, 7:00 pm EST/ 4:00 pm PST**

Here is an intro video on the S!nergy: www.youtube.com/watch?v=TLcVnNbhHdQ
