Introduction

**Eternity does not start when we die,
but at the moment we come to know God's will.**

Here, if for even an instant there is a leap in the relationship of time or an abyss created, eternity will be interrupted.

Therefore, while walking the path of faith in the course of your lives, do not procrastinate by **deferring your providential responsibilities** from this year to the next, and then to the year after that, or from your youth to your midlife and finally into your old age.

Introduction

We cannot live like that.

People with such a lifestyle will die without having ever spent even one day of being one with the Will over the course of their lifetime.

They cannot go to the Kingdom of Heaven.

Introduction

Indemnity is needed:

1. To Give Inviolability and Perfection to the Principle

Introduction

God is perfect, therefore His Principle should also be perfect.

God created the Principle first, in the beginning.

According to the Principle of Creation, God is to control perfected man through His love.

God cannot control an immature or unperfected being.

Introduction

Indemnity is needed:

2. To make God Alone the Creator

God controls or intervenes only in things which are created by Him.

According to the Principle, indemnity is not completed in a short time.

For this reason, if the second man does not fulfill the indemnity, a third man is chosen for a returning resurrection.

The Providence of Resurrection for People on Earth

Upon their death, the believers of **this era** will enter and abide in the Kingdom of Heaven in heaven, which is the divine-spirit level of the spirit world (p. 140).

The Providence of Resurrection for Spirits

Purpose and Way of Returning Resurrection

We call this process returning resurrection (p. 145).

Returning Resurrection will take time:

Education of Spirits needed. –

Unification of 3 Generations on Earth is needed!

Compare how it took time for Saul to be a convinced **St Paul**.
All the **Christians martyrs** before Christianity was firmly established.

2006

We must complete our mission to three separate ages.

We should liberate the spirits in the spirit world,
liberate the people living in the sinful world today,
and liberate the future generations from here as well.

The realm of liberation for three generations comes forth in this way.

This is an immense and remarkable process.

What will happen if such dream-like things come to pass?

Your eyes will open wide, your mouth will open in awe, your ears will prick up; but you will then have to bow your head.

/SMM 1970.1.11

2006

The family is the smallest unit that connects the past, present and future.

It is a microcosm of the world.

As the grandfather, father and son coexist in the family, they connect the past, present and future.

When the son has sons and daughters, he rises to the position of the father, and his father rises to the position of the grandfather.

2006

From the grandfather to the father to the son, these three generations are to unite into one.

The links of the past, present and future should unite them.

No matter how much the world pitches and rolls, society will not adversely impact that sort of family.

It will maintain a basis for happiness.

(28-162, 1970.01.11)

2006

It is people's original nature and tendency to seek the greatest love, so it is inevitable that we return to our family. The grandfather and grandmother are envoys of Heaven, and the father and mother, as the center of the family, represent the king and queen of the world.

The grandfather and grandmother are the father and mother of the past, your own father and mother are the father and mother of the present, and you and your spouse are the father and mother of the future.

2006

When these three generations join as one, the past ages of the spirit world are connected to the historic realm of love on earth, going beyond the present family, and align with heavenly law in the future.

Then all people of the world will be able to unite.

The family is the core unit of harmony;
ultimately all humanity must bind together as one ideal family.

/SMM 2000.02.11

Returning Ressurrection will take time:

Today: These days in this heavenly kingdom of spirit world flowers are in full bloom with the spring of blessing.

When there are blessing events on earth, we in spirit world, are talking with each other about our euphoria (happiness), intoxicated with more ecstasy and beauty than earth, and blooming of flower of the mind.

Returning Ressurrection will take time:

Rev. Hyo Won Eu (the first president of HSA-UWC in Korea) gives DP lecture restlessly, Heung Jin Nim and Great Mother Hong pray again and again for True Parents health with incredible sincerity.

Everyday our life consists of prayer, singing our hymn's, and service. Our life is such a beautiful heavenly kingdom life.

/Rev. Sung Han Lee in Spir. Wrld

Suppose there is an earthly man who is entitled to go from the sphere of benefit of the family level to that of the tribal level, through the benefit of the age in the providence of restoration.

However, if this man has a certain debt of sin, either his own or his ancestors', he cannot go to the sphere of benefit of the tribal level without having liquidated the sin by setting up a corresponding condition of indemnity.

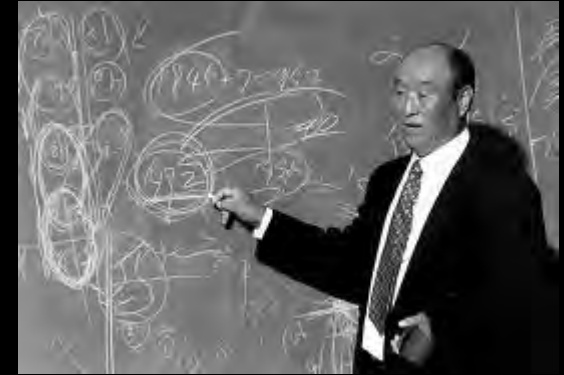

In this case, God can allow the evil spirit to torment the earthly man as punishment for his sin.

1973

Then, if this man gladly endures the torment given by the evil spirit man, he can graduate from the sphere of benefit of the family level to that of the tribal level, with his endurance as the condition of indemnity.

In this case, the evil spirit man receives a share of the benefit. In this way, the providence of restoration broadens its scope in accordance with the benefit of the age, from the sphere of benefit of the family level, to that of the tribal level, national level, and finally to that of the worldwide level.

We learn from the Principle
that history repeats
itself in expanded versions.

Because Jesus did not complete his mission
2000 years ago, (to marry and become True Parent)
the pattern of history has to be repeated in our
time,

and we have to pay the indemnity for
people's failure at the time of Jesus.

The base (time slot) upon which the mission of Jesus had to operate was lost.

God has since prepared a similar foundation upon which the Messiah can come and **complete** the mission of Jesus.

God has been seeking a similar nation — a nation of suffering — (Korea) for the base of the Second Coming of the Messiah.

/SMM Jul 1 1973

In 1948, Israel became independent; therefore, some might think it reasonable for the Lord to come back to Israel.

Korea also became independent in 1948.

However, Korea was liberated from Japanese colonization, in contrast to modern Israel's situation.

Conceivably both countries may have become independent at the same time because the physical Israel inherited something from the spiritual Israel, Korea.

The fact that the Jewish people, who had been wandering for 2000 years, found their nation, shows that all their sins had been forgiven.

Therefore, they could return to their original position. The prophecy that Israel would be restored when Jesus returned was fulfilled.

**Because Jesus' death was indemnified,
mankind was able to receive forgiveness and
the Lord of the Second Advent could come.**

/The Turning Point of History S.M.Moon

We must commence missionary work in 12 countries before the end of 1965. I know this is a difficult task.

However, restoration cannot occur at just any time.
Restoration is like seizing one spray of water in the middle of the ocean.

The time of restoration is like the time when one grain of millet is worth as much as the entire ocean.
There is only one such time.

There will always be people and money, and there will always be tomorrow and thousands of years from now.
But the right time is something that is rarely available.

You must think that your prayer today may not be fulfilled until thousands of years from now.

I pray such prayers.

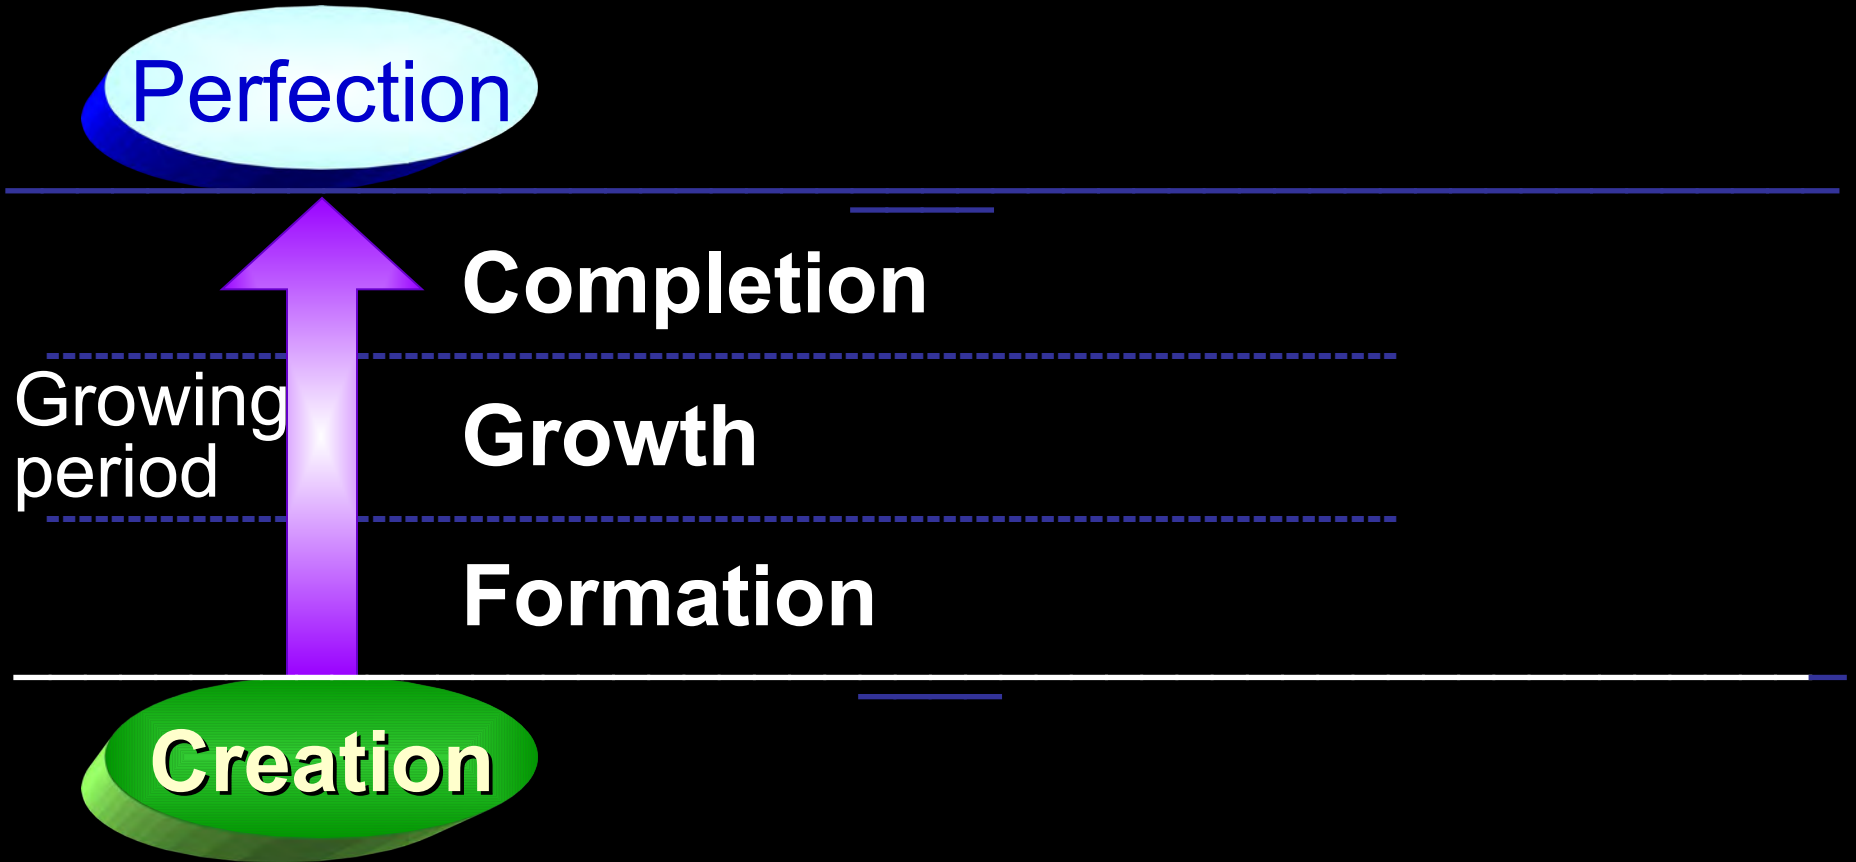

I am not praying just for this world today;
I am praying for 1 000 and 2 000 years from now.

If that prayer makes a bridge between that time and now then the Unification Church will continue to flourish even a long time after I am gone from the earth.

That kind of prayer is needed.

The Three Ordered Stages of the Growing Period

All creation reach perfection by passing through three ordered stages of growth: the formation stage, the growth stage and the completion stage.

Chart 1: The Unfolding Manifestation of God's Word in the Creation of the Universe and the Providence of Restoration

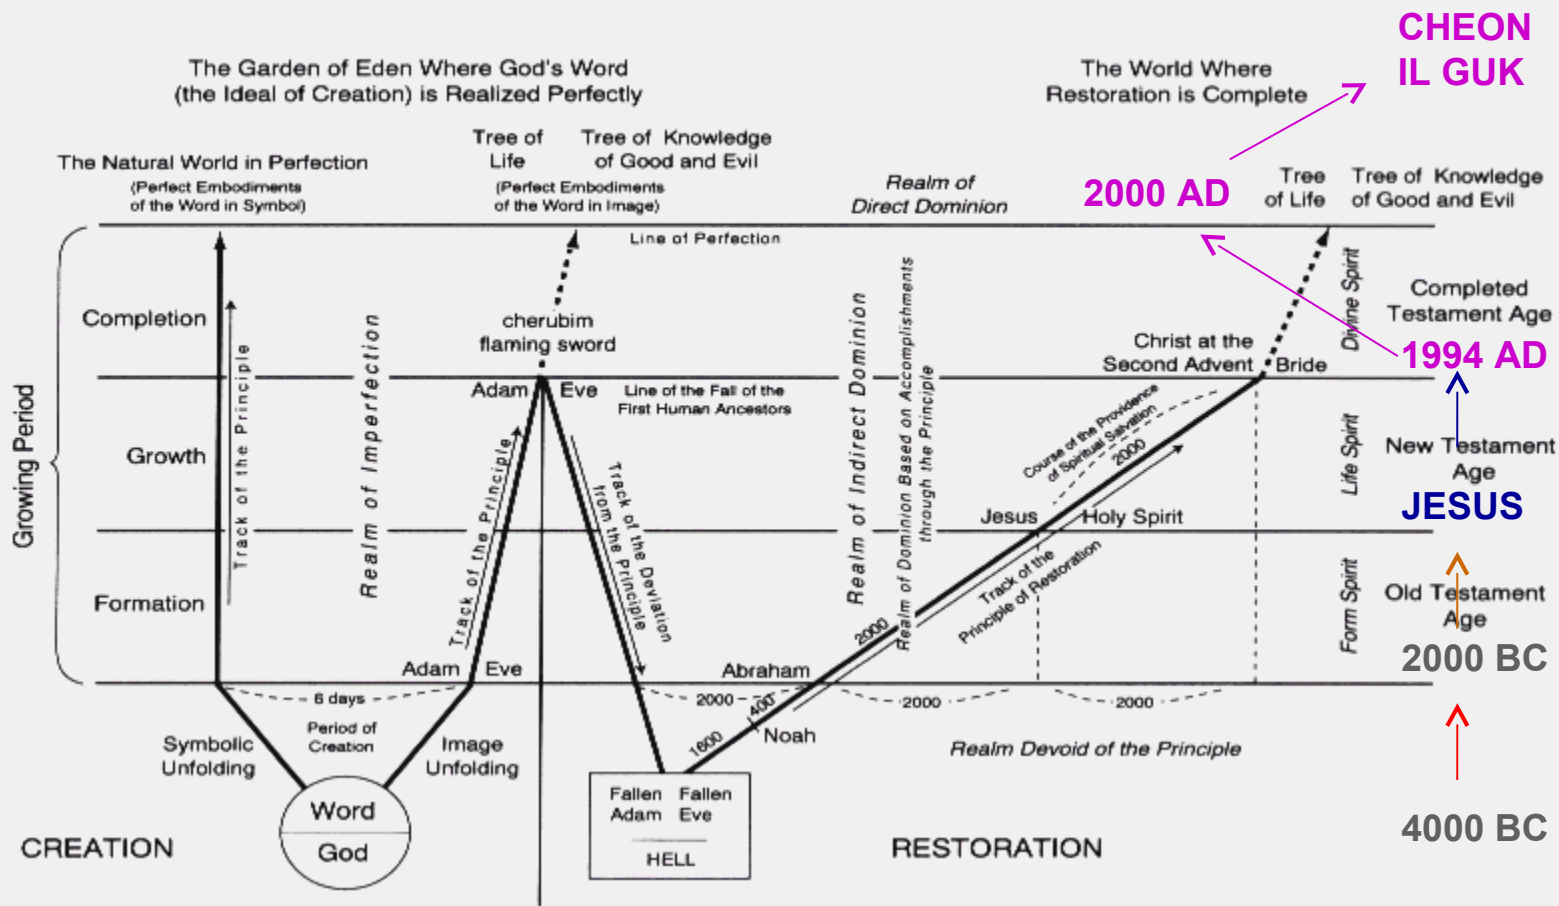

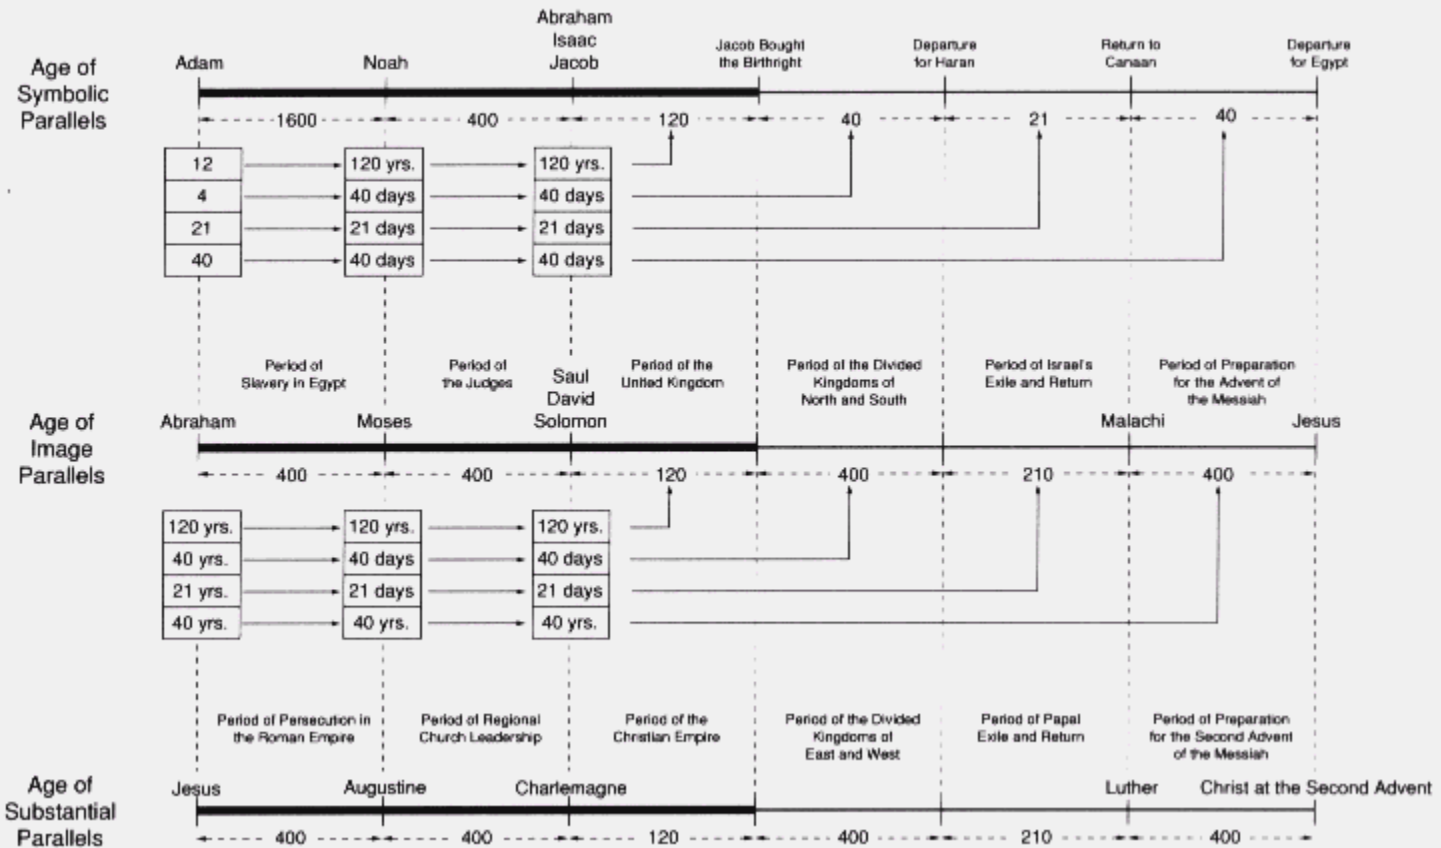

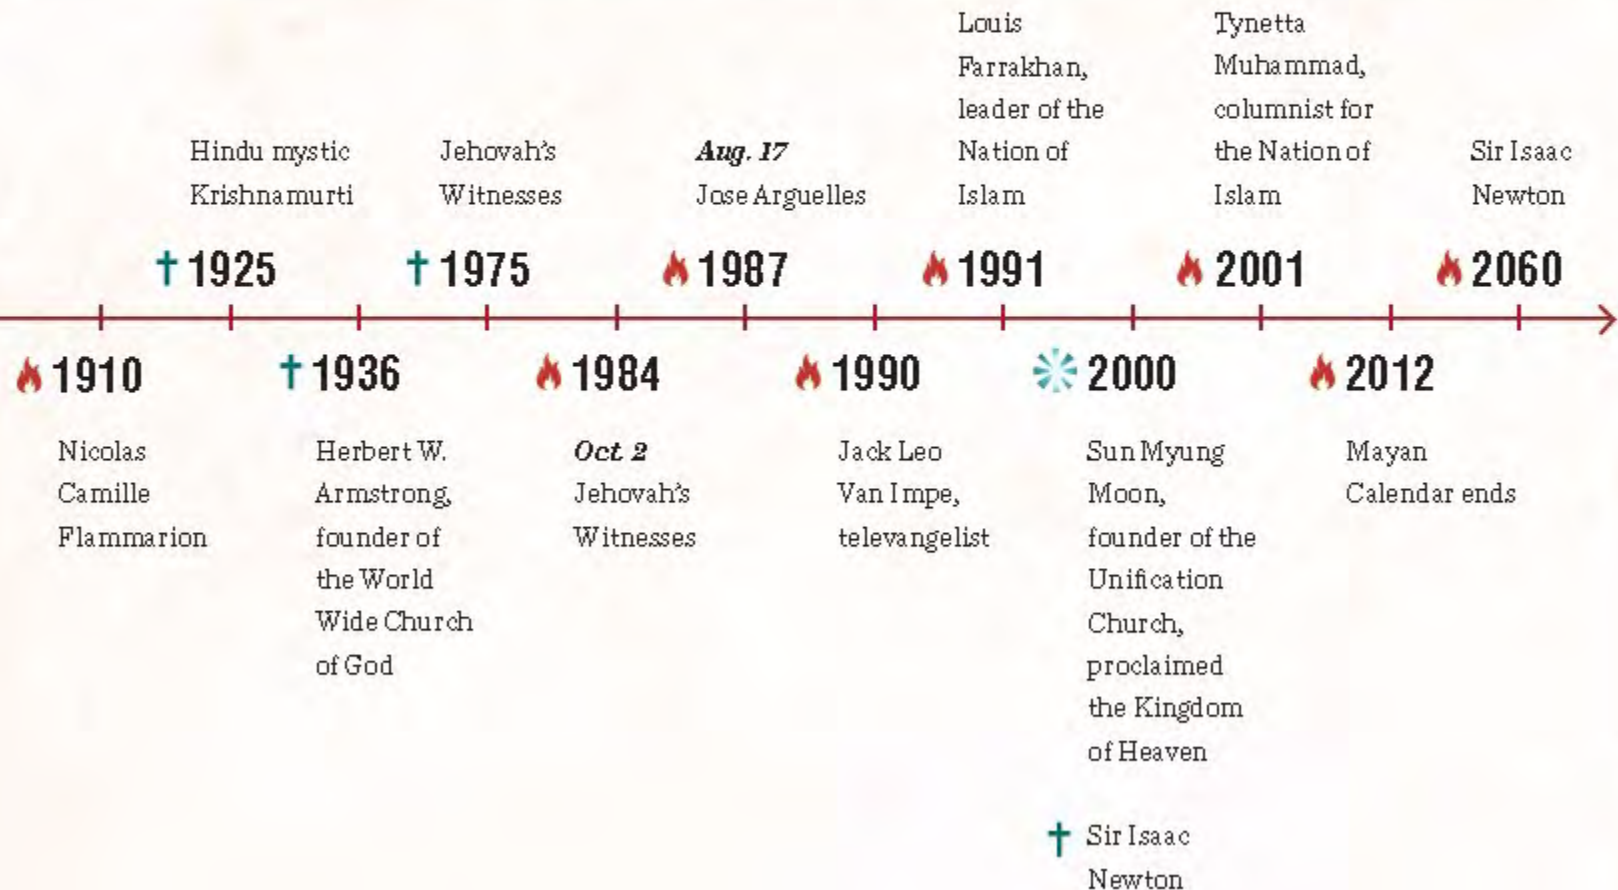

Chart 2: Parallel Providential Periods

The prophecies on this timeline predict an epic turning point for the world. Throughout history, these predictions have usually fallen into one of two categories:

-  End of the World
-  2nd Coming of Christ

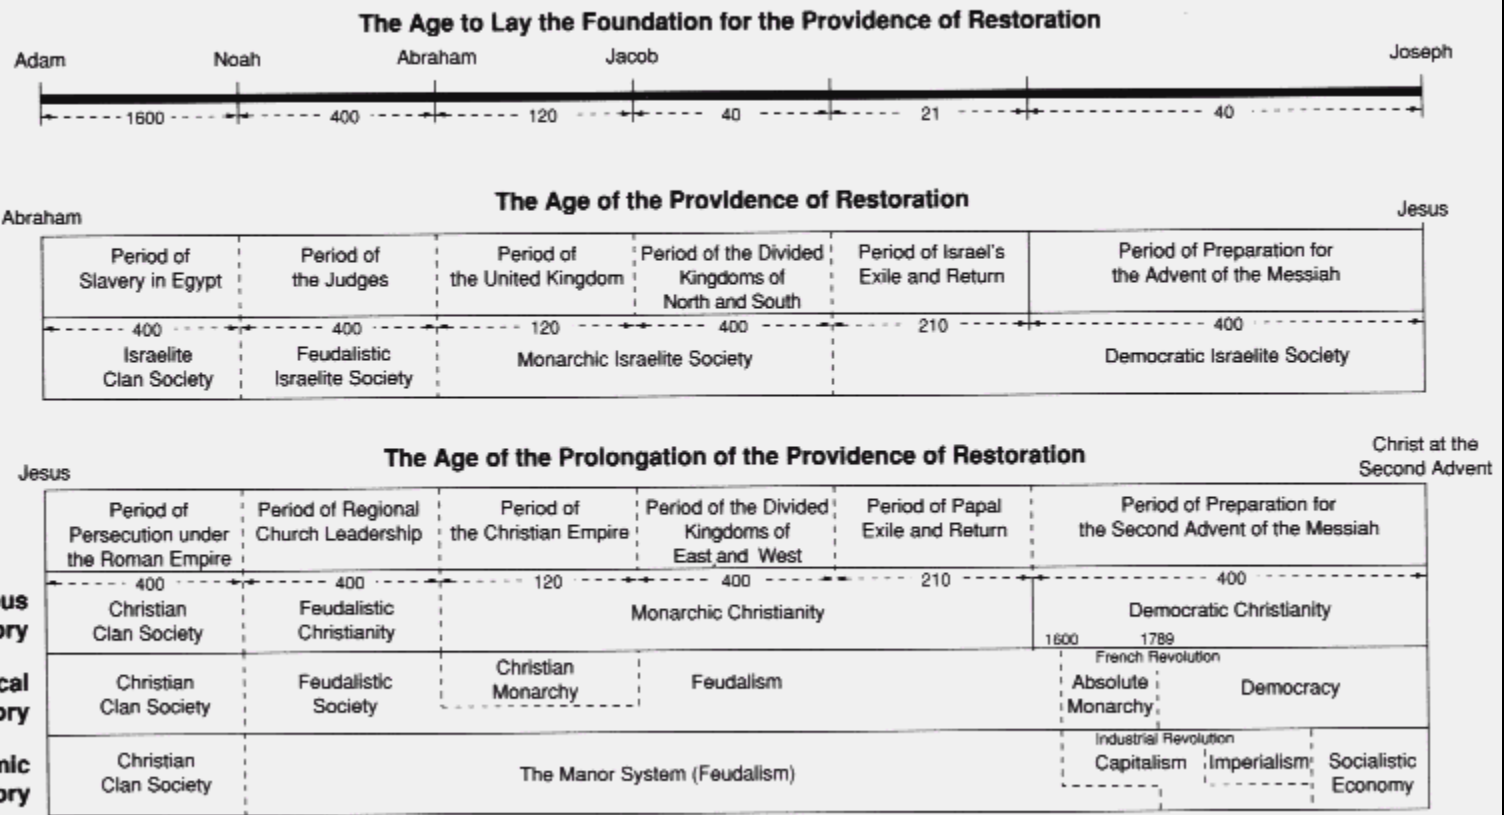

- Ezekiel's famous vision of the Divine Throne above the Four Living Creatures with their "wheels within wheels" contains all the elements of **lightning**, **fire**, a **whirlwind**, and **great noise** that typically attend the great revelations of God's Word.

- *And when I looked, behold the four wheels by the cherubims, one wheel by one cherub, and another wheel by another cherub: and the appearance of the wheels was as the colour of a beryl stone.*
/King James Bible
- The revelation of the Bible Wheel confirms and amplifies the ancient Christian tradition that Ezekiel's Vision of the "wheels within wheels" was a vision of the entire Bible in which the Old and and New Testaments are inextricably interwoven.

Chart 3: The Progress of History as Guided by the Providence of Restoration

ALBERT SCHWEITZER
The Quest of the Historical Jesus

Schweitzer said that Jesus threw himself upon the wheel of history in an attempt to bring it to a halt, to bring this world to an end and to usher in the Kingdom of God in its fullness and power; but the wheel continued to turn, and it crushed him.

Even now, said Schweitzer, his mangled body hangs on that wheel as it turns, and “this is His victory and His reign.”

I’ve meditated on this image often and over many years, and I can only agree that Jesus’ sacrifice was a victory,

not because it placated a vindictive God, but because by it he diverted the wheel of history onto a new course,

(Christianity)

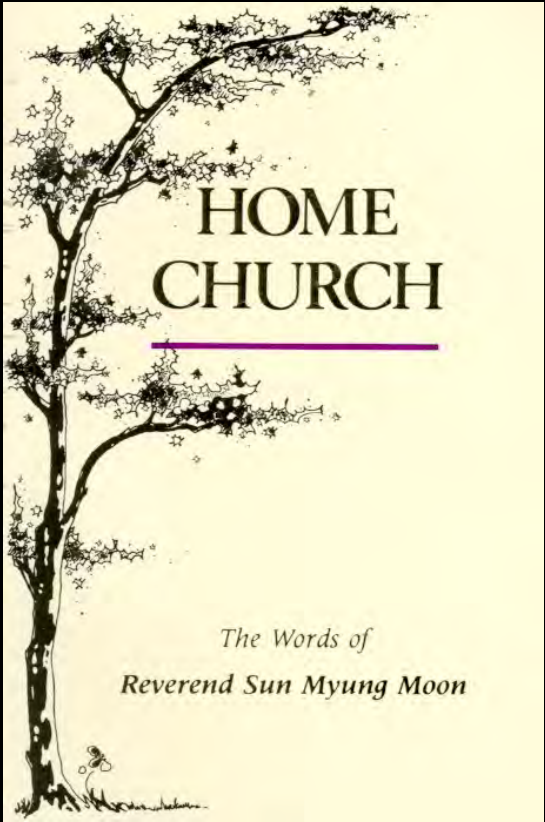

opening up a new world of possibilities within the old.

But the wheel turns yet, and the innocent still are crushed by it. Sometimes in the silence of worship I seem to hear the voices of those who fall under the wheel in our time.

They seem to be crying out for the presence of Christ, the Christ we meet in Jesus, the poet who brings the light of *tsedeq* and *shalom* into the darkness of their world.

And as I reflect on their cries in the light of Whitman's query, "Who shall soothe these feverish children?", in the light of the new possibilities opened up by the poetic genius of Jesus,

I must acknowledge in fear and trembling that the longed-for poet is I—is each of us.

Whatever you do -- eating, walking down the street selling papers, witnessing or fund raising – that is the real battle, the most precious one and the one that will be recognized in history.

That's the way your life is today.

Yesterday I talked about how establishing home churches will be like bombs exploding throughout New York.

Do you have spiritual matches you can light to set the bomb off?

Do you know the right time to push the button?
If you are sleeping you will miss the time.

You cannot do this at just any time.

The instructions will come from heaven to push the button,
but if you are sleeping then you will not hear them.

You might shrug and say, "Oh well, I can push it next year."

The tiny little fingers of women, even if the women are wearing ugly dresses, can do magic if they know the heavenly schedule.

The arsenals of the world will have no power if they do not know the heavenly schedule, and all their weaponry will be to no avail.

God always keeps time, and if you match His time then there will be a resounding explosion.

/SMM Home Church 1981

The Marriage of Heaven and Hell
by Blake

“Eternity is in love with the productions of time”.

From the Swedenborgian

EDWARD F. SYLVIA, M.T.S. Philosopher/Theologian

- Time is cyclic (periodic) because all process in the universe travels in repeating patterns. Within these patterns are distinct and smaller units of periodic process (like Ezekiel's vision of *wheels within wheels*). Therefore, time is layered and operates on different scales.
- That is why everything in the universe is unified, and has order and orientation.

- Einstein was one of the first modern thinkers to believe that time was a part of the very fabric of physical reality. He was basically correct.
- But where his theory jumped the tracks is that spacetime was not *continuous*—like a linear sheet of paper or a membrane.

- Because time is the result of God's influence in the world, all time finds its successive moments leading to some cosmic result—that is, some utility. The universe is nothing but process finding form in *uses*. Time cannot manifest outside this cosmic law—which promotes interdependence through utility.

- To go backwards in time would mean to thwart God's unifying activity and the directionality of Divine Providence.

Comment: Judas Iscariot and the Pharisees thwarted God's providence by betraying and crucifying Jesus the Messiah, 2000 years ago.

A potential KoH postponed another 2000 years until today.

- To move into the future, one would have to jump ahead of God's creative activity and providence — which means that you would have to know where God is taking the world and be able to do God's Will all by yourself!

Comment: By paying indemnity, the possibility of moving the providence forward, is possible. Problem is sinful Man can not be reached by Gods direct guidance until he/she is in the direct dominion of God. Meaning The Blessing must have been given by the sinless Messiah.

ANTHONY BORGIA

In the spirit world we have no clocks or other mechanical contrivances to indicate the passage of time. It would be the simplest thing in the world for our scientists to provide us with such if we felt the need for them. But we have no such need.

We have no recurrent seasons, no alternations of light and darkness as external indications of time, and, in addition, we have no personal reminders, common to all the incarnate, of hunger and thirst and fatigue, together with the ageing of the physical body.

We have two conceptions of time, one of which, as upon the earth-plane, is purely relative.

Five minutes, let us say, of acute pain suffered by the physical body will so affect the mind that the passing moments will seem an age.

But five minutes of intense joy and happiness will seem to have flown with the rapidity of the same number of seconds.

If, normally, we have none of the customary means of measuring time because we have no need to do so, we can -- and we do -- return to make contact with the earth-plane, where we ascertain the exact time of day, the day of the year, and the year itself.

I have spoken to some who have made this journey, and they were all amazed to discover the unsuspected scores of years that had passed by since their transition.

Conversation between Mother on Earth and Daughter Karen

K: Motion moves things. Space conducts. 📄

M: So space is the conductor of things.
And motion is the impetus that makes
the receiving and the conducting happen?

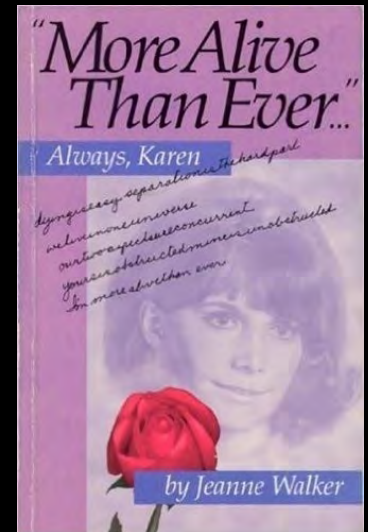

K: Time receives. Space conducts.

M: We (in Physical World) manipulate time, space, and motion;
you (in Spiritual World) manipulate receptivity, conductivity,
and frequency.

Is the "manipulation" anything like what we do when we
make time and space seem shorter or longer?

K: Yes. But our manipulation is more real.

Visions of Time and Destiny in Realms beyond Time

Psychically gifted people undoubtedly do see glimpses of the future, and time in the spirit world is not like earth time. In *A Wanderer in the Spirit Lands*, Franchezzo is twice instructed by his teacher, Ahrinziman, on how the future interpenetrates the present.

The first is a description reminiscent of Einstein's theory of relativistic space-time:

In the spirit world, where time is not reckoned by days or weeks or counted by hours, we judge of how long an event will take to accomplish or when an occurrence will happen by seeing how near or how far away they appear,

and also by observing whether the shadow cast by the coming event touches the earth or is yet distant from it

we then try to judge as nearly as possible of what will be its corresponding time as measured by earthly standards...

Many things may intervene to delay it and thus make the date incorrect.

An event may be shown to be very near,
yet instead of continuing to travel to the mortal at the same speed it may be delayed or held in suspense,
and sometimes even turned aside altogether by a stronger power than the one which set it in motion.“

Through the clouds I see love shine, (Gods Love)
it keeps me warm as life grows colder

In my life there's been heartache and pain

Can't stop now, I've traveled so far, to change this lonely life

Let's talk about love, I want to know what love is
The love that you feel inside, I want you to show me
And I'm feeling so much love, I want to feel what love is
No, you just can't hide, I know you can show me

I'm gonna tell you there's no black and no white,
No Blood no stain,
All we need is one world wide vision. (DP - True Parents)**

**One flesh one bone,
one true religion, (Divine Principle)
One voice one hope,
Wowowowo gimme one vision.**

I had a dream,
When I was young,
A dream of sweet illusion,
A glimpse of hope and unity,
And visions of one sweet union,

But a cold wind blows, (FallofMan)
And a dark rain falls, (Fallen Spirits down to Earth)
And in my heart it shows,
Look what they've done to my dream.

So give me your hands,
Give me your hearts,
I'm ready,
There's only one direction,
One world one nation, (KoH, Korea)
Yeah one vision. (DP – Christ - True Parents)

**No hate no fight,
Just excitement,
All through the night
It's a celebration wowowowo yeah.**

**One flesh one bone,
one true religion, (True Love)
One voice one hope, (Messiah – Christ –LSA)
One real decision.**

Gimme one night,
Gimme one hope,
One man one man,
One bar one night,
One day hey hey,
Just gimme gimme gimme
One vision. (DP – Christ - True Parents)

A Kind Of Magic – 1986 **spiritually inspired**

It's a kind of magic,
It's a kind of magic,
A kind of magic,

One dream, one soul, one prize, (Messiah – Christ –LSA)

One goal, one golden glance of what should be,

It's a kind of magic,

One shaft of light that shows the way,

No mortal man can win this day,

It's a mind of magic,
The bell that rings inside your mind,
It's challenging the doors of time,
It's a kind of magic,
The waiting seems eternity, yeah,
The day will dawn of sanity,
Is this a kind of magic,
There can be only one, (Messiah – Christ –LSA)

This reign that lasts a thousand years (Biblical)
Will soon be gone,
This flame that burns inside of me

I'm hearing secret harmonies
It's a kind of magic,
**The bell that rings inside your mind,
Is challenging the doors of time,**
It's a kind of magic,
It's a kind of magic,
**This reign that lasts a thousand years,
Will soon be will soon be,
Will soon be gone,**

This is a kind of magic,
There can be only be one,
This reign that lasts a thousand years,
Will soon be gone,
Magic - it's a kind of magic,
It's a kind of magic,
Magic, magic, magic, magic,
It's magic,
It's a kind of magic.
It's a kind of magic.

WHITNEY HOUSTON - My Love is Your Love 1998

If tomorrow is judgment day (Sing Mommy)
And I'm standing on the front line
And the Lord asks me what I did with my life
I will say I spent it with you

If I wake up in World War III – **Prophecied in Divine Principle**
physical or spiritual

I see destruction and poverty
And I feel like I want to go home
It's okay if you're coming with me

...

As the years they pass us by
We stay young through each other's eyes – **True Love**
And no matter how old we get
It's okay as long as I got you baby – **True Love**

WHITNEY HOUSTON – My Love is Your Love

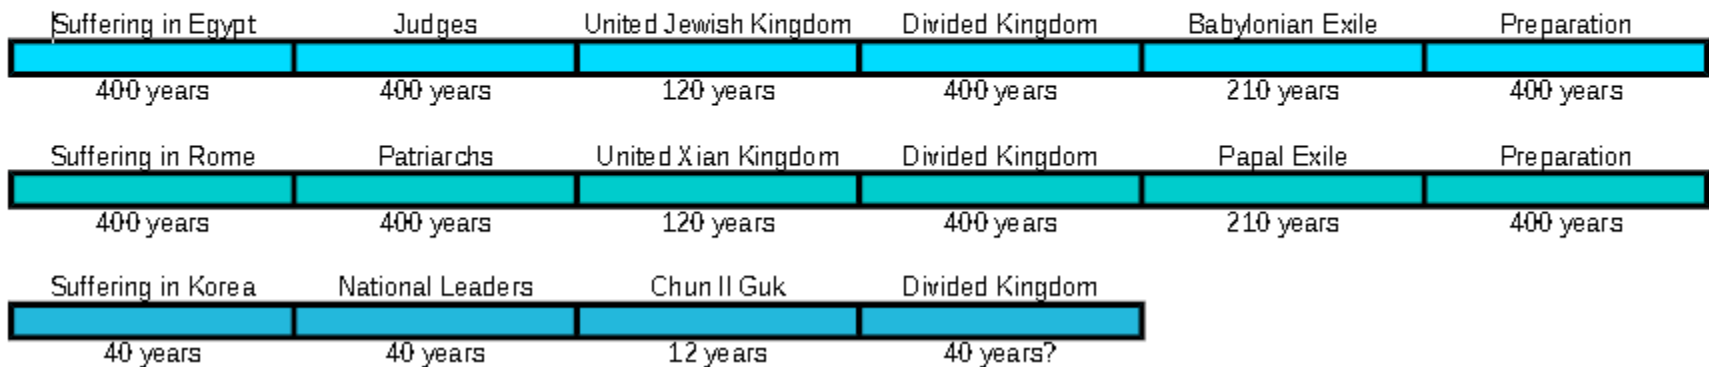

If I should die this very day
Don't cry, 'cause on Earth we weren't meant to stay – **Principle of Creation**
And no matter what the people say
I'll be waiting for you after the judgment day

'Cause your love is my love
And my love is your love
It would take an eternity to break us

Interpretation of the time 1920-2113

Feel free to challenge and discuss 😊

Most members know the parallels of History, from Adam to Joseph, from Joseph to Jesus, and from Jesus to True Father. However, I have noticed a new parallel, proceeding at ten times the speed of previous parallels, which started with the birth of True Father. Be aware, I do not claim that this is a new revelation. I only report what I have clearly seen happening. If I have erred, it is on my head, and no one else's. In the chart below, I have omitted the line from Adam to Joseph in order to emphasize the parallel time periods of Judaism, Christianity, and Unificationism.

From 1920, the year of Father's Birth to 1960, the year of True Parent's Blessing, was the period of the heaviest persecution of both Father and his movement. Father nearly died three times.

From 1960 Father sent out missionaries all over the world. He told members to treat the National Leaders as if they were True Parents. Their position paralleled that of the Judges and the Patriarchs before them. If you had been around at that time, you would have seen clearly how revered National Leaders were.

In 2001 Father held a coronation ceremony, similar to the coronation ceremonies that began the United Jewish Kingdom and the United Christian Kingdoms. We built a temple: Chun Pyung. Chun Il Guk actually means Heavenly KINGDOM.

After the ascension of Father the church was clearly divided, between Hyun Jin, who is clearly following the Cain path, and Hyung Jin who is following the Abel path. Both need to unite with Mother, but I don't know if that will occur. If it does, it could lay the groundwork for the parallels to end and the Kingdom of Heaven to actually begin. Failure will likely result in an eventual exile of some sort. How that exile will occur, I have no idea. All I am saying is this is following a clear pattern.
