

Clifton, NJ Family Church: URGENT - Take Precaution from COVID

Naokimi Ushiroda
December 3, 2022

Dear Brothers and Sisters,

Due to some members testing positive for COVID, we are strongly recommending to take precautions by wearing masks when attending Sunday Service tomorrow. We also suggest to please wash your hands and use hand sanitizer.

If you feel any of the COVID symptoms or even a slight cold or flu, we really suggest to stay home and take care of yourself. Consult with the CDC guidelines.

Thank you, and God Bless,

Clifton Family Church Staff
