The poster features a vibrant background of a sunset or sunrise over a mountain range, with clouds in shades of orange, yellow, and blue. In the upper right corner, there is a circular logo with a mountain and the Korean text '天心苑' (Cheonshimwon). Below the logo, three white birds are flying. In the center, a circular inset shows a smiling couple, a man and a woman, both wearing traditional Korean white clothing (hanbok) with gold beaded necklaces. The text 'CSW USA' is in large white letters, and '3rd Spiritual 40-Day Workshop' is in large yellow letters. The dates 'July 12 - August 20, 2025' are in a white box. At the bottom, the fee and participant requirements are listed in white, and the contact information is in yellow.

National Ocean Challenge Program

[LEARN MORE!](#)

"The ocean has been such a wonderful teacher for me in my life that I created the Ocean Challenge program to give young people the leadership training the ocean provides."

— SUN MYUNG MOON

NOCP MISSION STATEMENT

We empower future leaders to become true owners of God's Creation through ocean based educational and experiential activities rooted in the teachings of Father and Mother Moon.

OBJECTIVES

- Develop character and confidence through seamanship
- Experience the heart of stewardship
- Cultivate faith through experiencing God's love through nature

through nature

PROGRAM DETAILS

NOCP offers 2 different programs to select from for young adults ages 17+*

PARTICIPANT

JUNE 30 -JULY 22, 2025
21-DAY PROGRAM

NOCP offers a unique hands-on immersion experience of God's Creation for young adults in remote Kodiak, Alaska. With the ocean as the training ground, come develop character and confidence through seamanship, experience the heart of stewardship, and cultivate faith through experiencing God's love through nature.

NOCP seeks to continue Father and Mother Moon's tradition and legacy of growing the character and faith of young people through leadership training on the sea. Through internal guidance and connecting to their words and experience, participants have the opportunity to walk in Father and Mother Moon's shoes and experience all the lessons that the ocean has to teach.

Each morning begins with morning devotion and a morning service introducing the day's theme. Days are filled with activities in nature including full days on the ocean learning the basics of boating and fishing, and how to jig and troll for Pacific salmon, halibut, rockfish, and ling cod. Throughout the program, participants will rotate to each of our four boats, learning from the senior captains who spent many years with Father and Mother Moon. They'll share their stories and lesson and also their unique fishing styles. Each senior captain is supported by a captains-in-training (CIT). Evenings are filled with testimonies from local members, educational activities, and personal reflections. On Sundays, NOCP joins the local Kodiak Family Church for service and fellowship.

NOCP partners with local organizations and non profits to do service work related to marine stewardship and sustainability. Participants will also be certified in CPR/First Aid.

Other highlights of the program include river fishing, team reflection beach bonfires, a Kodiak City tour, and an end-of program fishing tournament - with prizes!

There are only 20 participant spots available for 2025 so apply soon!

APPLY NOW

**Participants must be age 17+ by program date.*

Staff Roles

CAPTAIN-IN-TRAINING (CIT)

JUNE 22-JULY 28, 2025
37-DAY PROGRAM

We are seeking three CITs to join our staff team, coming a week early to prepare for the program and staying a week after the program.

The primary intention of the CIT program is to provide a leadership training opportunity where the elder captains can pass on the heart and legacy of captaining to the younger generation, sharing their wealth of spiritual and technical experience. CITs will spend their prep-week beginning each day with morning devotions and guidance from their elders. Themes include the heart of being a leader, stewardship, and faith training on the ocean. CITs will also be instructed in the basics of boat preparation, safety, maneuvering, as well as charts, navigation, and fishing techniques. CITs will also enjoy an overnight fishing trip with the senior captains and staff in preparation for the program.

Prior to the program, CITs will be given prep materials to study and become familiar with. During the program, CITs will be paired with a senior captain whom they'll assist with boat preparation, maintenance, safety, and navigation. They'll also play a key role in teaching and supporting participants on the water. On land, they'll serve as an extension of our staff team, supporting the team leaders, activities, and education.

After the NOCP program, CITs will assist in hosting a local Family Ocean Challenge Day, and share reflections on the program.

There are 3 CIT spots available.

It is preferred that CITs:

- Have attended NOCP previously or have boating/captaining experience
- Have their CPR/First Aid certification

History

The first Ocean Challenge program was initiated by Rev. Sun Myung Moon on July 1, 1981. The program was designed to cultivate faith and leadership by challenging participants to spend a summer fishing for Atlantic bluefin tuna. Rev. Moon designed the Good-Go boats, still used today.

Ocean Challenge instructed its participants in both the theoretical and practical aspects of boating and fishing. Ocean Challenge was also unique in its strongly spiritual focus, encouraging participants to challenge their limitations and concepts of themselves, others, and God. There was also a strong emphasis on self-discipline, self-motivation, leadership, and meeting God on the swells of the ocean. The Ocean Challenge spirit motto was, "If God calls, I will go, no matter the circumstances."

When Rev. Moon started "Ocean Challenge Alaska" in 1986 in Kodiak, Alaska, he expressed that the Alaskan Spirit was as same as Ocean Challenge Spirit.

"I like to use the phrase "Alaska Spirit." By this I mean the habit of getting up at five o'clock in the morning, going out to sea, and not returning until well after midnight, when in the summer it is still light. The person with "Alaska Spirit" stays out on the ocean until he catches the daily allowance. One cannot become a true fisherman unless he learns how to endure this way. Catching fish is not a pleasure cruise. No matter how many fish may be in the ocean, they are not going to just jump into the boat. It takes specialized knowledge and much experience. Once a person receives intense training to become a fisherman, he can go anywhere in the world and become a leader of people. Learning to be a fisherman is good leadership training."

NOCP has been hosted each summer in Kodiak since 2007. Chris Fiala, Frank Button, and Minoru Kageyama, three veterans of Ocean Challenge, launched a three-week summer program for youth ages 16-35 to give the next generation a taste of the Father Moon's love for the ocean, fishing, and all that it has to teach.

Raising Funds

Get creative!

As a character and leadership training program, we encourage you to be creative in how you raise the funds to come to NOCP this summer! We also believe that the more you actively invest in securing these funds, the greater your experience at NOCP will be.

Here are some suggestions for ways to personally generate financial support:

- **Write out your own purpose statement for coming to NOCP:**
 - Donors are most inspired to support you when you have a clear purpose for attending and can share how you hope to use your experience to benefit others.

- Share the purpose of NOCP, the details of the program, and our website

- **Ask for support from people you know:**

- Create a Go Fund Me campaign and invite friends and family to support your trip
- Approach your local Pastor and church community for support. Articulate how this training experience empowers you to contribute to your local community.
- Approach older brothers and sisters in your community who would be excited to support this opportunity for you

- **Ask for support from people you don't know (yet):**

- Ask local business owners to support your trip. (Think sporting store, tackle or outdoor gear shop, or your favorite mom and pop restaurant.) Local businesses are looking for awesome opportunities to donate to (tax benefit for them)! Here's a flyer you can print and share. *(PS. Last year, Lukas Bercy approached a local business which was selling slightly used fishing rods, but after sharing about the program, the owner was so inspired he donated \$4,000 worth of rods to NOCP!)*
- Look for grants and scholarships being offered by your local community

SCHOLARSHIPS

With great financial support from private donors, we are already able to **subsidize 50% of the true cost** of the program for participants, team leaders, and CITs.

As a character and faith training program, our sponsors and staff feel it's important for participants to own their experience. We believe that the more you actively invest in securing funds for the program, the clearer your motivation and intention for coming becomes, and the greater your experience at NOCP will be!

Thus, before seeking an NOCP scholarship, we ask all participants to fundraise and creatively seek sponsorships from their local communities, friends, and family first and demonstrate a sincere effort to raise funds.

Know that we are committed to supporting each young person who would like to participant in NOCP to do so. We understand that there are sometimes extenuating circumstances, so with the support of several generous donations, NOCP is able to offer a limited number of scholarships to support participants in attending. Scholarship amounts range from \$100 - \$900.

If needed, please fill out the scholarship application below **after** you have received your acceptance letter.

All scholarship applicants are requested to be on the Sponsor Page.

Our staff will review your application and get back to you as soon as possible!

Questions can be directed to nocpkodiak@gmail.com.

A Helly Hansen Classic, Waterproof Bib!

These adjustable, fully waterproof bibs are perfect for anyone that spends a lot of time at sea, fishing, in inclement weather, or anywhere in-between. The adjustable waist, elastic suspenders, and push button adjustment at hem provide the perfect fit, while the EN 343 3,1 ensures you stay dry when it matters most. These extremely durable bibs are built to last and are trusted by professionals making their living at sea.

This bib pairs perfectly with the Helly Hansen Mandal jacket.

Features:

EN 343 3,1
Fully waterproof fabric and construction. These bibs protect against precipitation- rain or snow, fog and ground humidity.

Inner Chest Pocket
The zippered inner chest pocket allows for an easy storage solution for any valuables. Keep your phone dry and protected!

Fully Adjustable
Push button adjustment at the hem to provide the perfect fit!

Comfortable Suspenders
Elastic suspenders are height adjustable and provide a comfortable fit.

Write a customer review

Customers say

Customers find these overalls comfortable and well-fitting, with plenty of room to wear them over clothes without being baggy. The overalls keep customers dry and are particularly effective in the rain, with one customer noting they work well for recreational clamming. Customers consider them good value for money and appreciate their durability, though some report they rip too easily. The weight receives mixed feedback, with some describing them as lightweight while others find them heavy.

There is no bad weather, just poor clothing choices.

used for work, bought a size larger than I needed to allow for bending, lifting, etc. Works great.

Wear a billed hat with it though, unless you have a giant watermelon for a head as the hood will drop down to your nose. Not a unique problem, had similar issue with other suits.

★★★★★ **Great**

Reviewed in the United States on August 14, 2024
Color: 480 Army Green | Size: Small | **Verified Purchase**

These were purchase for a very wet and dirty volunteer job. They have been worn weekly for a few months. They have held up perfectly. The legs are long but the shoulder strap can be adjusted to your height. They easily wash up with a brush and soap, a hose or in the wash. I would recommend placing them in the dryer but I honestly don't know what would happen if they were put in the dryer. Hung them dry and they have come out fine. Maybe a few wrinkles but that doesn't bother me. I am 5'7" and a size 4. These fit well with the adjustable strap to not drag on the ground. There is plenty room to breath. May have been able to get a smaller size as wearing yoga pants underneath, those still are roomy. Highly recommend.

Customers say

Customers find the rain jacket well-made with heavy-duty material and appreciate its effectiveness in keeping them dry, with one customer noting it stays dry until they start to sweat. The jacket receives positive feedback for its style, value for money, and functionality, with customers loving its bright orange color. Customers disagree on the fit, with some finding it too large while others say it's too tight, and there are mixed opinions about its weight, with some describing it as a thick slicker while others find it too heavy.

★★★★★ Best I've used

Reviewed in the United States on May 15, 2025

Size: 3X-Large Color: Classic Navy Verified Purchase

I work outside and have used many jackets from north face, carharrrt, regular ponchos even the big orange suits. All have either let me get wet especially at the cuff and base or just made me uncomfortable and sweaty. This one keeps me dry since I've gotten it I was in two large rainstorms for multiple hours and did not get wet under it. I don't know if it breathes but my partner got hot and sweaty with his jacket I didn't not with mine. I got the 3XL which is big but I did so in case I want to wear a hoodie under it in winter. For the money it's worth what I got highly recommend.

★★★★★ Excellent Quality

Reviewed in the United States on May 16, 2025

Size: X-Large Color: Army Green Verified Purchase

I've bought several of these rain coats for people and they cannot be beat. They are extremely comfortable, durable, and keep you dry.

★★★★☆ It's big

Reviewed in the United States on April 18, 2025

Size: 5X-Large Color: Army Green Verified Purchase

4xl was a little snug and this 5xl is huge but I will keep it

★★★★★ **Good For The Price**

Reviewed in the United States on March 21, 2025

Size: X-Large Color: Classic Navy **Verified Purchase**

This coat works best for activities not associated with bending repeatedly as rain will enter (not zipped, snaps only). Helly Hansen is top-grade.

★★★★★ **Works great**

Reviewed in the United States on February 20, 2025

Size: Medium Color: Army Green **Verified Purchase**

Bring on the rain! It feels well made and keeps you dry. It is a button up jacket which is a bummer but it definitely does it's job.

★★★★★ **I am really happy with the quality of this raincoat (have not worn it in rain yet)**

Reviewed in the United States on October 24, 2024

Size: X-Large Color: Classic Navy **Verified Purchase**

This this fits so comfortably. this this FEELS like a quality raincoat. The seams and stitching look so strong I have not worn this in the rain yet but i should at least mention i havent had a raincoat this well made in a long time. I cannot afford to spend as much as other brands are asking, only reason i tried this is beacause of the price point. it seems that everyone i show it too already knows Helly Hansen products. i did not know about them until this rain coat. very happy. if it fails to protect in some way i will update this review

Thank you helly Hansen for making something this good that anyone can afford.

★★★★☆ **Needs Design Improvements**

Reviewed in the United States on February 20, 2025

Size: Large Color: Army Green **Verified Purchase**

I am 6ft tall with skinny arms and wear a size Large. The arm hole openings in this rain jacket are too small, and it is a problem in winter when I wear layers (tee and 2 sweatshirts) under the raincoat. Also the arrangement of the snap buttons is odd and clumsy. A zipper would be better. The rain jacket does do a good job of keeping me dry.

Testimonials

"I gained a deeper understanding of God, TP and ocean providence. I felt like I experienced unconditional love, joy and freedom from God in a way I never felt before. NOCP gave me the space to reflect, digest and move forward. (2021 Participant)"

"I was taught that perseverance and determination are some key factors on the ocean when trying to overcome obstacles. Always prepare for more than what you expect. Finally I learned that God is always with me wherever I go, even if I can't see him. He'll come when you need him most."

"NOCP was an incredible opportunity to push past physical limitations, feel God's love through the ocean, and understand True Parents heart on a deeper level."

"I felt I learned much more deeply about God's love for me and others, in that It is unconditional and freely given. The creation around and the amazing experiences we had in the water helped me realize this. I also understand True Parents more as parents, who established NOCP because they want us all to have amazing, exciting lives and experiences with gods creation. (2021 Participant)"

"I really enjoyed the space and time to reflect on different things in my life. It was an opportunity to analyze different internal aspects and challenges I am facing and make new determinations moving forward. I also really enjoyed being in such a beautiful place. "

"One of the biggest lessons I've learned being here on Ocean Challenge is how much God wants me to be happy. As much as he wants my fellow brothers and sisters to be happy, nothing matters if I'm not. I really value exactly experiences I've had with the uncles and staff here. I feel everyone's sincerity and genuineness in their life of faith and saw that's something maybe I need to work on too. (2021 Participant)"

"My top takeaways is that I have responsibility and ownership over the action that I make. (2021 Participant)"

"NOCP was a unique program like no other and I believe everyone brother and sister should be able to experience something like Ocean Challenge."

"An amazing coupling of nature, spirituality, and fishing."

"NOCP was one of the best experiences I had in my life and has an atmosphere that can't be compared to anywhere else."

"NOCP fostered gratitude and perseverance. I have a more clear direction of where I want to go in life. (2021 Participant)"

"I got so much more than just ocean fishing. Of course ocean fishing was incredibly fun, but I also received a lot of love from the NOCP community and experienced spiritual connection and growth."
