About Peace Road

Peace Road project was proposed in 1981 by the late Dr. Sun Myung Moon and Dr. Hak Ja Han Moon who advocated an International Peace Highway Project. Through the project the world can be connected as one and the walls between races, cultures, religions, and nations can be broken down. From 2016 the project has included global peace bike, walk and ride events.

Peace Road, a global peace project in which all participants ride or walk for a single goal, world peace.
