SPEAKER DOUG BURTON.....FREE LANCE REPORTER

Weve already had different people and perspectives on the George Floyd generated outcry.

Doug Burton will Address Tonight yet another Angle of the Current National Crisis.

**In his words:**

"For five weeks America has been in crisis. 32 cities have been burned and looted. Statues are pulled down. Will we lose our rule of law? Endure a bitter cultural revolution? No, not if we act! The world is looking for us! Looking for our ideas, for our wisdom.

By the grace of God, True Parents gave us the international exchange blessing! Our community has transcended race. We have transcended religion. It's undeniable. The convulsions in America are the birth pangs of a new

culture. Part of the answer is to rediscover and emphasize the wisdom of citizenship in the Kingdom of God. Do we not pledge every Sunday to be "citizens in the nation?" True Father emphasized citizenship! He titled his autobiography "A peace-loving Global Citizen" !

The view of many is - Today very few politicians are standing behind our cops, because of fear. Not a sustainable situation. Cops are demoralized. 34-year-old Ken Anderson is a second-gen Unificationist cop in Minneapolis. Ken said on a zoom call recently, that police in Minneapolis feel totally abandoned. Smearred by a largely false and unfair narrative. The Minn. City Council has voted to fire the whole police force! Believe it or not! At the same time shootings since George Floyd, mostly of black people, btw, have skyrocketed. This seems a national emergency. But, if we step up, and act as real CIG citizens, it can be turned into an opportunity!"
