

TESTIMONY BY DAVID EATON

Two years ago a fundamentalist Christian in Mississippi bought a carnation from one of our sisters (we're not quite sure who she is yet, but if everything goes according to Father's desire, she'll soon be the proud mother of a whole tribe!).

Soon afterwards this boy became disillusioned with his church and churches in general because he couldn't find God in them. Then he began searching because he felt so strongly that the Messiah was on earth; (I wonder who told him!) He began meeting many people who had the same feelings as he had and so they formed their own group. Although they were united together, this boy realized that the group had no direction. Suddenly he remembered the girl who had sold him that flower 2 years before. (Was it just a good memory or was God allowing him to fulfill his 84 spiritual children condition in 7 years in only 2 years?) He quickly got a telephone book and looked up the Unification Church. He contacted "Pioneer" David Eaton and explained the situation. (I wonder if David was surprised!) Then David and another pioneer went to visit this boy and they talked for six hours straight. Without further adue, David suggested that the whole group attend a workshop and listen to the Divine Principle.

That's exactly what's going to happen. This group, by the way, consists of 80 people. David is praying that Mr. Sudo will come to Mississippi and teach the workshop. I don't think a team of wild horses could keep him away from it.

"Now", this may sound unusual, but in the future this will be a very small event.

NEW AGE PENTECOST IS REALLY HAPPENING. SOMETHING'S GOING ON!

Another exciting happening is that the IFA members in Brooklyn, (among them: 3-day workshop lecturer John Rauchee's mother and I.W., Phase III Karen Gabriel's mother), will be submitting a full page advertisement to the New York Times. It will explain fully how wrong all of the accusations against our church have been. They plan to explain deeply how hard working all of our members are and how dedicated. They are advising people not to become frantic over all the terrible publicity. Because they are older and reputable people, I'm sure that this ad will have a great impact on many people. This will make our witnessing alot easier. We'll be sure to send a copy of the article to you as soon as it appears in the newspaper.

In the meantime, we all want to tell you how much we love you and how grateful God and Our True Parents are for your hard work. Our constant prayers are with you. Until our next news flash--

Monsei brothers and sisters!
