

Workshop with Naturopaths in Sofia, Bulgaria

Bong Moon Jeong - January 27, 2019

On Sunday, January 27, members in Sofia, Bulgaria, organized a one-day workshop in the Peace Embassy with the title “The Universal Principles and Harmony in Ourselves and in the Universe.”

The speakers were three contacts who work in different fields of natural and alternative medicine. They were happy to promote their work and to bring their followers and patients. We took the opportunity to introduce them to the Peace Embassy and to the first chapter of the Divine Principle, which contains many connecting points with their philosophies and practices.

More than 20 guests participated in the program throughout the day. At the end, everybody was satisfied. We drank Holy Wine with the participants, gave them True Father’s autobiography, and invited them to upcoming programs, including our Family Festival on February 3.

Although we already had a common base with all the lecturers, through this event we reaffirmed our cooperation for the future. They were very happy to work in the Peace Embassy because they said they could feel the presence of the good spirit world.
