February 25, 2019

Dear Leaders, Brothers and Sisters,

Announcing Famicon 2019: MyTribe!

Every year, we hold a national leadership meeting shortly after returning from two weeks in Korea celebrating True Parents' Birthday, Foundation Day and other pivotal events. We usually gather about 150 leaders from around America at IPEC in Las Vegas to reflect on True Mother's vision and set the course for the year.

This time, however, in order to have greater impact and share True Mother's love directly with more leaders, we are holding our national Famicon meeting simultaneously in all five subregions this weekend on Friday, March 1 to Sunday, March 3. That's right, a national leadership meeting held simultaneously in five major locations.

Meetings will be held in New York, Washington D.C., Chicago, Dallas, and Los Angeles. All participants will be experiencing the same format and content with a joint live national session. There may be some minor variances according to local circumstances and time zones. Although we do enjoy coming together as a nation for meetings at IPEC, this year we want to share that experience with more than 500 participants, and establish more firmly the leadership of each subregion as its own nation.

If you hold any leadership position, full time or part time, pastoral or ministerial, or in any public capacity in your community, please be sure to contact your District Pastor or Subregional Director for the registration details in your subregion. If you are an active Tribal Messiah or would like to be actively engaged with Tribal Messiahship, please contact your Subregional leadership team to register your participation.

Let us connect together as families, teams, communities, tribes, and nations, and create a meaningful experience to map out our road to victory this year.

God Bless you and your families,

Dr. Ki Hoon Kim
Regional Chairman

Rev. Demian Dunkley
President
