

Divine Principle Seminar

Milano, Italy, 3. May 2014

Last Saturday May 3rd we held an all-day in-depth workshop about Divine Principle and the Blessing in Marriage in the Milan center organized by BFD Milan and Bergamo. The participants came from Milan and Bergamo and were 8 guests, new candidates for the next Blessing (1st and 2nd Gen), young couples blessed in the last 3 years and several members. The guests had already heard the contents of 7 or 21 day workshop. The teachers were Ignazio Cabras and Alberto Zoffili who covered thousands of years of history professionally in a few hours and had given a lot of points of reflection to all. Lunch and the break times were organized by our always smiling sister Graziella and other gentle brothers and sisters of the Milan center. At the end of an intense day we greeted each other taking home many contents to look into more deeply in our daily life.
