

## **Get Ready for Famicon 2020 for 200 subregional, district, and state level leaders**

Demian Dunkley  
February 12, 2020

Famicon 2020 is almost here. This year's Famicon will be better than ever!

We are gathering over 200 leaders from the subregional, district, and state level from all across America to celebrate the events of 2019 and plan our national strategy and offering for 2020.

National Famicon will take place from Monday, February 24, to Wednesday, February 26, at the International Peace Education Center (IPEC). Invitations and further information for this National leadership meeting are being sent by the Subregional leaders.

This year, Famicon is even more exciting and special as we will host both National and Subregional level Famicon gatherings, so that we can all contribute to the 2020 offering.

Subregional Famicon conferences will be held during the second weekend of March, from Friday, March 6, to Sunday, March 8, in various locations across the nation.

Please look for information and subregional invitations coming from your Subregional team.

If you have any questions, please email your Subregional Director.
