Background

- That numbers have a metaphysical existence is not new and was accepted by the Pythagoreans of ancient Greece, who said that numbers were the first principle of all things.
- In the Bible we see that God is the first principle of all numbers
- The Bible emphasizes 40 on many occasions,
Jesus fasting in the desert, and 40 Day Resurrection
Noah - 40 day flood
Moses' 40-day fast
A separation period from **satan**

Background

- **The Future God** – by Brother Dagfinn Åslid 70s.

We do not drift through history with our backs to the future and our gaze returning ever and again to the origin, but we stride confidently towards the promised future.

It is not the primeval ancients who are near the truth and dwell nearer the gods, but it is to future generations that the promises are given in order that they may see the fulfilment.

Background

This quote from **Moltmann's Theology of Hope** is a good illustration of the Unification attitude towards the future; one might say that the future, rather than being an object of speculation and foretelling, is "that toward which we confidently stride."

But neither can it be said that the past is totally ignored, for without it we should be unable to act as hosts for the future and such is our eschatological task.

Background

Sung Han Lee: 1 of 4

“If the providential persons fulfil their portions of responsibility, through their own wisdom and effort, in accordance with God's will, the providence moves to a new stage.

If, however, those persons do not fulfil their portions of responsibility, the providence centered on them ends in failure and comes to be prolonged.

After a certain numerological period of time, a new person is called to carry out the same providence.”

Sung Han Lee : 2of4

“To establish the foundation of faith means that the people must meet a leader (central figure) chosen by God and must fulfil a certain conditional object, centering on that leader, during a specified numerological period of indemnity for faith.

Establishing the foundation of substance means that the people obediently follows the leader chosen by God.”

Sung Han Lee : 3of4

“In order to restore the four-position base, God first conducted a symbolic, conditional providence, the goal of which was to establish a period with a duration signified by the number four.

This is called the Law of the Restoration of the Number Four.

The restoration of the number four was a condition of indemnity to restore the family four- position base numerologically.

Sung Han Lee : 4of4

“The Law of Synchronous Providence is a law under which a providence conducted in a certain period in the past is repeated at a later period.

Such two providential periods, which are in the relationship of time-identity, display similar aspects in terms of central figures, main events, numerological time periods, etc.

THE MATHEMATICAL PERIOD OF INDEMNITY TO RESTORE THE FOUNDATION OF FAITH

In order for the central figure, who is to set up faith, to restore the foundation of faith, he must restore the mathematical period of indemnity for it.

Let us here study the reason for this.

Adam and Eve, who were in the period of immaturity, also continued their existence by establishing the four position foundation.

Adam and Eve, who were in the period of immaturity, also continued their existence by establishing the four position foundation.

Meanwhile, this four position foundation, with each position undergoing three stages of growth, producing the total number "12", would altogether fulfil 12 objective purposes.

Adam and Eve, who were in the period of immaturity, also continued their existence by establishing the four position foundation.

Meanwhile, this four position foundation, with each position undergoing three stages of growth, producing the total number "12", would altogether fulfil 12 objective purposes.

Accordingly, the period of growth, which was the period for Adam's establishing the foundation of faith, was truly the period for the completion of the number "12".

- 120-year period of Noah's building the ark
- 120-year restoration of Canaan,
- 120 years from Abraham to Jakob
- 120 years of the United Kingdom
- 120 years of the Christian Kingdom

- A & E were supposed to complete the four position foundation, (but failed - Fell).
- The central figure to restore this through indemnity, cannot establish the foundation of substance to restore the substantial being having perfected the number "4", unless he can restore through indemnity the foundation of faith by setting up the indemnity period to restore the number "4".

- 40-day judgment concerning Noah's ark
- Moses' 40-day fast
- 40-day period of spying in Canaan
- 40-day fast and 40-day resurrection of Jesus

were all periods of indemnity for the restoration of the number "4", to restore the foundation of faith.

The period of growth is also the period for
the perfection of the number "21"
the perfection of the number "40"

Without bringing 12, 72, and finally 84 people,
there is no way for you to indemnify Jesus' mission.

Those 84 followers would have formed Jesus' clan.

If Jesus had had 12 disciples, the 72 elders would
have united to support him,
surrounding and protecting him,
and then he never would have been killed.

The only way to indemnify that is through home church.

You must have 84 people as your individual foundation.

In the family unit, you can do anything through home church.

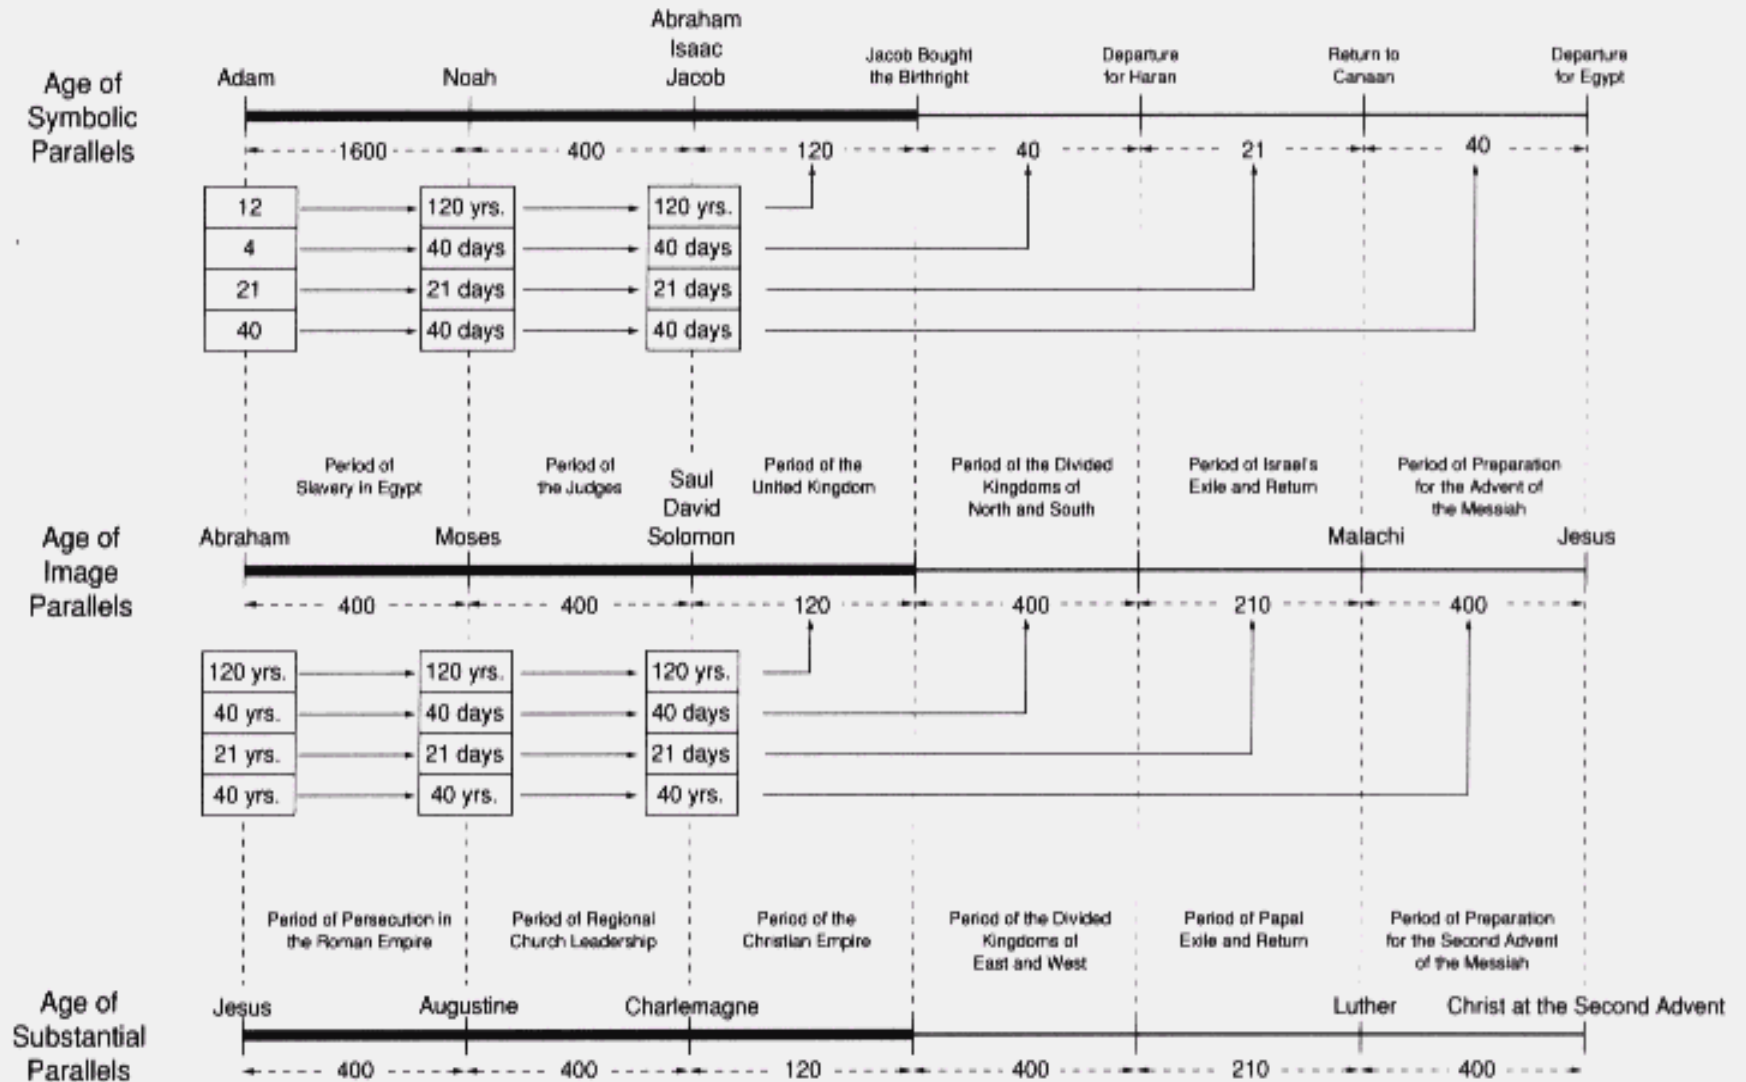

You could even work up as far as the number 120, the number of followers Jesus gathered after his resurrection.

This number can represent all the nations, as well as all angles in every direction ($3 \times 120 = 360^\circ$).

Here in the world, all the numbers from one to ten and 12 to 21 are crucial numbers which are all contained in the number 120.

So 120 is a must for every person.

How we can lay the foundation for the Messiah

•Therefore in order to establish the indemnity conditions for the foundation for the Messiah, we must first establish the foundation of faith, and on this foundation, we need to establish the foundation of substance.

•In order to restore the foundation of faith, first there must be a central figure; second, the condition must be offered; and third, a numerical period of indemnity must be completed.

•In order to lay the foundation of substance, we must make the indemnity condition to remove the fallen nature.

2. Dominate Satan = Restore 4 fallen natures

All created beings in this world exist in pairs
Based on the ideal of reciprocity.

That is why the number two is so necessary,

Then husband and wife has to become one,

And then the spirit world and the physical have to

Divine Principle

4.2 The Trinity

Originally, God's purpose for creating Adam and Eve was to form a trinity by raising them to be the True Parents of humankind united in harmonious oneness as husband and wife centered on God in a four position foundation

Divine Principle

5.2.1 The Three Ordered Stages of the Growing Period

The universe unfolds and manifests God's original internal nature and original external form based on mathematical principles.

Hence, we can infer that one aspect of God's nature is mathematical.

God is the one absolute reality in whom the dual characteristics interact in harmony; therefore, He is a Being of the number three.

All created beings, having been conceived in the likeness of God, manifest their existence, movement and growth through a course of three stages.

Divine Principle

5.2.1 The Three Ordered Stages of the Growing Period

It is like what is needed for something to stand firm: it must be supported by at least three points.

Accordingly, everything reaches perfection by passing through three ordered stages of growth: the *formation stage*, the *growth stage* and the *completion stage*.

You must restore the three archangels and the eight family members who stood before Adam.

By establishing three central children, that is, three spiritual children, when they marry this makes a total of eight family members.

You must go before Heaven, bringing these three archangels. That is why I first designated three sons and three daughters, the first three of the 36 Couples, and betrothed them before holding my own Holy Wedding.

This was all done according to the Principle...
(126-49, 1983.4.10)

There were 10 generations from Adam to Noah, and 10 generations from Noah to Abraham, plus Isaac and Jacob making the 10 number the same as the 12 number, the symbol of perfection.

The number 12 is derived from the multiple of 3 - the Heavenly Number times 4 - the Earth Number), $3 \times 4 = 12$; therefore,

12 is the symbol of a complete number.

*Family doesn't mean just a couple.
You must also have children.
In other words, children in faith.*

*You must lead at least three sons to God who will be
your children in faith.*

You must take your children with you to enter heaven.

*This is three persons each year, or 120 persons in 40 years.
If you can't take 120 people with you, take at least three people.*

1-1-1 motto "If we cannot achieve 1-1-1, can we still say that we will bear the historical responsibility? Think deeply about this. If you had as intense a sense of responsibility and emergency as I do then you would witness even 1-1-10

- 3 = 3-stage action number
- Formation, Growth, Completion

God is a being of the number "three", and all things created in His image and likeness present themselves through courses in the number three, either in their aspect of existence, their movement, or their process of growth.

- 3 = 3-stage action number
- Formation, Growth, Completion

*Therefore, to fulfill the purpose of creation by establishing the four position foundation and performing circular movement, they **must pass three points**, by fulfilling the **three objective purposes** according to the **three-stage action of origin, division and union**.*

- 3 = 3-stage action number
- Formation, Growth, Completion

Meanwhile the providence of restoring the purpose of creation is that of recreation through the Word, so it may be prolonged to as many as three stages in the prolongation of the providence of restoration, according to the principle of creation. /DP 73

Adam had three sons with whom God operated his dispensation of restoration; Noah had three sons; and so did Jesus. He had three disciples whom he took with him always. Abraham, Isaac, and Jacob - three generations - fulfilled God's will. Adam, Jesus and the Lord of the Second Advent fulfilled God's will. All these have the same significance.

Because of this principle, we too must have three sons.

You know, too, that the number four is very significant in the history of restoration because it represents the heavenly four positions, which have been lost and must be restored.

Therefore, throughout history the number four recurs again and again:

- ④ Fundamental foundation for goodness
- ⑤ Fundamental foundation for all forces
- ⑥ Fundamental foundation of 3 stages
- ⑦ ⑦ Fundamental foundation for the numbers 4, 3,12

People who have suffered for 40 years can find their place. You have to go beyond the hill of 40. If young people cannot find a place in society by the time they are 40, then they will become wanderers.

Why Moses and the Israelites Could Not Overcome Misfortunes

The path Moses walked was the same. Moses had the mission to restore, through indemnity, the 400 years since Abraham on the level of the people.

The 40 years of his life in the palace of the Pharaoh when he was preparing to serve the will of God was a period of misfortune. The 40 years of his life in the Midian wilderness, when he was carrying out the will, was a period of misfortune. The 40 years of the wilderness course, when he went toward the land of Canaan guiding the 600,000 people, was also a period of unspeakable misfortune.

- ② Object for the Condition = Ark (Symbolizing new cosmos)

Meaning of Number 40

The number 40 became characteristic of dispensations for the Separation of Satan, which are necessary for restoring the Foundation of Faith, in the following courses of the Providence of Restoration through Indemnity. Ex.) Noah's 40-day flood, 400 years from Noah to Abraham, the Israelites' 400 years of slavery in Egypt, Moses' 40-day fast, 40 days of spying in Canaan, Israelites' 40 years of wandering in the wilderness, 40-year reigns of King Saul, King David and King Solomon, Elijah's 40-day fast, 40-day period of Jesus' resurrection.

Human beings, both men and women alike, have five sensory organs. Among the five sensory organs, four can be found in our head. Our eyes, nose, mouth, ears, and hands make up the five sensory organs. The most important ones can be found on our head. The four sensory organs on our head symbolize the spirit world centered on God. It is a world separate from the body. The head can freely move about. The reason it moves about is to see, hear, smell, and speak in all four directions.

Five waves are basic to a completed social movement

Taking the human body, for example, there are five extensions from the torso – head, two legs, two arms; five extension form head – two ears, two eyes, the nose; five extensions in the form of fingers, from each arms, and in the form of toes, from each leg; five physical senses – taste, smell, sight, touch, hearing; and so the story might be repeated elsewhere.

The seven-year course that started this very day in 1954 was the age for all the established churches and social organizations, and even the nation, to attack one person: Reverend Moon. Even the babies attacked me!

What kind of period was this seven-year course? I had to devote myself completely to the heavenly will as a very lonely individual. Everybody was trying to capture me and kill me. Wherever I traveled in the nation, north or south, I walked this kind of path. When I held the Holy Wedding in 1960, I was being investigated by the court. Just as Jesus' 12 disciples deserted him, with Judas even betraying him, members leaving the Unification Church conspired with our opponents and appealed to the court to stop our church. I conducted the Blessing during this time of judicial investigation. Nobody knows that fact.

If I had not prayed for pres. Reagan, giving my support from behind the scenes, he might have already died. In any normal circumstance, he would not have survived the assassination Attempt (1981).

No American president had previously recovered from a gunshot wound. A 70-year-old president received a bullet wound seven centimeters deep on his 70th day in office.

Everything revolved around the number seven.

We can see it as formation, growth and completion.

Everything fits into the principle- 40th president, 444 days until the liberation of the American hostages in Iran-all are principled numbers. People have not realized it, but God has planned everything with certain mathematical conditions, and we are going over this historical turning point based on such conditions. Now the American president has to listen to me. /SMM

Since married life in the satanic world is not recognized by God, husband and wife must go their own ways as sister and brother.

God has been working for 6000 years, and now His providence is entering the 7000th year.

Therefore, in principle they must be separated for seven years. Then they will find spiritual children and will be able to reunite. In principle, man should not marry after the fall.

The number 7 is symbolic.

Married couples must abstain from the marriage relationship at least seven months.

There are those in Korea who have been abstaining for over seven years.

Live as sister and brother.

Those whom God loves just can't continue their married life, God strikes their bodies and they can't continue.

If the wife only follows the Principle, great conflict arises in the family.

The same if only the husband follows.

So our church has been accused of destroying families.

This is not true.

We are uniting them.

Three Seven-year Courses (1960-81)

Overview of the providence of the Lord of the Second Advent

Everyone, no matter who, has to go this seven-year course.
Proud and distinguished people or ugly and unfortunate
people, no matter who they are, have to go this course.

Anyone of fallen descent has to go this course no matter
who he or she is, or else they will never enter the
Kingdom of Heaven.

It is not recorded in history, but even Jesus departed to do his mission during the seven years from when he was 27 to when he was 33.

From then to the time when he turned 40 would have been his second seven-year course, or if Jesus had started from his 20s, that would be his third seven-year course.

By doing this, Jesus was supposed to have prepared a worldwide foundation by the time he reached 40,
but **he died because the nation did not support him.**

Thus, that remains in the Bible as the seven-year great misfortune.

8. God foundation

Eight horizontal and eight vertical stages of Restoration – Recreation - Perfection

The Principle of the Unification Church is a fundamental path, but we cannot just follow the path of the Principle doing nothing. It is the path of destiny on which we must pass through eight stages.

These eight stages are those of the individual, family, tribe, people, nation, world, heaven and earth, and God.

The number eight is the number for starting anew. After we achieve that there will not be another new start.

/SMM1985.12.15

You must bear in mind that only those who carry out the restoration of the right of the eldest son, the right of parents and the right of king are relatives.

Then, the world will be united naturally even without me. I have now blessed more than 24,000 couples.

The number 24 is 3 multiplied by 8.

I have restored the number eight centering on the three ages of formation, growth and completion.

In this way I completed the establishment of the rights of tribal messiahs on the world level.

Now, even if I am not here, if you work day and night following God's will to save your country, this world will come to one place.

I find the figure 8 really interesting. When we write it we use both clockwise and counter-clockwise movements.

The number 8 is the number of a new beginning, but it is always drawn in opposite directions. That is how the course of restoration, the way of Principle, the way of recreation, operates. A paradoxical course is in the end the most reasonable. You have to understand this very well.

Therefore, my life does not follow the normal, reasonable way. It began as a figure 8 on an individual level. My wife went through the course of a figure 8, and my sons and daughters followed the same course on the family Level.

Eight as basis in Nature

Chemistry:

The **octet rule** is a chemical rule of thumb that reflects observation that atoms of main-group elements tend to combine in such a way that each atom has eight electrons in its valence shell, giving it the same electronic configuration as a noble gas.

The quantum theory of the atom explains the eight electrons as a closed shell with an s^2p^6 electron configuration. A closed-shell configuration is one in which low-lying energy levels are full and higher energy levels are empty.

Eight as basis in Harmony

In music, an **octave** (Latin: *octavus*: eighth) or **perfect octave** is the interval between one musical pitch and another with half or double its frequency.

"Twinkle Twinkle Little Star" melody doubled in four octaves: consonant and equivalent.

You know through the Divine Principle that the number nine is the number of perfection and also represents the end of the satanic world.

When you add one to nine you get ten, which represents the number of heaven and means returning to God. /SMM 4 Oct 1976

We know that all these things which have been realized due to the false parents are related to the number nine, and from the number one up to the number ten,

up until the number nine, due to the dominion of heaven, centered on the authority of one tenth of the tribes of the Old Testament, God has been carrying out the history of the providence in order to liquidate **the number 9, the number of Satan.**

Comment (Curiosa): The curse of the ninth is connected with the history of classical music. In essence, it is the belief that a "ninth symphony" is destined to be a composer's last; i.e. that he or she will be "fated" to die after writing it, or before completing a "tenth".

To those who give credence to the notion, a composer who produces a ninth symphony has reached a decisive landmark -- and to then embark on a tenth is a challenge to "fate".

Nine minutes and 9 seconds after 9 o'clock on September 9, 1999, True Father being 79 years old, was the moment when the number 9 appeared 9 times.

About 5000 members gathered in Su Taek Ri Training Center to hear True Parents make the "Declaration of the Ceremony for the Liberation of the Cosmic Unity of the Parents of Heaven and Earth."

The cosmic True Parents restored the number 9 which had been lost, cut off the history of Satan, and declared that the final victorious era had come.

At that moment Satan surrendered to God.

Satan could no longer cross the boundary into the realm on God's side.

Because everything which arose from the false parents comes under the number nine, the numbers one to nine are loathed by Heaven.

You persevered in providential history to clear up Satan's number, the number nine, through the practice of tithing, in the Old Testament Age.

The declaration of the Realm of the Cosmic Sabbath for the Parents of Heaven and Earth was made two years ago, centering on Chil Pal Jeol.

Now that we are in the third year since the declaration, we cannot cross over to the year 2000 without first clearing away the number nine which is blocking everything in the satanic world

On this day,
September 9, 1999, at 9 minutes and 9 seconds past 9 o'clock, in the True Parents' seventy-ninth year, I have made a clear pathway so that everything can now be liberated which has been bound by Satan through the Fall, both in hell and heaven, on earth and in the spirit world, which tied the spiritual and physical worlds to the realm of the number nine, Satan's number of perfection, and which has been confounding heaven and earth.

Tithing!

$1/10 + 9/10 = 100\%$ for God!

"Tithing is a basic duty of the chosen children. When you offer the portion of the number one, that is, the number of God, you set up the condition of having offered the portion of the number nine.

The reason is that the number nine (3 x 3) has been governed by Satan so far.

On the earth where Satan is the master under his dominion, if the number nine is returned and connected to God, He can restore the number 10, through which God can claim His dominion over everything including the number nine from the realm of Satan. That is why the term tithe came into being. /SMM

Live for Others

Religion teaches us to live for the sake of others, to be absolutely obedient, to sacrifice and to serve.

The secular world does not have such teaching. This teaching may seem to be something practiced by groups of beggars who know nothing of this world.

Yet, this was God's secret strategy **against Satan** so that people could receive good fortune, even though they were unaware of the heavenly law.

/SMM 1971.7.18

The number ten is the number of unity with God.

The course of growth to maturity requires a period to fulfill the number ten, through which Adam and Eve were to become the perfect embodiments of the number ten. When **this number** was defiled by Satan due to their Fall...

...God sought a central figure in order to restore this number and begin His work to unite the people with Himself by restoring them as perfect embodiments of the quality of the number ten.

For this purpose, God would require the central figure to complete an indemnity period to restore the number ten. This is why God called Noah ten generations after Adam.

The Era before the Coming of Heaven has passed, and the Era after the Coming of Heaven is approaching.

Therefore, we need to recover not only the Day of the Victory of the Number Ten Combining Two Halves (Ssang Hab Shib Seung II), but also the year of victory.

Satan willfully took possession of not only the day but also the year, and controlled them.

NUMBER TEN In the mystical hebrew tradition of the Kabbalah, the so called Sefirotic tree (below) – the Tree of Life – represents the psychological structure of the total personality.

With 10, the returning number, we must settle everything.
The numbers 1,2,3,4,5,6,7,8 and 9 did not belong to God.

Now, as we go beyond that age, we rise one level higher
to start with the number 10, which is the returning number.

The significance of 10 is that we have surpassed Satan's
world and can enter God's new world.

It makes a crossing point.

That is how, by setting up Ssang Hab Shib Seung Il,
I could proclaim the Era After the Coming of Heaven.

Background:

Adam and Eve in their immaturity had to each form a four position foundation for their existence. Each position in the four position foundation is to pass through the three stages of the growing period, making a total of twelve.

The conditions which accumulate in the course of providential history due to central figures' failures to complete their responsibility are called *vertical indemnity conditions.*

The task of the central figure to fulfill all these conditions in a short time is called *horizontal restoration through indemnity.*

There were 10 generations from Adam to Noah, and 10 generations from Noah to Abraham, plus Isaac and Jacob making the 10 number the same as the 12 number, the symbol of perfection.

The number 12 is derived from the multiple of 3 - the Heavenly Number times 4 - the Earth Number), $3 \times 4 = 12$; therefore,

12 is the symbol of a complete number.

Jacob, in his course, had to fulfill in a short time a condition to horizontally restore through indemnity the vertical indemnity conditions accumulated through the twelve generations since Noah.

For this purpose, he was given twelve sons from whom descended the twelve tribes of Israel.

Jesus employed this method to restore horizontally through indemnity all the accumulated vertical indemnity conditions left unfulfilled by the forefathers, prophets and kings who had led the providence during the four thousand years of biblical history until his time.

For instance, **Jesus** chose twelve disciples and seventy followers in order to restore in a short time the vertical indemnity conditions which had accumulated from Jacob's course, in which God had worked with Jacob's twelve sons and seventy kinsmen, and from Moses' course, in which God had worked with the twelve tribes of Israel and seventy elders.

/DP 96

From a providential point of view,
the first group of twelve among the 36 Couples
(12+12+12)
is in the position of the restored Adam's family.

As Adam's family, including Cain and Abel up
to Noah, makes up the number twelve,
twelve couples had to be appointed in order
to indemnify it.

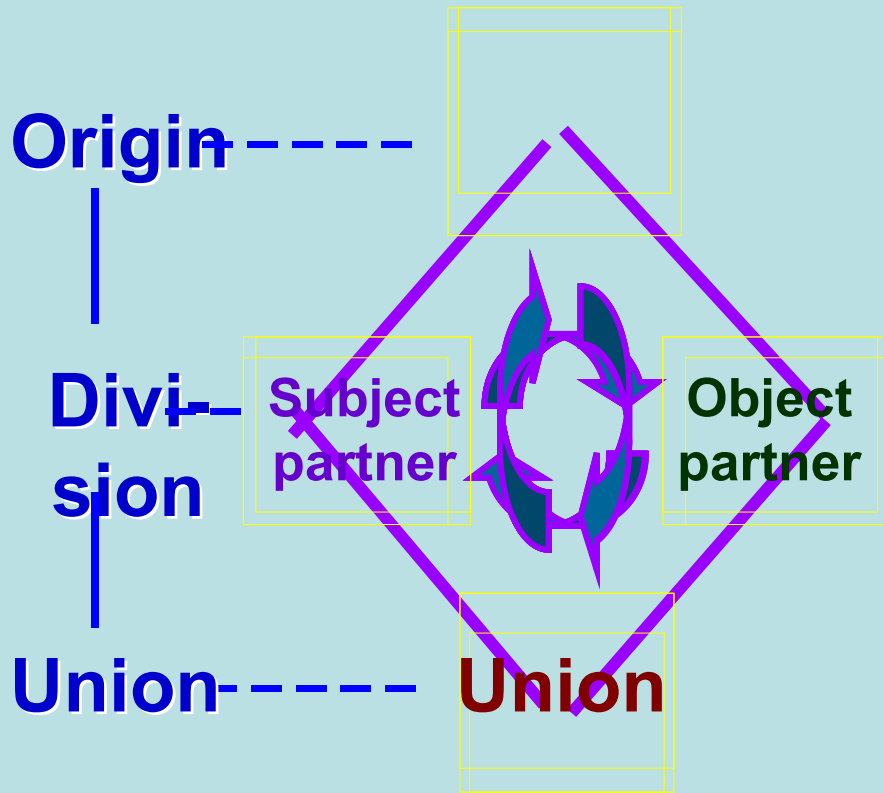

The second dozen signify the restoration of the period from Noah to Abraham, symbolizing the generations extended to twelve to include Isaac and Jacob, who had to indemnify Satan's invasion of Abraham's family.

Through his twelve sons, Jacob horizontally restored through indemnity, for the first time in history, this providence that had unfolded vertically.

That is symbolized by the third group of twelve couples among the 36. The 36 Couples, who have been called on the basis of the victorious individual level foundation achieved by Jacob, symbolize the Old, New, and Completed Testament Ages.

in order to **restore through indemnity** in his

the twelve generations from Noah to Jacob,
which had been lost to Satan.

In Moses' day, there were the twelve tribes^(Exod. 24:4)
and Jesus had twelve disciples^(Matt. 10:1)
for similar reasons.

The "**12**" number, symbol of completeness, perfection.

12 generations from Noah to Abraham

(10 + Isaac and Jacob = 12)

12 sons (Jacob's) and all his family - 70 souls, entered Egypt.

12 tribes chose 70 souls as elders under Moses.

12 judges ruled for God.

Jesus chose 12 disciples, sent 70-souls out to preach and heal.

12 pearly gates were set up by which we enter the Kingdom;

12 wells of water, 70 palm trees (Ex. 15:27)

"For God did not-give us a spirit of timidity but a spirit of power and love and self-control. (II Tim. 1 :7)

"Behold, I send you out as sheep in the midst of wolves ;
so be wise as serpents and innocent as doves."
(Matt. 10 :16)

"It had a great, high wall, with twelve gates, and at the gates twelve angels", and on the gates the names of the twelve tribes of the sons of Israel were inscribed; on the east three gates, on the north three gates, on the south three gates, and on the west three gates. And the wall of the city had twelve foundations, and on them the twelve names of the twelve apostles of the Lamb. " (Rev. 21:12-14)

The verses which have been cited give us some idea of the twelve gates of heaven.

As we see from our emblem, there are four main gates (Faith, Love, Power, Wisdom) pointing toward each geographical direction: north, south, east and west; each then being divided into three subdivisions.

These twelve gates are symbolic of twelve different personality types.

By following the **Divine Principle**, we are trying to develop ourselves to the point where we can communicate with individuals who shall enter by a different gate from ourselves. Thus, we are striving to develop a rounded personality.

To each of us, God the Father manifests Himself in different ways . To some, He may appear as Absolute Truth. To others, the source of inexhaustible love. As we know, however, in actuality He is a perfect combination of the major and minor aspects of all twelve Gates; therefore, we must make certain that we can perceive of Him in these terms.

Because we ourselves have a dominant trait, we sometimes tend to perceive of the Father in terms of one trait. But if we are to be in His image all our traits. or gates must be developed within us.

- 12 Human Characters
- 12 Pearly Gates

The overall purpose of achieving symmetry within ourselves and in relation to others is that, by so doing, we develop unity.

By tying together all our twelve basic characteristics,
and by strengthening them, we unify our own minds
and personality.

We give order to our own being. If we, then, have unified and orderly minds, we create an atmosphere of unification and influence others to become more stabilized within themselves.

From such a strong foundation,
the unification of our homes begins,
which spreads to our neighborhood, city, country,
and finally **the world.**

Finally, with the death of Soviet Premier Leonid Brezhnev in 1982, the Soviet Union began to cultivate a new more gentle and conciliatory identity.

After seventy years of astounding growth and ubiquitous havoc, the Soviet dream had indeed been “altogether ruined.” Rev. Moon’s 1972 prognosis that in 1978 communism would reach its high point and that in 1988 communism would be “altogether ruined” proved to be astonishingly accurate.

Three Seven-year Courses (1960-81)

Overview of the providence of the Lord of the Second Advent

Everyone, no matter who, has to go this seven-year course.
Proud and distinguished people or ugly and unfortunate
people, no matter who they are, have to go this course.

Anyone of fallen descent has to go this course no matter
who he or she is, or else they will never enter the
Kingdom of Heaven.

It is not recorded in history, but even Jesus departed to do his mission during the seven years from when he was 27 to when he was 33.

From then to the time when he turned 40 would have been his second seven-year course, or if Jesus had started from his 20s, that would be his third seven-year course.

By doing this, Jesus was supposed to have prepared a worldwide foundation by the time he reached 40, but he died because the nation did not support him.

Thus, that remains in the Bible as **the seven-year great misfortune.**

Church – Level Blessing

When you think about this, you must come to the realization that the place you are standing on right now is the place where Noah was building the ark, where Abraham was offering the sacrifice, and where Jacob was raising the sheep for 21 years.

It is where Moses exerted himself for 120 years and offered 40 days of fasting and prayer.

$$7 \times 3 = 21$$

- 7 = creation & indemnity number
- God created in 7 days.

The following are examples of the indemnity period of the number "21", which the central figures for the foundation of faith set up.

During the period of the flood in Noah's day, God had Noah send out the doves three times in order to foreshadow His providence of three stages. By making the time spaces 7 days each, the whole period seen from the will became 21 days (Gen. 7:4, 8:10, 8:12).

$$7 \times 3 = 21$$

- 7 = creation & indemnity number
- God created in 7 days.

When Jacob set up the providential period of going into Haran and again returning to Canaan, in order to set up the course of the restoration of Canaan on the family level, he needed also 21 years, that is, three times seven years.

Further, for the period of restoring through indemnity Jacob's 21 years, the period of the Israelites' captivity in Babylon and their return encompassed 210 years.

The period of the popes' captivity and return also took 210 years.

God continues to be the spiritual foundation of all the relationships among the eight persons in this original nuclear family. Grandparents – Parents – Older Children – Younger Children. If we then explicitly recognize God as the ninth person at the center of this original family unit, we arrive at the very interesting and provocative notion that the fullest expression of God's love is embodied in 72 archetypal heart relationships (9 persons x 8 relationships for each person) inherent in the original nuclear family. Again, while each of these 72 familial heart relationships represents an authentic and unique form of God's love, all of them together represent the wholeness of God's love.

The number 72 apparently has deep spiritual significance as it appears in both the New Testament and in esoteric Hebrew scriptures.

For instance, Luke 10:1 says:

“After these things the Lord appointed seventy others, and sent them two by two before His face into every city”

3. The 120 Year Period of the United Kingdom

This period is to make indemnity and restore the 40 years in the wilderness. King Saul's reign was supposed to follow the will of God, and thereby make indemnity and restore the 40 years the Israel people spent in the wilderness.

Because of Saul's disobedience (I Samuel 15:11), 120 years were necessary to make indemnity: 40 years under King Saul, 40 years under King David, and 40 years under King Solomon.

This period also is the symbolic synchronization of the 120 years from Abraham to Jacob in the Period of the Foundation of the Restoration Providence.

210

5 & 6. The Jewish Exile of 70 Years and Returning Period of 140 Years

The 210 years, 70 plus 140, was to make indemnity and restore the 120 years of the United Kingdom. Also, this period is the symbolic synchronization of the 21 years which were spent by Jacob in Laban's house, where Jacob married Laban's two daughters; 7 years work plus 14 years work to gain two wives and all things in livestock and goods.

The number 360 is a principled number and contains within it all the numbers of numerical significance.

The number 360 is an expansion of the number 36, so they have the same meaning.

The number 36 is 12 added together 3 times, and 12 is the result of multiplying 4 and 3 together.

Therefore, the number 360 includes the numerically significant numbers 3, 4, 12, 36, 120, and 360.

The Old Testament, New Testament, and Completed Testament are each represented by the number 12, so the number 36 represents the entire history.

The number 360 includes the concept of three dimensions. It signifies the four directions of north, south, east and west, and includes the concept of three dimensions centring on 360 degrees.

It contains the four seasons of spring, summer, fall, and winter, and includes the 12 months of the year. It even includes the 120 nations.

Therefore, the restoration of the number 360, does not just represent the restoration of the world, it also refers to the completion of the historical course of restitution.

Most importantly, it signifies finding and setting up the entire history and creation God lost.

The second period is that of the judges in the next 400 years. Judges were raised up by God to guide and rule His people; this period extends from the death of Joshua until the time of Saul, the first King.

Again we see the use of the number "3" in the three types of judges: warrior (Gideon and Samson); priestly (Eli); prophet (Samuel). The judges combined three missions; that of high priest, prophet and King (the mission of king appeared in the next period).

This period was to make indemnity and restore the 400-year period of the judges and symbolizes the synchronization of the 40-year period spent by Jacob after restoration of the birthright from Esau in the Period of the Foundation for the Restoration Providence.

7. The Period of Preparation for the Messiah's Coming (400 years)

This period is to make indemnity and restore the 1600 years from Abraham to Malachi in the Period of the Foundation of the Restoration Providence. Also, this period is the symbolic synchronization of the 40 years between the time Jacob left Haran and arrived in Egypt.

7. The Period of Preparation for the Messiah's Coming (400 years)

Since this was the period of preparation for the Messiah's coming, the prophet, Malachi, was sent to foretell the Israel people of the coming Messiah, and emphasize that they should fulfill, the "Ideal of the Temple", by eliminating Satan and receiving the Messiah.

Bible References: What is the meaning of **666**!

“Here is wisdom. Let him that hath understanding count the number of the beast: for it is the number of a man; and his number [is] Six hundred threescore [and] six”.
(Revelation 13:18).

God created the human being on the 6th day. But he/she fell during the three growth stages (formation, growth and perfection), and could not fulfil her/his responsibility to be perfect.

Bible References: What is the meaning of **666**!

If human being had not fallen but had become perfect, he/she would have rested on the 7th day, along with God.

Each growth stage takes 7 days.

So when the three stages of formation, growth and perfection are completed, the number 777 is perfected.

Bible References: What is the meaning of 666!

Man fell on the sixth day. That's why everything created between day one and day six, came under the rule of satan (6 days x 3 steps)

That's why the number 666 became the number of satan, it became the number of the beast.

Bible References: What is the meaning of 666!

The central persons in restoration must restore the number 777.

Example Noah sent the dove out three times during 21 days.

7 days after the first dove came back he sent out another. And after another 7 days the dove came back and he sent out the third.

Bible References: What is the meaning of 666!

Jacob was also forced to go through 21 years, 3 7-year periods of drudgeri in Haran.

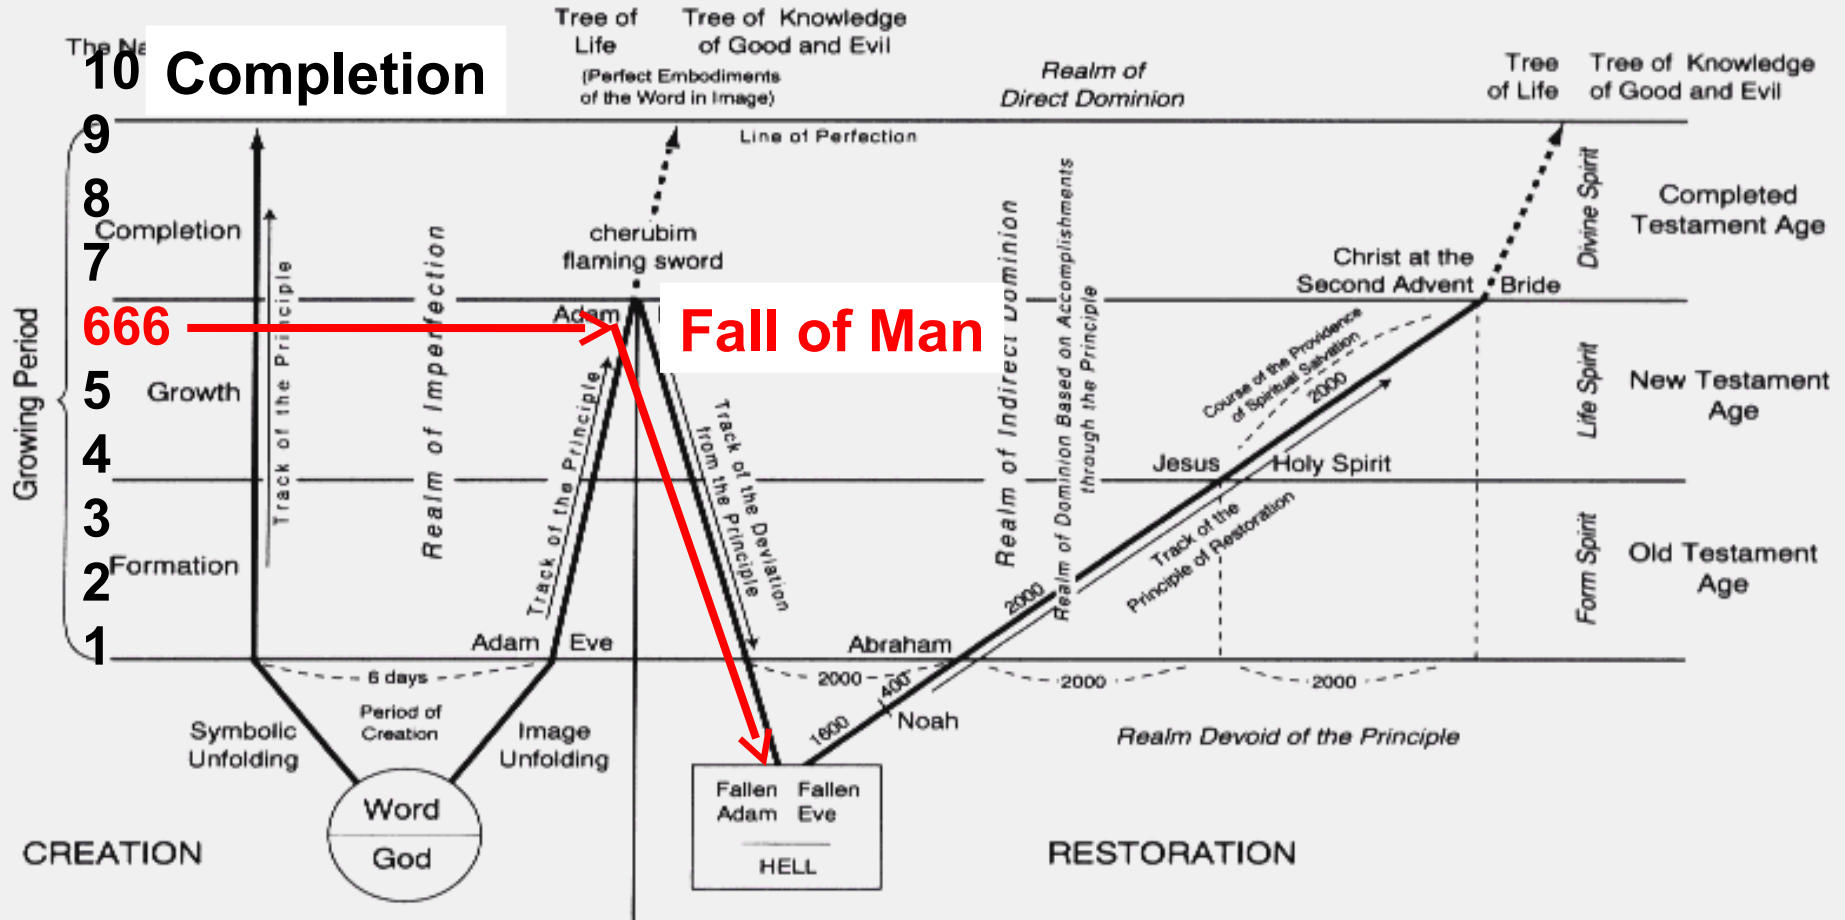

The Jews were 210 years as salves in Babylon, and the pope was forced to move from Rome to Avignon during 210 years.

Unification Church marriage of 777 couples in 1970 also had a historical significance.

Chart 1: The Unfolding Manifestation of God's Word in the Creation of the Universe and the Providence of Restoration

The Garden of Eden Where God's Word (the Ideal of Creation) is Realized Perfectly

The World Where Restoration is Complete

Our family transcends national boundaries.

When I married 1,800 couples people were astounded.

Why did I choose 1,800 couples?

Six multiplied by three is 18.

Six is the satanic number, and there are three stages of satanic number, that means the end of the satanic world.

If Jesus had married and erected his family within the scope of his nation, and had his disciples marry girls of other nations, thus setting up the foundation on the world-wide level, then he could have laid the foundation in his lifetime for world salvation.

That would have been the method for Jesus to establish the Kingdom of God on Earth.

“There is no death anymore, and if I were to suddenly die I would continue to work in the same way in the spirit world.

After my death millions of people in the spirit world and here on earth will testify to my deeds, and to what I have done in history.

This may not come in my own lifetime, but in eternity I know that my deeds will shine."

Theological Meaning of date, time and age of True Father's Passing

/120914 by Tongil Group Newsletter

- The DP specifies the number 12 as significant for Adam to reach perfection
- Each of the four positions must pass through the three stages of the growing period, making a total of twelve
- Each of the four positions must accomplish the “three object purpose by taking three object partners” which makes a total of twelve object partners

- Central significance for both the Principle of Creation and the Principle of Restoration is the number 10 as it represents unity with God attained by passing through the nine levels of the Indirect Dominion and reaching the 10th level of the Direct Dominion.
- The number 144 derived from the Biblical reference to the 144,000 who comprise the "first resurrection."
- Christ at the Second Advent must restore through indemnity in his lifetime, both spiritually and physically, the long providential course since the First Coming of Christ. To accomplish this, he must find a required number of believers, corresponding to the number 144 the multiple of 12 x 12.

- DP also explains the significance of the numbers 7 and 21 which is important to comprehend the significance of the Heavenly Calendar date of True Father's Passing

Part II. The Correspondence Between The Providential Numbers and the Time of True Father's Passing:

- The date of True Father's Passing is September 3, 2012 or 9/3/12.
- The sum of 9 plus 3 is 12.
- the sum of the month and day (9/3), 12 and the year (12) when multiplied by each other (12X12) yield the total of 144

Part II. The Correspondence Between The Providential Numbers and the Time of True Father's Passing:

- True Father passed on 3.7.17 according to the Heavenly Calendar and also fulfilled the numbers 21 and 7 as well as 12.
- The sum of the day and month (7/17) adds to 24 or 2×12 . Multiplying Cheon-gi year 3 to the month 7 yields the total of 21.
As elaborated above, the Divine Principle understands 7 as the number representing the perfection attained when one achieves the 4 position foundation by passing through the three stages of growth.

Part II. The Correspondence Between The Providential Numbers and the Time of True Father's Passing:

- Further, the number 21 represents the 7 year period for each of the Three Stages of Growth.
- True Father passed in the morning at 1:54.
The sum of those three numbers (1+5+4) is 10.
As was previously explained, the number 10 signifies unity with God that is achieved on the basis of proceeding through the 9 levels of growth of the Indirect Dominion and entering the 10th level of the Direct Dominion.

Part II. The Correspondence Between The Providential Numbers and the Time of True Father's Passing:

- Thus when we look at the day, month, year as well as hour and minute of our True Father's Passing we come to realize that they proclaim the victory of True Father's mission on the earth after having achieved oneness with God, the four Position Foundation and the requisite number of believers.
- We can appreciate that 1:54am on 3.7.17 (9/3/12) was the appointed time by God for True Father's Passing so that True Father may carry on his victorious earthly mission in the Spirit World.

III: The meaning of the Number of days that Abonim Passed Before Foundation Day:

- The first human ancestors had to pass through a course of growth that fulfilled the number forty which is the multiple of 10 and 4 (derived from the 10 levels including Direct Dominion and the number 4 of the four position foundation)
- each central figure must restore the number forty:
“Each position of the four position foundation should fulfill the indemnity period to restore the number forty, yielding an indemnity period to restore the number 160.

III: The meaning of the Number of days that Abonim Passed Before Foundation Day:

- True Father passed 172 days before Foundation Day; the number 172 is comprised of $160+12$.
The number 12 symbolizes that True Father has achieved perfection and established successfully the 4 position foundation passing through the three stages of growth and attained oneness with God.
- The 160 is the indemnity course that “fallen people were to fulfill.”

III: The meaning of the Number of days that Abonim Passed Before Foundation Day:

- Conclusion:
True Father from the Spirit World and True Mother on the earth will cooperate to guide us to fulfill the condition to restore the indemnity period of 160.

True Father in the Spirit World and True Mother will fulfill the Foundation Day Holy Wedding of True Parents of Heaven, Earth and Humankind and dispense this final Re-Blessing to all Blessed families on the same day!

From BBC reporter *Cynthia Long*
focuses on the number 33
in connection to the rescue “saving” of the 33 Chilean miners! 2010

*Unfoldment of the new humanity,
as we head for 2012 and beyond*

Written by BBC Administrator on September 6, 2010

The 33 Chilean miners trapped under thousands of pounds of rock seem to be very calm and quite organized even though the predicted rescue date for them is Dec 2010, four months from now!

Unfoldment of the new humanity, as we head for 2012 and beyond

It has been stated, roles were handed to these 33 men, which could be a positive aspect, to keep them sane.

A priest, doctor, television presenter, foreman and poet to name a few.

The priest, Mario Gomez, 62, is the eldest of the group. He created a small chapel in a corner of the cave they occupy.

*Unfoldment of the new humanity,
as we head for 2012 and beyond*

*The latest news in, on Sept 3rd, the Vatican sent 33
rosaries and bibles blessed by Pope Benedict.
Part of the men's daily ritual, praying.*

*Praying has proven to always gets one through their
darkest hours.*

*(Sept 3rd? I was curious and added 9-3-2010 and was
amazed it added to 6!)*

Unfoldment of the new humanity, as we head for 2012 and beyond

*The dark cave is very symbolic.
(Does this represent humanity– still in the dark?)*

33 is a mystical and ancient symbol incorporated by 33 major religions. We will see in the coming months what unfolds with the 33 men, how this experience changed their lives, lives of others and the symbols appearing before them and the world.

To begin— 3 has been extremely symbolic throughout the Christian tradition. 33, doubly symbolic with most religions.

Beginning with Christianity, just to mention a few 33 symbols.

Jesus Christ is believed to have been 33 years old when He died.

In the English version of GENESIS, GOD is mentioned 33 times.

Saint Joseph was also 33 years old when he married with the Virgin Mary.

Christ in the Gospels accomplishes 33 miracles of which 24 were cures.

(We'll witness more miracles unfolding in the world.)

In Uruguay, in the 18th century, the image of the Virgin Mary known as "Virgen de los Treinta y Tres" (Virgin of the Thirty-Three) was consecrated by Pope John Paul II in his visit to Uruguay in 1988.

WOW! Virgin of the Thirty Three? Very significant find!

There are 33 major religions in the world today according to Mircea Eliade who wrote the book—The Eliade Guide to World Religions.

When looking at other religions and philosophies, fascinating info came forward.

Again, briefly, few examples to get one in the curiosity mode.

The number 33 in Kabbalistic/Hebrew, it has been stated, the end of suffering.(Will the new era coming end the age of suffering?) And entry into the mystery.

33 is the representation of “the Star of David,” but also the numerical equivalent of AMEN: $1+13+5+14=33$. AMEN? (I’ve researched the powerful AMEN. One can locate the findings on my site! Interesting, I just found this info while researching 33.)

*Yoga Sutra 3:33 states: “Through keenly developed intuition, everything can be known.”
(Intuition, imperative in the coming times.)*

There are 33 consonants, most associated with Sanskrit, Hindi, and other related languages.

Number thirty-three has been associated with Kuan-yin by Chinese and Japanese Buddhists.

In science...A normal human spine has 33 vertebrae when counted individually.

The temperature water boils, is 33F.

I also found it fascinating, the United Nations symbol has 33 segments.

*There's many other references.
This gives one a clue of the symbology
of the powerful number 33!*

*I feel, what is happening with the miners in Chile
is vital clues for the unfoldment of the new humanity,
as we head for 2012 and beyond.*

Stay tuned in...

Facing the Tsunami: Understanding the Strength and

EPA

Because such a condition was not fulfilled during the 3 times 6 days that followed (with the number 6 representing the day of the creation of man, who should have been recreated during the 6000 years of God's providence of restoration) in the mother nation of New Zealand and other central nations, a much higher indemnity condition could hit the country which has been standing in the mother position on a worldwide level for decades, Japan, on the 11th day of the third month of 2011.

In line with the number 11 symbolizing new beginning one person wrote on BCA-I: *“This should mark a new beginning for God's Providence here in Japan.”*

My daughter showed me yesterday an analysis of the numbers that are relevant in connection with the tragedy of 9-11 and the earthquake in Japan on 3-11, whereby the number 11 plays a significant role. For example: New York City (11 letters) is the 11th state of the USA, the first airplane that crashed into the twin towers was flight number 11 with 92 ($9+2=11$) passengers.

The 9-11 tragedy ($9+1+1=11$) in America was followed exactly 911 days later by the “European 9-11” terror attack in Madrid on 11.3.2004 ($1+1+3+2+4=11$) where nearly 200 people were killed and more than 2000 injured.

If we turn the day (3) and month (11) of this tragedy we arrive at 3.11., the date of the earthquake in Japan. And when we add the dates of 9-11 and 3-10 (date of the Japanese earthquake in America) according to the alternative way of putting the date (in Germany,...) and add the two numbers 11.9.01 plus 10.3.11 the result is 21.12.12.

This historic date 12.21.12 is seen as the end of the world by many people, marking the same date as the biggest terror attack in Europe in 2004 on December 21, the Lockerbie tragedy where 270 people were killed.

I wanted to mention this because the number 11 represents a New Beginning, what 9-11 should mean in a positive way as a new start to truly love and care for one another beyond religious boundaries.

In connection with 9-11 one may also quote the Quran, Chapter 9 Verse 11 where it says: *“But (even so), if they repent, establish regular prayers, and practise regular charity,- they are your brethren in Faith: (thus) do We explain the Signs in detail, for those who understand. “*

We are the ones who understand that 9-11 should have brought a movement of repentance not only for the Muslim world but also for the Christian world that should have practiced Jesus commandment to love one's enemy.

Comparison With the Jewish Natural Array Tree of Life

The Natural Array Tree of Life has 22 channels along which give and receive action take place between the 10 positions of the holy emanations. The 22 channels represent the 10 fingers, the 10 toes, the tongue, and the sexual organ. They also represent the 22 letters of the Hebrew alphabet, which consist of 3 groups.

The 3 horizontal lines represent the 3 Mother Letters. The 7 vertical lines represent the 7 Father Letters, and the 12 diagonal lines represent the 12 Children letters.

Other people who discovered the Holy in Numbers

Gurdjieff: 1866-1949

He discovered the laws of World Creation and World Maintenance as cosmic truths and expressed them with the help of the Law of the Octave, the Law of Three and the Enneagram.

These discoveries he made are all part of some traditional knowledge or other. After all, Trinity and the Holy number Seven, are both found in most religions, including Christianity

The enneagram (nine-diagram) consists of three overlapping octaves with three missing semitones. $9 + 3 = 12$

Swedenborg 1688-1772

The number “7” is a holy number and according to Emanuel Swedenborg, represents a process reaching its finishing state or *fullness* (like the Seven Day Creation Story in Genesis which symbolically communicates the full process of spiritual growth or human *epigenesis*).

The Fibonacci ratio of 0.618, made famous by a 13th-century mathematician named Leonardo Fibonacci of Pisa, is based on a number sequence, in which the sum of two adjacent numbers forms the next higher number (1, 1, 2, 3, 5, 8, 13 ...).

It is often referred to as the golden, or divine ratio, because it has been found throughout nature, such as in the breeding pattern of rabbits, the DNA double helix, how petals on a flower are arranged, proportions of the human body, a galaxy spiral, and so on ad infinitum.

The Golden Ratio in DNA (top) and in the classic beauty of the Parthenon.
