The FIRE Movement: **Financial Independence Retire Early**

Series: Young Entrepreneurs Making a Difference

Tuesday, February 20, 2024 - 2-3 PM EST

The FIRE movement takes direct aim at the conventional retirement age of 65, and the industry that has grown up to encourage people to plan for it. By dedicating a majority of their income to savings, followers of the FIRE movement hope to be able to quit their jobs and live solely off small withdrawals from their portfolios decades before they reach age 65.

The Burns Family has taken on this mission and have been generous in sharing their methods, challenges and successes through regular updates on their website, [Famvestor.com](https://famvestor.com), podcasts, and YouTube videos. Their success is not focused only on taking care of their own 5 children, but also on supporting their community and helping others in need.
