### Heavenly Parent Church

Family Federation for World Peace and Unification (FFWPU) co-founder Dr. Hak Ja Han Moon, affectionately known as True Mother, gave a message to all world regional FFWPU leaders. The following is the unofficial translation.

For 6000 years, fallen human history has created many environments that have brought about division and strife among fallen human beings. When we look at the religious realm, Christianity underwent so many divisions for 2000 years. That is why any human-centered religion, politics or other systems cannot provide the hope humanity needs. That is why we need to return to God and realize the wish of our Heavenly Parent. That is the responsibility of True Parents. That is the responsibility of all the blessed children and blessed families.

The problem is, while I'm here on this earth, all of this must be accomplished. The unification of religions, of all ideologies, of politics and economy, and of everything must be unified as one during my lifetime. The proper system must be established so that all 7.7 billion people around the world can come within the embrace of True Parents and Heavenly Parent.

From now on, we are no longer the Unification church. We are no longer the Family Federation. We are the Heavenly Parent Church.

This must be established in all the nations and we must establish deep roots centered on Heavenly Parent's Church in all nations. While we are living on this earth this is our responsibility.

Our responsibility consists of expanding the realm of Cheon Il Guk so that all can attend Heavenly Parent on this earth and realize God's original ideal of creation. While we are alive on this earth, we need to live in communion by attending God. Let us realize this ideal.

Please be healthy. Please march forward with great strength.

Thank you very much! I love you all!

### **Come Together Under Our Heavenly Parent**

The following is the edited transcript of the message given by Dr. Ki Hoon Kim, International Vice President of FFWPU, at Sunday service on April 5, 2020 on Facebook Live [Family Fed USA].

I'm here with my family and we are trying to do our best to attend Heavenly Parent and True Parents. Thank you once again, brothers and sisters, for joining together with me. We wish you a great and enjoyable time, even in these circumstances, with your family centering on True Parents and Heavenly Parent.

Last week we had a special meeting with a True Mother and I'd like to share with you first True Mother's message about the next seven years and our vision for tomorrow. Everybody heard about the seriousness of the coronavirus circumstances in America. More than ever, True Mother is praying every day for the sake of the American family members and True Mother shares her love for the sake of the American blessing central families.

I'm very happy today because the Canadian family members have joined our service! God bless our Canadian family members and all of Canada. As you can see through True Mother's message, the times have changed -- from the Old Testament era to the New Testament era, and now we are in the Completed Testament era. Last Foundation Day [February 2020], True Mother proclaimed the establishment of Cheon Il Guk. In this new era, we have to adjust and adopt a clear and deep understanding of Heavenly

Parent. The Unification Church started off as the Holy Spirit Association for the Unification of World Christianity (HSA-UWC) and then as the Family Federation for World Peace and Unification (FFWPU) and now the Heavenly Parent Church. This church is not confined to the narrow definition of my church or your church.

In Korean, we say Haneul Bumonim Gyo-Dahn [하늘 부모님 교단] -- Gyo-Dahn means a religious organization or a religious body. Gyo-Dahn means everyone of all religious backgrounds, all religious people who attend God, come together and attend Heavenly Parent through attending True Parents. That is the meaning. This extends beyond church denominations and all religious institutions. This includes all humankind.

What is the purpose and mission of True Parents? To fulfill God's dream. What is God's dream? To build heavenly individuals, heavenly families, heavenly nations, and a heavenly world. This is God's hope and God's dream. According to True Mother God cannot wait any longer. Our Heavenly Parent wants all humankind to come together regardless of race, nationality or religious background. This embraces all humankind -- all 7.7 billion people. This is interdenominational, interracial, interreligious, and whoever believes in our Heavenly Parent through True Parent's blessing is included. This time has changed. We need to come together under our Heavenly Parent's vision.

As True Mother mentioned that for the last 2000 years of Christianity humans made churches and denominations and religious institutions around the world, but God cannot wait any longer. Centering on our Heavenly Parent, Heavenly Parent directed True Mother to lead these coming activities embracing all humankind centering on True Parents. This is the motivation behind True Mother initiating Haneul Bumonim Gyo-Dahn [하늘 부모님 교단] -- Heavenly Parent churches around the world.

Dear brothers and sisters, change your thinking; this is not just the Unification church. Even though we are HSA-UWC, people have called us the Unification church; even though we have FFWPU, we call ourselves the Family Federation. This Heavenly Parent Church is not just one denomination where we worship differently from others. This Heavenly Parent Church embraces all humankind. This is the direction True Mother is leading us towards today and for the next seven years, centering on True Parents and Heavenly Parentship.

True Mother really wants everyone to come together in this movement and then we can restart, have a new beginning centering on Heavenly Parent and True Parents. Today we are suffering under the coronavirus and I see many people online asking where God is? True Mother says we must be humble and we must come under the blessing of Heavenly Parent and together begin the Heavenly Unified World Providence with these new activities.

This is the mission of True Parents, of Heavenly Parent's Providence of Restoration, to save the world, to save all people. True Mother wants everyone to become a blessed central family. Religious people -- those who believe in God we call religious people -- come together and stand before the offering table and before Heavenly Parent. Together, we come before the offering dedication table and offer everything together for the sake of Heavenly Parent because Heavenly Parent is the owner of all creation. This is the real meaning of Gyo-Dahn and Heavenly Parent Church.

Thank you, everyone and God bless you and stay safe and be wealthy and healthy.
