

Celebration for the 4th Anniversary of True Father's Seong Hwa

On **Sunday, 21st of August 2016** The Vienna Family Church celebrated the 4th Anniversary of True Father's Seong Hwa with members and guests. After songs and a HDH reading from True Father's autobiography the Vienna pastor gave a basic explanation about True Father's life and achievements, specially for the new gusts who attended.

Following that introduction, testimonies about encounters with True Father were given by members: 2nd gen sister Rachel H. recalled her experiences with True Father in the USA where she attended Christmas Celebrations and HDHs with True Father in East Garden.

The second testimony was given by Dr. W. Czerny who explained that for him the most essential thing the Messiah could do was to solve the problem of love relationships through the Holy Blessing. He shared his experiences with the Matching and Blessing, concluding that he can only have his beautiful family because of True Parents' Blessing.

After Sunday Service some young talented members of the 2nd generation gave musical presentations, thus contributing to the beautiful atmosphere of the event.

We were happy to have more than 20 guests with whom we could share our love for True Father and our experiences with him. Members and guests shared lunch together which gave everybody the opportunity to communicate more and to build relationships.
