

Top FFWPU USA Leaders' meet to figure out how to reorganize priorities for 2019

Demian Dunkley
January 6, 2019

Just days after an intimate meeting with True Mother, Regional Chairman of Family Federation North America Dr. Ki Hoon Kim and newly appointed President of Family Federation for a Heavenly USA Rev. Demian Dunkley hosted a core leadership team meeting with the Subregional and Affiliate Leaders to discuss plans for 2019. The meeting commenced on January 4 and concluded on Friday, January 6.

True Mother had guided them with a sense of urgency, so while two days is a very short time to figure out how to reorganize and retool priorities according to True Mother's direction, the short time frame forced a lean approach to strategy. The theme of the meeting could be summed up with words from Demian, "We will bring victory of national restoration by 2020, so let's keep it simple, and keep our eye on the most important areas that will support that victory."

Tribal Messiahship will be the central ministry of the American Movement, and the National Leadership Team will be meeting up again in Las Vegas at the kick off of TribeNet to further their action steps.
