Connecting our UK Holy Community

[Weekly Service Schedule](#)

Dear brothers and sisters,

Greetings from Lancaster Gate, where on Friday IAYSP hosted a Christmas dinner, the UPF team is working on their next event, brothers and sisters join the Friday vigil prayer, the ballroom ceiling is under repair after a leak, members come in for meetings, sharing consultations and our missionaries just held a Korean culture evening.

I am sure your head or life sometimes feels like a buzzing building. Life tends to fill up with the things at the forefront of our minds. We need God's Peace to value what matters. True Parents help us connect to that peace and presence.

"Peace I leave with you; my peace I give you. I do not give to you as the world gives. Do not let your hearts be troubled and do not be afraid." (John 14:27, NIV)

Please read Mother's statement in court and connect to the peace and clarity that she embodies. In the Way of the Spiritual Leader (pp. 30-32), Father reminds us that the true shepherd is first and foremost a true lamb. As we enter the season of Advent, preparing to celebrate the birth of Jesus Christ, let us, as Blessed Families, inherit the heart of true shepherds and lambs. We wish all communities wonderful Christmas Services and a time of reconnection and unity.

In peace and harmony,
Bogdan & Yoshiko

Read True Mother's Statement

Below are notes of the statement that True Mother gave on December 1, when the judge asked, "Do you have anything you wish to say?" This is not an official translation.

"Even after passing the age of eighty, I have lived with the dream of attending the Creator, our Heavenly Parent, here on earth.

Therefore, for April 2025, the Creator's dream—according to the Principle of Creation—was that He wished to live on earth as the True Parents, embracing His children. Because I know this, I have devoted my entire life of eighty years to fulfilling that dream. I made a firm resolution that I must build a palace where the Creator could dwell. And so I invested myself completely in that mission.

I have had no interest in the politics of this nation—my entire life. Instead, I have educated people while praying for world peace, for one human family, and for all people who attend Heavenly Parent to become True Families, receive Heavenly Parent's love, and ultimately go to Heaven.

For this reason, political leaders, religious leaders, and scholars around the world know me as the Mother of Peace, as Holy Mother Han. Regarding this case as well, since they have observed me for a long time, it is true that they are deeply concerned about the current situation. Many high-level figures sincerely hope that this trial will be conducted according to proper democratic principles.

I am not the kind of person that the special prosecutor describes! I have absolutely no fear before Heaven—rather, I love Heaven! Because my lifelong wish has been to realize Heavenly Parent's dream on earth, I earnestly ask that, if given the opportunity in the midst of this unfortunate incident, you come to Gapyeong and see for yourselves. Please come to Gapyeong. See what I have done."

Member Spotlight! Brothers And Sisters Who Have Published Books This Year!

We wanted to take a moment to celebrate some of our beloved members and their publications! Please hear from them below...

Our Brother Chris Large wrote the book '[My Life as an Intuitive Empath](#)' which is available on Lulu, Amazon and Kindle.

Many have had the experience of thinking of someone and almost immediately being contacted by them or meeting them in person. Or having had a dream that later comes true. Such experiences are often explained as mere coincidence. Christopher Large experienced all these things and more throughout his life. There were so frequent he thought they were normal. For him, there was another reality beyond this physical reality. But others are unaware of the reality that he experiences intuitively. He is an "intuitive empath," a somewhat rare personality type that combines empathy with the ability to connect with the energy of others through intuition. This book was written from his desire to share his experiences with others, in hopes that by better understanding that there are forces at work, affecting and influencing our lives, people will be able to resolve many of the problems currently facing us.

My Life as an
Intuitive Empath
Reality Beyond Reality

Our Brother James Baughman called '[Cultivating Character](#)'.

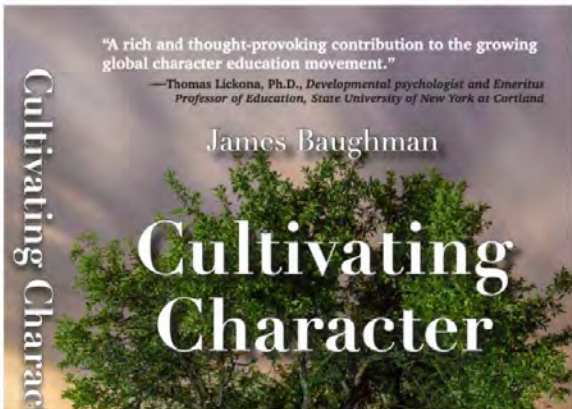

Cultivating Character: A prescription for happiness and success is a common-sense, secular approach to the Principle providing a practical means for all people, religious or not, to understand goodness and start on a path of personal transformation. It takes the weighty issues of morality and ethics from an academic, philosophical realm and brings them directly to the layperson and student.

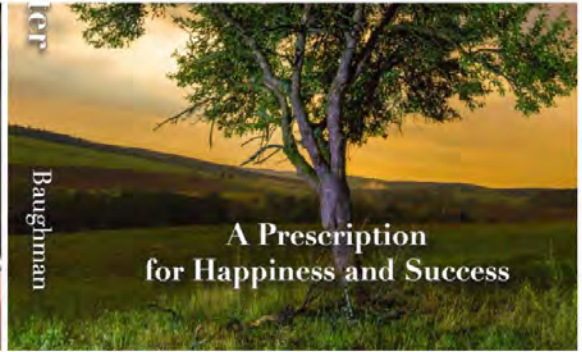

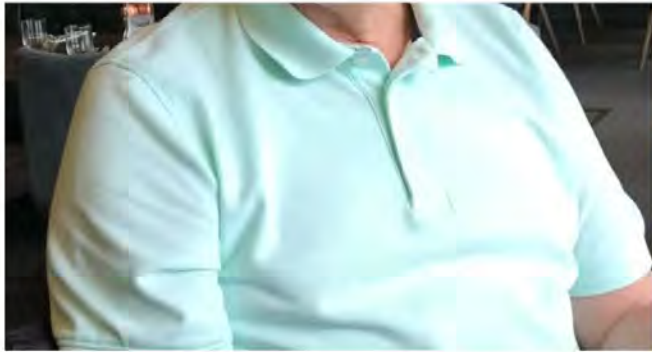

Available on Amazon as an e-Book and paperback, the book offers a practical, step-by-step approach to becoming a person of conscience. It shows how through education we can learn the nature of the good, and through training we can learn how to do the good. The goal is to reach an enduring heightened consciousness which advocates loving the good for its own sake.

The work offers clear explanations about the nature of good and evil, why good character is important, what good character looks like, and the central roles that marriage and family play in developing the most refined levels of emotional and moral intelligence in children starting at an early age.

Cultivating Character provides an essential resource for people of all walks of life, including parents, students, educators, clergy and civic leaders as it provides a pathway to achieve personal transformation by developing and mastering habits of virtue and heart. These result in a paradigm shift in which we naturally and consistently use our knowledge, skills and talents for the benefit of others.

For more information about the book and related seminars, visit Dr. Baughman's website at www.baughmaneducation.com

With the help of fellow members, a compilation of our beloved sister Ruby's poems was made. Many of these written during her time as a missionary when she was younger. It is a beautiful collection- look for for a video coming out next week with her talking through them in more detail!

Celebrating Korean Culture At The Why Principle Club!

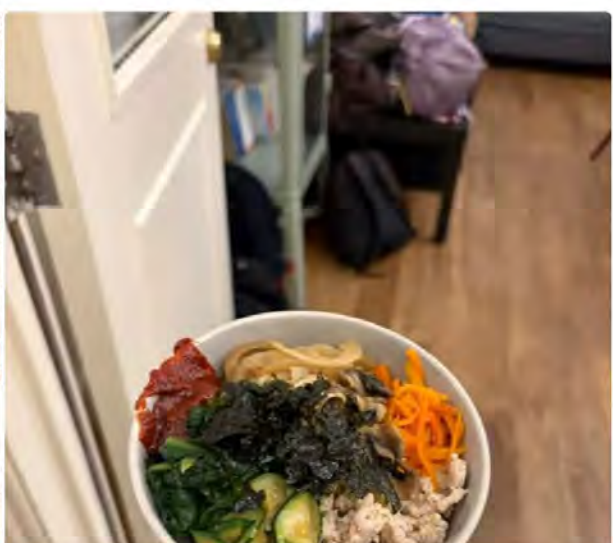

We recently hosted an exciting Korean Cultural Exchange event at the Why Principle Club, and it was an unforgettable experience! A total of 10 guests joined us for an afternoon filled with fun, learning, and cultural discovery.

The event kicked off with a lively icebreaker, setting the tone for an interactive and welcoming atmosphere. Guests then dove into the fascinating world of K-culture, exploring traditions, customs, and modern trends that make Korean culture so unique.

One of the highlights was playing Yutnori, a traditional Korean board game that sparked laughter and friendly competition. And of course, no cultural exchange would be complete without food! Everyone enjoyed the delicious flavors of Bibimbap, a classic Korean dish that brought people together around the table.

This event was more than just activities, it was about connection and understanding. We learned, shared, and celebrated Korean culture in a way that left everyone inspired and eager for more.

Thank you to all who participated and made this event so special. Stay tuned for more cultural exchange opportunities at the Why Principle Club!

Home away from Home

This one day workshop is a chance for our young people to spend meaningful time together as brothers and sisters, growing in sibling love, one of the Four Great Realms of Heart. It's a relaxed and heart-centred day that focuses on **siblinghood** and community. Through games, meals, and reflection, we'll explore and put into practice what it means to live our faith by caring for one another and create a true **home away from home**. HARP service will be on the 21st of December, so there will be an option to stay overnight with parents permission.

It may only be a day but we'd love to see you there.
Come spend the Christmas holidays together as brothers and sisters, making memories and sharing good times.

Seasons Greetings From,
River South Harp
