Thank You for a Powerful Prayer Call!

Dear brothers and sisters,

We moved Heaven last night with over 1,200 participants on the continental Prayer Call. Thank you to those who gave a representative prayer and to everyone who offered your prayers and devotion to protect True Mother, our Holy Mother Han, and Heaven's Providence. Let us continue to offer our sincere devotion and keep moving forward with confidence.

With gratitude,

Rev. Demian Dunkley

Thank you, Rev. Dunkley, for initiating the continental prayer call last night. It was a powerful time of prayer, led by Rev. Dunkley, with all the key leaders participating to pray, also joined together in unison prayers with our brothers and sisters across North America.

It was painful to hear the news that True Mother is currently under a temporary **travel restriction, especially as she is the one determined to fulfill God's providence** and who embraces and cares for the entire world and all of humanity.

In this urgent time concerning True Mother, it is a meaningful and powerful condition for us to come together in continental prayer—to protect and support Holy **Mother Han and God's providence.**

Mihoko Gonzalez

Thank you very much for hosting the prayer call. As we have come to learn, prayer plays such an important and essential role on many levels. I believe I speak for most of us when I express how much we appreciate coming together to pray as a faith community, especially in this new era of spirit and truth.

Thank you for your heartfelt prayer and for including the representative prayers by Rev. Barrett, Dr. Ki Hoon Kim, Rev. Kajikori, and Pastor Nina Urbonya.

I felt that the purpose of the call was to acknowledge the seriousness of this time right now, especially as it relates to Holy Mother Han, Korea, Japan and the US; to ask **everyone to pray for True Mother’s protection; to ask everyone to stay strong, not be** influenced, and engage in what needs to be done at this time.

I believe that those who stand strong in their faith at this time, are those who have been trained in decades of trials and adversity. We understand that Satan and evil will strike the hardest after a significant victory for heaven, ie, the Entrance Ceremony, and the Completion of the Providence of Restoration.

We understand that it is our calling to keep moving forward in heaven’s direction (facing north) and Holy Mother Han’s directions. We understand that some days our actions may move us forward, and some days we may have to move backwards a few steps before we can move forward again.

I offer these points, in attendance of Holy Mother Han, with gratitude.
