

FFWPU UK: Introducing Resonance Worship - A New Worship Band Initiative

We are happy to announce the launch of a new worship band initiative from our youth to bring more worship music to our EUME community!

We are excited to announce the launch of Resonance Worship, a new worship music collective born from a shared love for our Heavenly Parent and the power of music to bring people together.

Led by Sophia N. and Ali G. from the River South community, Resonance Worship is more than just a band - it's a movement. Rooted in the spirit of connection and creativity, this initiative was inspired by the incredible atmosphere and unity felt at Munich Bloom, where many expressed a heartfelt desire to see more worship music led by and for Blessed Children across our region.

Our goal is simple: to create a space where worship becomes a shared experience - uplifting, honest, and full of spirit. Whether through live sessions or original worship songs, Resonance Worship seeks to offer music that speaks to the heart and helps us all resonate more deeply with our faith.

Our first major performance will be at the High Noon Summit in Prague on June 14th, and we can't wait to worship together with many of you there. As we move forward, we hope to serve the community not only by leading worship but also by producing music that you can bring into your homes, car rides, and personal prayer.

The band will also be present at our upcoming Annual Gathering Worship Festival!

Stay tuned - this is just the beginning.

Keep up to date with the band and see their content here!
