Hello family. Make an offering to True Mother's Rallies of Hope. Peace Riders end their journey in breathtaking Alaska. Young African Unificationists need your support. And the latest news from Korea features Peace Road.

Support the Rallies of Hope

Letter from Dr. Kim and President Dunkley

Dear Family,

Thank you for your investment and efforts to support Heavenly Parent's providence and True Parents' vision for America and the world.

As you know, on August 9, True Mother launched a worldwide providence with the first in a series of 5 international Rallies of Hope. The first Rally focused on The International Summit Council for Peace (ISCP) and featured notable current and former heads of state.

The second Rally of Hope, currently scheduled for September 27, will focus on ISCP in collaboration with International Association of Parliamentarians for Peace (IAPP). These rallies are the direct continuation of the World Summit of February 2020 and the work of the Universal Peace Federation, and are part of True Mother's work to realize the Heavenly Unified World. You can learn more at rallyofhope.org.

As Blessed families, we have an opportunity to support True Mother's efforts and participate in this work by attending these rallies virtually, inviting our tribes to join as well, offer our sincere devotion through prayers, and also making a financial contribution.

Please consider making your donation to directly support True Mother's worldwide outreach efforts. You can make your donation at rallyofhope.us, where you can also enjoy the recap of the August 9 rally, and where subsequent rallies will be broadcast. You can also find the donation link at familyfed.org or go directly [here](#).

Let us offer our hearts and continue to invest ourselves to support True Parents. Let us remain attuned to the Rally of Hope message and follow the guidance of True Mother to realize the Heavenly Unified World and offer it to Heavenly Parent together with True Parents.

Thank you all again for your unwavering support.

God Bless you and your families,

Dr. Ki Hoon Kim, Regional Chairman

Rev. Demian Dunkley, President

End of the Tour, but Not the End of the Road

Peace Road 2020 comes to a successful conclusion in Alaska

It's been a long road for the Peace Riders. The group wrapped up [their whirlwind 6,500-mile journey](#) on August 21 in Anchorage, Alaska, after weeks of joining local peacemakers, clergy, and public figures in 30 cities to pray and share messages of peace and reconciliation at numerous historical sites.

A few Peace Riders arrived at the Bering Strait via a small plane, flying directly above the body of water separating the United States and Russia by 55 miles at its narrowest point. As the only marine gateway between the Arctic and Pacific oceans, a crossing would provide a connection linking North America and Eurasia—creating an 'international peace highway' joining five of the seven world continents.

"We are going to build that bridge between the former enemy nations of America and Russia," said Universal Peace Federation (UPF) USA President Dr. Michael Jenkins. "Dipping Mother Moon's book into the Bering Sea proclaims that we...will bring unity to the world by bridging all cultures and reconciling all people to bring about God's providence."

Laptops for African Youth

Online ministry in Africa needs your help during COVID-19!

Fifty young Unificationists all over Africa have just completed a 21-day Divine Principle workshop. These young people are smart, tech savvy, love God and are eager to roll up their sleeves and get to work for the providence.

Because most outreach is now online during the COVID-19 pandemic, they are in desperate need of laptops to create websites, make creative content, and host webinars with translation. The GoFundMe fundraiser has already raised enough for 9 laptops, but they still need help to reach their goal of 20 laptops.

Please consider giving any amount you can to support Africa's online ministry!

Greetings Friends,

Fifty second generation young people all over Africa have just completed a 21-day Divine Principle workshop and are eager to contribute to heaven's providence. Because most outreach is now online during the Covid-19 pandemic, there is currently a great need in the continent for the creation of websites and online creative content and the facilitation of webinars, including translation. A number of these webinars are with heads of state, former heads of state and other high level leaders, so they are critically important and need to be highly professional.

These young people are quite capable of providing the technical support to make this happen -

- if they have the tools to do so -- or learning how to provide that support. The tools they need most right now are laptops.

I am Evelyne Winter, wife of the late Kevin Winter, missionary in Africa since 1975 who passed away in May 2015. These young people are the potential future leaders of Africa. They are smart, tech savvy, love God and are eager to roll up their sleeves and get to work for heaven.

After the conclusion of this workshop, they really need an opportunity to become actively engaged in the providence, and there is also a substantial need for technical work to support online outreach. Laptops will perfectly match those two great needs.

We understand that this is no doubt a challenging time for you financially. But your donation of whatever amount -- however much you feel you can afford -- will be a substantial blessing for the African providence at a time when the desire of these young people to contribute to heaven's work is at a peak and when the need for their creative technical talents is significant. We would indeed be grateful if you would consider contributing now to this very worthy and timely project.

Thank you! May Heaven bless you and your family abundantly!

- **AUGUST 23, 2020**

by Michael Kiely, Organizer

Our 72 donor just gave \$210 and put the real amount raised over \$5,000. 72 is a tribe, and what a tribe you have proved to be! African 2Gen will be deeply grateful to you all -- as are we!

Actually \$180, not \$150. GoFundMe has already taken out \$166, so \$180 should take us over \$5,000.

Twelve donors gave \$100 or more, one gave \$400 and one gave \$500. You twelve dug deep, and we want to particularly acknowledge your love for... [Read more](#)
