

My dream - God's solution to the problems between Israelis and Palestinians - Intermarriage

Dear brothers and sisters,

I'd like to share with you a spiritual experience I had last night, while praying for Israel and Palestine. Recently I attended few conferences on this issue, organized by a think tank of a big organization. In few words, the main solution proposed by almost everybody, including EU and UN, is the two states solution, that means that Palestine should become an independent country separated completely from Israel. It looks a very rational and possible solution and all the world is working in that direction.

Last night, while praying, I myself was asking God: "If this is the solution, please help them to do it".

Suddenly a vision came to me, very clear and strong. I saw what would happen in that case and how Satan is working behind it. Palestine would become the tool of the countries that hate Israel, even more than now with limited resources. Lot of money will go to Palestine only for building a very strong army, with the purpose to destroy once and forever Israel. The situation of Palestinians would become even more miserable and hatred will increase exponentially between the two countries. Fear and hatred will dominate completely politics and all areas of life. I saw the hell as a dark cloud coming down to both countries.

At that point, Fathers words resonated "the two people must become one people, this is the only solution".

I remember now that this is a speech that True Father gave some years ago, but I don't remember exactly which one. I ended up my prayer begging God to show us what could we do to prevent this disaster. Then I went to bed again, trying to sleep, but it was impossible.

A clear voice came to my mind: "The Blessing, you must bless Israelis and Palestinians together, didn't I tell you many times!". I was really shocked by the awareness that we have such a powerful tool, once again, that can really heal the entire world. I know it is not easy: different religions, lot of bad history to digest, but my thinking at that point was not anymore in my control: "You start with one couple, than three couples and then continue bit by bit. Even few couples can start the process of healing! The Blessing is the most powerful weapon, more than the nuclear bomb!".

Dear brothers and sisters, please lets pray for the Blessing, as True Mother directed us, for the entire world. If the Blessing can heal Israel and Palestinians, can heal Koreans of the North and South and can heal the entire world. We know it, but now it is the time in which knowing is not anymore enough, we have to believe it 100% and work on it 120%. Only this will change history.

God bless us with many people to bless!
