Divine Principle & 3 Holy Generations

Introduction

Introduction:

There was no offspring of Holy Jesus.

No Marriage

No children, grandchildren ...great grandchildren

No New Physical Holy Lineage nor New Human race.

Introduction:

The kingship of true love likewise includes traditions of altruism, selflessness, forgiveness, sacrifice and public service, passed down from generation to generation.

Having achieved kingship by maturing through the Four Great Realms of Heart, true parents then guide the next generation to follow true love's way through the **Four Great Realms of Heart**.

Introduction:

When this tradition has continued through three generations in the family-grandparents, parents and children-kingship and has been securely established in that family.

It can then be called a royal family of true love.

For this reason, the **Family Pledge-link** calls us to perfect the **Three Great Kingships**, meaning kingship in three consecutive generations of the family.

Introduction:

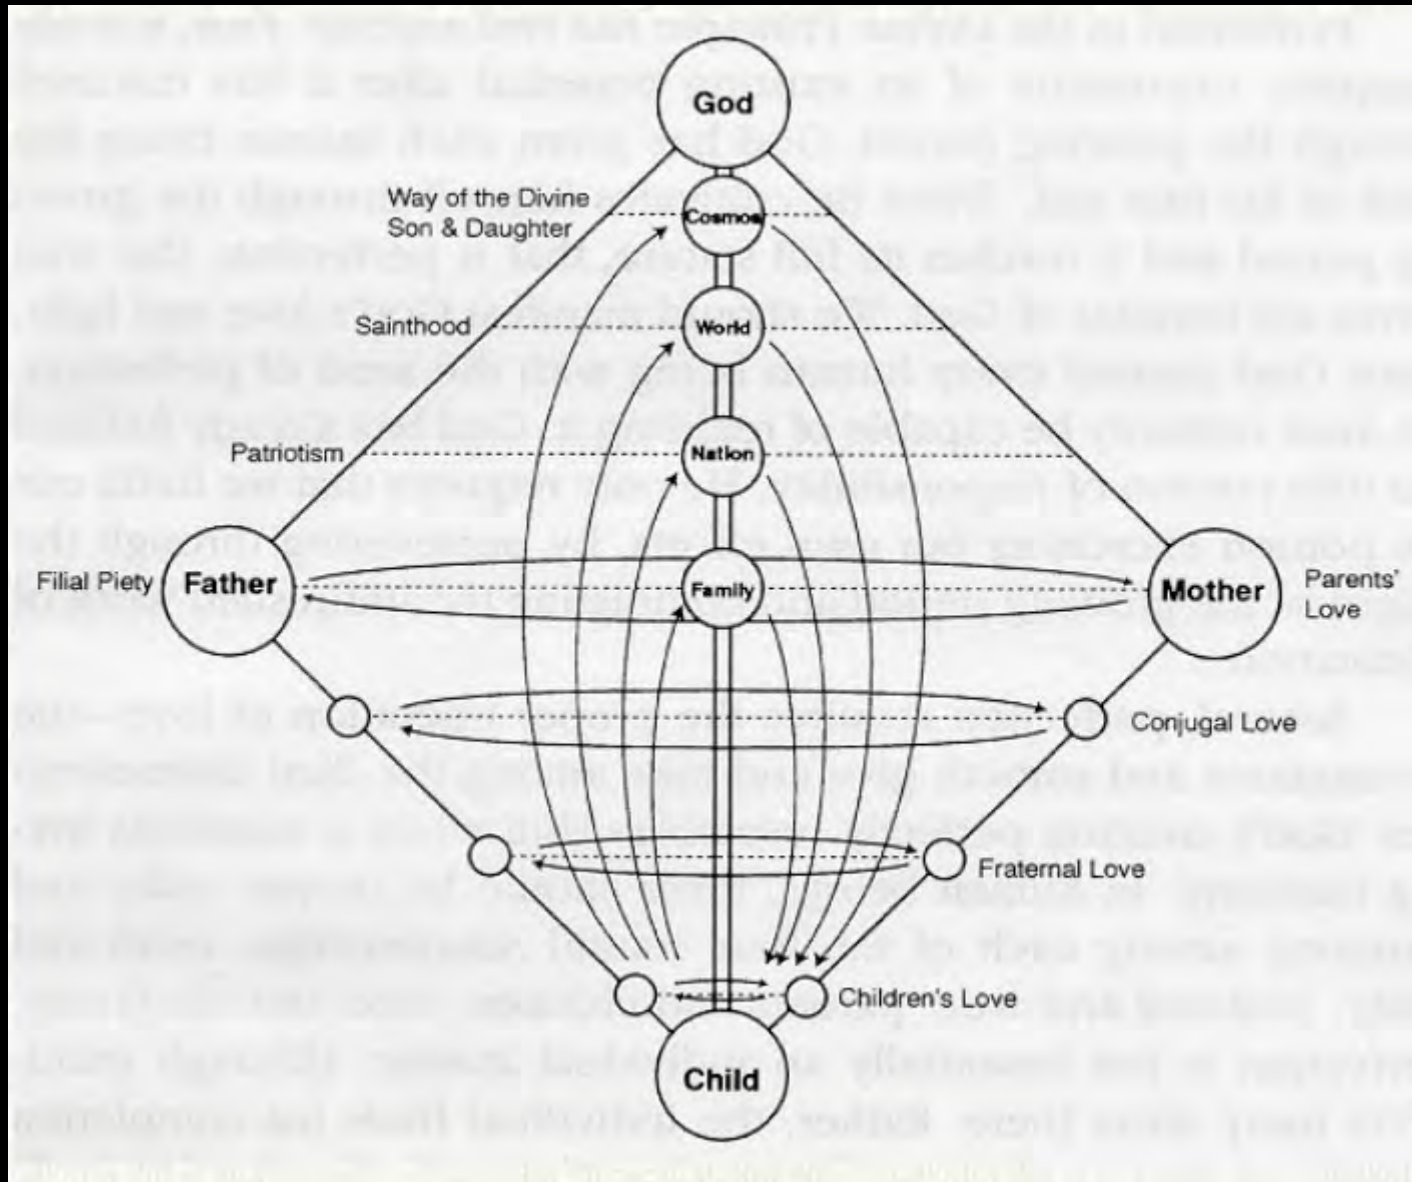

Three generations are necessary to establish a solid tradition that can overcome the wrong habits which we have inherited from the human Fall.

The Fall occurred through three generations: God representing the grandparents' position, Adam and Eve, and their children Cain and Abel.

The proper relationships between these three generations were broken, and all suffered as a result.

The Four Great Realms of Heart and Three Great Kingships

The chart looks like a flat circle, but in reality it is a ball, a sphere. The upper hemisphere represents the spiritual world and the lower one the physical world.

And the center (parental position) is the micro-cosmos of the totality of four realms of heart.

The ideal family is the small "field" comprising the total virtue of Heaven, earth and human beings, the small world of True Love, and the model of the ideal world.

The Three Great Kingships are vertically-oriented.

(1) Children's kingship: children represent the future.

(2) Parents' kingship: parents represent the present.

(3) Grandparents' kingship: grandparents represent the past, spiritual world and God.

The Four Great Heart Realms are horizontal.

You need to complete tribal messiahship through three generations.

Someone must prepare the foundation whereupon the realm of the portion of responsibility that has been fulfilled -- the **realm of direct dominion and the realm of indirect dominion** -- can become one.

He should conduct a ceremony to declare that, centering on God's love, all of us, together with this created world, belong to love.

Summary of Father's words:

Chapters one, two and three in the Pyeonghwa Hungyeong is about how True Parents perfected the realm of the three generations.

Chapter four indicates that it is now time to go beyond the national standard after True Parents began the blessing. The kingship of peace is to be built after the lineage is completely turned upside down through the blessing.

In chapter five, with the creation of Cheon Il Guk, the era of the kingship was proclaimed.

The era of kingship is about the absolute sexual ethics which is the high point of all the ideals from the religious sphere and is based on the foundation of victory of having perfected those ideals. /SMM

The Transition of the Three Ages Realm of Oneness Unification Blessing Ceremony

On the vertical foundation, the third generation sons and daughters can give the blessing to their grandparents and parents and grant their own children the authority to give the blessing as well.

Since grandchildren receive love from both grandparents and parents, grandchildren can have the authority to give the blessing. Blessed families are the fruit inheriting the heavenly kingdom as well as the earthly kingdom. So grandchildren, the third generation, can give the blessing to their parents as well as their grandparents.

A person in the position of a grandchild can complete what had to be accomplished in the Old Testament, New Testament, and Completed Testament ages, representing the formation, growth and completion stages on behalf of his ancestors in the spirit world.

The time will come when even the ancestors in the spirit world can give the blessing on behalf of True Parents and Heung Jin Nim.

The Model Family: A Family of Three Generations

As it is with the principles through which God created; the family consists of three levels of upper, middle and lower, which pertain to the grandparents, parents and children.

This means that three levels are necessary to create harmony in the family.

Normally, three points are needed in order to create harmony. Two points would only constitute a line. You cannot discuss harmony based on just a straight line. Harmony can be created only when three or more points are connected together.
