

43-Day Prayer to Find People to Share True Mother's Autobiography

Demian Dunkley
April 27, 2020

Dear Family,

Thank you so much for your love and dedication to True Parents, and especially your prayers for True Mother at this time. As we heard from Dr. Kim, True Mother is praying for and thinking about all Blessed families around the world, and is especially concerned for all nations suffering now because of the coronavirus. She is asking that we continue to be vigilant, take care of our health and take care of one another by following the guidelines of our local authorities.

We are comforted by True Mother's love. I think you'll agree that over the past few days you can see a growing anxiety in America. The economy is suffering, and many people are not only concerned about their health, but also concerned about their future and the future of their family. America is a great country with a resilient economy; however, what America truly needs now is a new and deeper relationship with God. What better way to bring us out of confusion, than sharing the story of our True Parents.

Like many of you, Yumiko and I participated in the True Father's autobiography book distribution in Las Vegas several years ago. Actually, we had a great time handing out those books to complete strangers and striking up conversations based on True Father's personal story and vision. But the truth is that we didn't know most of those people and would likely never meet again. We didn't even live in Las Vegas at the time. However, it was stimulating to see blessed families flying in from all over the country to participate in that providence. Together we were able to distribute those books everywhere, even beyond Las Vegas. I still hear testimonies about finding True Father's autobiography in the most surprising places, such as Airbnb coffee tables, dentist's waiting rooms, etc. True Father's picture and his life story is definitely out there if you look for it!

As you heard, True Mother's autobiography will soon be available in English. This time, we considered a slightly different approach. We thought, how great it would be if we prayed in advance for the people we wished to give True Mother's autobiography, and if we chose a goal that most of us could at least begin to imagine from our actual network. We chose the number of 43 as a condition representing our tribes. Truthfully, for some it might take a few days to think of 43 people, but that's okay. We can offer our efforts centered on prayer for 43 days, and I'm sure God will guide you.

We believe this is the most important story to share with the American people now, and we want to ask all Blessed families to participate in this 43-day "[prayer to share](#)" condition together from April 26 to June 8. If you're joining the prayer and pledge to share True Mother's story with at least 43 people, please pledge with us at the [Mother of Peace](#) website.

Let's do it together and ensure True Parents' story reaches as many Americans to give America the hope and direction it needs now.

God Bless you and your family,

“When we start from a family whose members love each other and live for each other’s sake, then the hope of humankind, the dream of Heavenly Parent, the dream of one human family under God, will be realized. Here, there will be no borders. There

will be no walls between races
and cultures. There will be no
