Calling all leaders, tribal messiahs, and blessing officiators: great news—holy wine is now available in easy to-go pull-off-the-cap cups! Continental Chairman of FFWPU North America, Dr. Ki Hoon Kim, conducted a special ceremony on August 31 to sanctify 20,000 individually wrapped cups of holy wine so that they may be used to bless families, tribes, and communities.

"The ceremony was a very holy experience," remarked Crescentia DeGoede, the Director of Blessing and Family Ministry who attended the ceremony. "Even though the setting was very simple, a heavenly atmosphere was created because of True Parents' photo and spiritual presence. Dr. Kim prayed in Korean, but I could feel his heart for True Parents and tribal messiahs."

"I am so happy about this," said Demian Dunkley, the Director of Witnessing and Education, regarding the new holy wine cups. "Our tribal messiahs have been asking for these cups almost every other week on our [tribe net calls](#). This will make it so much easier for our tribes to conduct Holy Wine ceremonies."
