Welcome to the 3rd Annual HyoJeong Trip!

This is your opportunity to join us for international travel and experience the power of the Principle firsthand! Please read through everything, and fill out the form at the bottom before purchasing a ticket.

The **intention** for this year's trip is to unite with Mother Moon's vision to bring more people into the culture of heart, the HyoJeong culture, and to unite the nations of Korea, Japan, and America. Our goal is to use our influence as America to influence the young people of our nation and inspire the young people in other nations to stand up for a culture of heart, to make a foundation for the peaceful reunification of North and South Korea, to inherit the HyoJeong culture, and to expand CARP after our return.

This year, we will be travelling to Japan and Korea from **June 25th to July 11th!**

Our program will include:

- Networking with international CARP chapters
- Visiting historic sites to CARP's founders' history
- A 1000 student rally at Waseda University
- Sightseeing
- And more!!!

## CARP 'Hyojeong' Intercultural Trip to Japan & Korea

For the past two summers, CARP members traveled to sister chapters in Japan and Korea to experience what it means to be a global citizen. They learned that the core of being a global citizen is having a heart of love for others. Through intercultural exchanges, service, sightseeing, and education, these students returned home inspired to expand the culture of heart on their college campuses.

This summer, we are committed to bringing 360 people to revive American campuses and connect us to the world. Students from all over will join this world CARP gathering.

Be part of the revival by donating below. All your donations are tax-exempt and give students a priceless experience to commit themselves to God, peace, and purity.
