You are invited to commemorate the 400th anniversary of the Pilgrims landing at Plymouth Rock, who, with faith in God and a dream, sacrificed to give this nation its original form.

Please join this live webinar on **Friday, December 18, 2020, at 8:00 PM PST**, where you will hear about the background, the journey, the sacrifice, and significantly the purpose of the Pilgrims coming to the New World. **Register at: 1620webinar.com**

This program is for people of faith, especially for ministers, to affirm the key role of faith in America. Likewise, it is for public officials to remind them how free men and women create civil government. Additionally, this webinar is for students to understand the true history of our nation; teachers will want to encourage their classes watch it.

Two renowned scholars, Lawrence Reed and Dr. Peter W. Wood, will be discussing the value of the Mayflower Compact, as a document just as important as the Declaration of Independence in American history. They will underscore how faith motivated the entire Mayflower enterprise. Former Lt. Governor of Alaska, Loren Leman, will moderate the discussion.

This webinar is sponsored by International Association of Academicians for Peace, a project of Universal Peace Federation. IAAP affirms the role of educators as contributors to the intellectual, moral and spiritual development of humanity, and who are essential in the building of a good society.

This will be an outstanding webinar highlighting the origin-story of our nation that took place exactly 400 years ago this month. We look forward to your attendance.
