"When I saw her, I was really surprised. She was shining... She said to me, 'No, don't worry about me. The Creator is watching over me.'" – Prophet Uzwi-Lezwe Radebe

Today, Nov 4, 2025, the revered South African spiritual leader—founder of The Revelation Spiritual Home, drawing millions—flew 16+ hours with his wife, leaving conferences & their 3 school-age children behind, to visit Holy Mother Han, Dr. Hak Ja Han Moon at Seoul Detention Center.

After 42 days of unjust detention, he found her radiant at 82, more concerned for him than herself. He prayed with the members of Family Federation of World Peace & Unification, urged all faith leaders to stand strong, & declared: "When she comes out, we will emerge stronger—much stronger than before."

Interfaith love in action.

Prophet Radebe! You are great! You understand the Heart of Heaven. This is to forget your own situation and think about others first. Your example is the same what we learned already from Jesus, and now from our dear Holy Mother Han.
