

# One-Day Divine Principle Workshop

*Romania, Bong Moon Jeong, June 23, 2018*

We concluded last JeonDo Activities in 1<sup>st</sup> semester of 2018 with successful One Day Divine Principle Workshop. Whole workshop was joyful atmosphere with Romanian young people, STF and GMP brothers and sisters. We were so happy to receive these Romanian young people who want to understand about life and Principle.

We organized Divine Principle lectures with ‘Principle of Creation’, ‘Human Fall’ and ‘Introduction to Restoration’. This time STF brother and sisters prepared Divine Principle lectures and we could feel their sincere investment through lectures. Each lectures had 30 minute and after each lecture we organized team and had discussion time centered on questions. Each lecturer gave clear lectures centered on red-blue part of Divine Principle together with life advice for new guests. All the guests liked lectures and discussions. It was good motivations and inspirations for their life.

After the Divine Principle lectures we had lunch together. And we had very interesting project called ‘True Love is Action’. The purpose of this project is the practice of giving True Love for the people. So we made 3 teams and we got the list of ‘How to practice True Love’. We needed to approach people on the street and complete these missions. All the team put a lot of effort in order to practice of True Love. Especially approaching people on the street is not easy things to do. But all of us realized that if we have good attitude also people will respond in positive way. We just need to be aware about in our daily life we have many chance to offer our love. But we need to have courage and good attitude in order to practice it.
