

“Building Bridges Through Music”

Vienna, Austria, 9. September 2012

On Sunday, September 9th, 2012, Mrs. Seiko Lee gave a concert in Vienna Headquarters. The event was organized by WFWP-Vienna.

As an introduction Mrs. Renate Amesbauer, President of WFWP-Austria, greeted the guests and explained to them True Father’s ascension. After that, Dr. Maria Riehl, Honorary President of WFWP-Austria, spoke about True Father’s appreciation of True Mother, having put her on the same level with him, trusting her completely. Dr. Riehl mentioned that one professor of Christian theology was very surprised when he realized Rev. Moon’s appreciation of his wife, and he stated: “Never in history has a religious founder given that much credit to a woman/his wife as Rev. Moon!”

After this introduction we played a short video, consisting of True Parents’ pictures with the music of “Amazing Grace”.

Mrs. Lee’s concert was wonderful and touched everybody’s heart. She got special applause for 3 songs which she sang in German language.

The promotion video about herself which was shown at the end of the first part of the concert showed her engagement for sick and disadvantaged people as well as her efforts to bring peace to North Korea.

Such kind of activities are very unusual for a professional singer, that’s why it was surprising for the guests to hear this. Mrs. Amesbauer mentioned then that the donations which were

given that evening will be used 100% for supporting a project of WFWP in Kenya (supply a village with clean water).

After the concert some of the Peace Ambassadors who had come went to True Father’s altar which was in the other hall in order to pay respect to him.
