About the Workshop

The SNR+JNR workshop will be open for ages 13-19. We have decided to adjust the age range and develop the existing SNR+ Workshop to fill a need to receive education throughout the teenage years. To offer relevant guidance, some of the education will be divided into the JNR and SNR age groups. With the support of a dedicated staff team, and good role models, we want to establish relationships which can be a support into the future. Together, we want to develop a healthy community culture across the age group.

This workshop has a heritage and tradition that has been built up over many years, and it is from that pool of experience that we want to offer something which can reach and help teenagers to ground their faith and take the next step in their spiritual path. It will be an opportunity to reconnect with friends, and to build new bonds with brothers and sisters from all over Europe (and beyond), and to gain strength and clarity about our shared identity and path as blessed children. There will be relevant and relatable Principled content and Purity guidance, alongside a varied schedule of team activities and experiences in the special environment in Neumühle. Please consider applying, so that we can learn and grow forward together.
