Hello family. Happy Chuseok! President Dunkley's call for prayer through the election season. And a new bonus episode awaits in your Treasure Box.

Happy Chuseok!

Dear Brothers and Sisters,

Yesterday, October 1 and the 15th day of the 8th month by the Cheon Il Guk Calendar, was Chuseok, the Korean Thanksgiving. True Mother mentioned Chuseok at her speech in the recent Rally of Hope, and referred to the beautiful tradition around this holiday offered by the people of Korea.

She shared with the entire world how significant Chuseok is as a time we offer our gratitude to Heaven with our families, parents and children together in attendance to our ancestors. Chuseok is a time to be grateful for present blessings from God, and also for the sacrifices and foundations that our ancestors have offered and laid. This is also a time of celebration, for the generations to come together and

share in the joy and happiness of being one family.

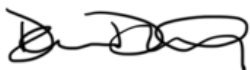

True Parents have honored this long cherished tradition and bequeathed it to us. True Mother continues to celebrate Chuseok every year and leads us in attendance to Heaven. Let us join in the spirit of Chuseok, remember our loved ones and all our ancestors that are working with us to further the providence, and let us be joyful together.

Let us continue to support True Mother as we continue to work towards the realization of the Heavenly Unified World.

Once again, Happy Chuseok to all of you, and God Bless you!

Dr. Ki Hoon Kim, Regional Chairman

Rev. Demian Dunkley, President

We are Chosen to Guide this Nation

From Rev. Demian and Yumiko Dunkley

Where is God's Will to be found during this political season? It's easy for us to become fixated on a particular party view, platform, or candidate, so we have to remember that God and True Parents are the center, not the President of the United States, and certainly not any particular party or political view. The president's responsibility is to attend our Heavenly Parent and True Parents.

Regardless of who sits in the oval office over the next four years, our responsibility doesn't change. Our responsibility is to guide this great nation to fulfill its God-given destiny. True Mother stated it clearly in her address during the last [Rally of Hope](#). She reminded us that America has been blessed by God, and on the foundation of 400 years of Christianity, America must stand up and share its blessings with the world. So what is the Greatest blessing that America has received?

In our opinion, the greatest blessing that this nation has received is True Parents. They lived here for over 50 years and offered everything here. That was not just because America is special, it is because America has a special mission to accomplish.

The first thing we must do is understand providential timing. Based on that we can identify the essential criteria for success. So what are the most important providential points we have been focused on?

1. The reunification of Korea
2. Strengthening Christianity in America centered on the American Clergy Leadership Conference that is guided by True Parents.

This is what we are looking for right now above all else. If America is successful in these two areas, all of the other challenges we face can be far more easily resolved.

Therefore, no matter who wins the election, it will be our responsibility to make sure that the next American president and the government of the United States supports these two providential criteria.

Last year, Yumiko and I and the kids (and Dallas), along with our sub-regional directors and district and state pastors and family members, quietly participated in a [national prayer tour](#) visiting the memorial sites of every American president, praying for support and cooperation for America to fulfill her destiny.

Next, as a nation, we offered the necessary conditions to liberate and bless them, along with all the couples who arrived on the Mayflower as representatives of the early Christian pilgrims.

Yesterday, at 12 a.m. on October 1, a few of us quietly gathered in the main house at Belvedere, to [celebrate Chuseok](#). We felt called to do this at a national level to invite our former presidents and pilgrim fathers to bless and guide America during this political season.

As blessed family members, let us pray our way through this time and root our actions in God's Will, for we are uniquely Chosen to do so.

God bless you,

Demian & Yumiko Dunkley
