

“The vision is for a high-speed transportation artery linking the entire globe. On the day of its completion, much of our world will become one village linked by one road.” – Mother Moon

The Peace Road Initiative started in 2015, and since then hundreds or even thousands of people in every nation have taken to the road on bikes and walks to show their determination to realize a beautiful peaceful world. There is no greater vision to inspire ourselves and others. It’s what everyone would want to see in their lifetime.

After a week of rainy weather reports, the sun came out for our local contribution to this amazing world-wide event and stayed with us throughout the day.

Seven cyclists set out from the starting point in Niederglatt and headed along bike trails through the countryside towards Kaiserstuhl where they were joined by 2 more cyclists. Then together they continued their ride to Bad Zurzach on the river Rhine a total of 36 kilometres.

Meanwhile a group of 7 people met at Zurzach station. First of all they enjoyed a walk through the wonderful garden of a castle, with small ponds, shady trees and colourful flowers. It was an ideal setting to reflect on how beautiful the world could be if we are all willing to recognize and to know our Creator as a Heavenly Parent and that we are all one worldwide family.

Inspired for our short walk, we then went down to the riverbank of the Rhine and along the river enjoying the picturesque scenery and flowing water.

We all welcomed the cyclists at the barbecue area by the river and then we shared some delicious food and drinks together a “small” family group of 27!!!

Long into the afternoon we enjoyed talking with each other, something we hadn't been able to do for many months. Some went for a cooling paddle or swim before heading off in different directions.

It was indeed a memorable day !

Many thanks to all those who organized the event and made it possible.

PEACE ROAD 2021
DRAWING NATIONS & PEOPLE TOGETHER AS NEIGHBORS
