Hello!

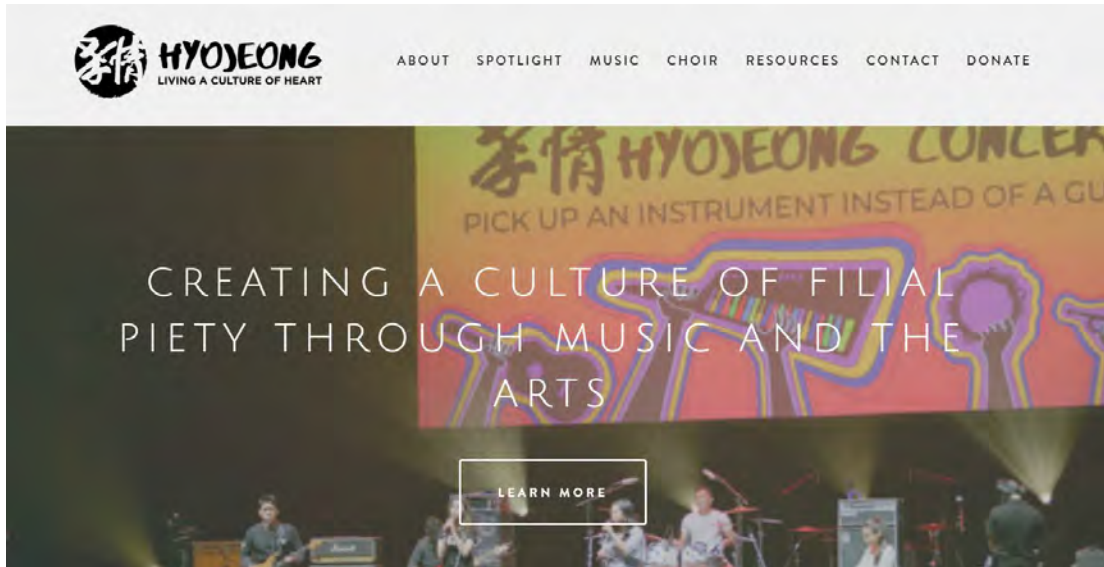

Have you been enjoying the music on National Family Service? Us, too.

We're so blessed to have such a large community of artists and musicians willing to offer their talents so that we can connect through artistry and beauty. Thank you to all who have been a part of it so far.

Good news! We have a full YouTube playlist of all the songs that have been on the National Family Service since Day 1. We hope you enjoy and can share your favorites with your friends and family.

This has been a project of the HJ Culture of Music and Arts Department. Don't know much about it? Go to our website at hyojeongculture.org and check out what we've been up to!

If you feel inspired by our mission, we invite you to donate. We're currently a department run mainly by volunteers, so donations will help immensely to get other projects off the ground. We'd like to support our local and international musicians and artists and eventually build up more ways to support communities to create more art through concerts, workshops, scholarships and more.

National Family Service is a project of Family Federation for World Peace and Unification (FFWPU) USA.

DONATE TO THE HJ CULTURE FUND

YOUR DONATION GOES A LONG WAY

Support the arts! Every donation to the Hyo Jeong Culture Fund will go towards funding collaborative projects, creating concert events, building scholarships, and running contests through the Hyo Jeong Culture and Arts Department. We aim to support our artists, musicians, dancers, filmmakers, and all performing artists who create Hyo Jeong Culture. Your donation makes a difference! Any amount is greatly appreciated.

If you want to take it one step further, you can also make your donation recurring monthly. Our commitment is to use 100% of the funds towards all efforts through the HJ Arts & Culture Department.

FREQUENTLY ASKED QUESTIONS

What is the current need for funds?

Our current project, as of September 2020, is the HJ Virtual Peace Choir. We have around 40 people participating, representing countries from all around the world. Participation was free, but there are costs involved in production, including: providing practice resources, hosting live rehearsals, mastering the audio, and editing the video. We thank you for your support in this project for peace!

We've also been supporting the on-going efforts of the National Family Service in the US. Though much of it is run on a volunteer-basis, we want to build up a fund so that we can better support our musicians and media team.

What future projects will this fund?

We'd like to see many things in the realm of HJ Arts & Culture. Several future projects may involve: more virtual choirs, songwriting contests that encourage expression of hyojeong, virtual or in-person concerts, supporting musicians and music ministries by hosting webinars/classes (i.e. teaching how to use soundboards, how to record properly, songwriting classes etc). Currently our efforts are geared towards music and musicians, but we'd like to see our Culture expand to art, film, and more.

Where can I ask questions?
