

## **TribeNet: Official clarification on counting Heavenly Tribal Messiah Blessings**

Demian Dunkley  
March 15, 2019

Dear Tribal Messiahs,

There has recently been an increase in the number of questions regarding the counting of Blessings, specifically on the topic of double counting or sharing Blessings within a group.

Blessings must only be counted once. There is only one exception. That is when counting Blessings within the same spiritual lineage, i.e. you can count the Blessings of your physical and spiritual children. Other than that scenario, there are no situations when two Tribal Messiahs should count the same Blessings. Some of the questions have focused around three specific situations:

### **Large scale Blessings:**

Only the spiritual parent of a particular couple should count that couple toward their 430, unless a special arrangement has been made where the Blessing is being conducted on behalf of another Tribal Messiah in which case that other Tribal Messiah would be the only one to count that Blessing.

### **"Street Blessing" in a group:**

If you go out with a group of Tribal Messiahs to share the Blessing on the street, you need to make an agreement about how to divide up the couples that you will Bless. For example, if there are 4 Tribal Messiahs in your group, and you Bless 16 couples, you may count 4 couples each... or, more effectively, you might decide that the first Tribal Messiah to reach out to a couple can count them. Remember, the goal is to create a relationship with the couple you are Blessing. It is not just a number.

### **Double counting the work of another Tribal Messiah you financially support:**

There is a stipulation that you may count up to 30% (or 129) of your 430 from couples Blessed by another Tribal Messiah that you support financially. This is not a recommended course of action, but there have been conditions in the past through which major financial contributions were given to Tribal Messiahs in other countries. This effort is honored. However, in this situation the Blessings were being conducted on behalf of the contributing Tribal Messiah and not being counted twice.

### **Another question we want to clarify is on the topic of Blessing widows and how this counts toward your 43 Blessings needed to achieve Victor status.**

The 43 couples needed to achieve Victor status need to complete all steps of the Blessing. If you Bless a widow, the Blessing is officially completed only once that widow enters the spirit world and rejoins with their spouse. You would need to wait until that time to officially claim the couple as having completed all steps of the Blessing. Therefore, it is strongly recommended that you have 43 Blessings through all steps completed in the physical world.

If you have further questions, please refer to the Blessing Standards and Frequently asked questions listed on the [TribeNet website](#).

Sincerely,

Demian Dunkley

President  
FFWPU USA

# Heavenly Tribal Messiah Blessing Standards

## Heavenly Tribal Messiah Blessing Standards

If you would like to report your Blessings, please [click here](#).

Following are the primary categories of Blessings recognized by FFWPU USA as counting toward the completion of each Tribal Messiah's 430 goal. Supplementary categories are described later. There are 2 Tribal Messiah accomplishment levels, the first is the level of "Accomplisher" the next is the level of "Victor" – standards for each are as follows.

### Tribal Messiah "Accomplisher" Level

To be considered a Tribal Messiah Accomplisher, you will need to Bless as least 430 married couples. Ideally, you should take them through at least the first 3 steps of the Blessing, Holy Wine, Benediction, and Chastening Ceremony (Details of each can be found elsewhere). You must also be a Blessed couple yourself and need to be [certified Blessing Officiators](#), or at least work with a couple who are Blessing Officiators.

Below are details of the types of Blessings that count toward Tribal Messiah "Accomplisher" level.

1. Blessings conducted directly by you, the Tribal Messiah
  - A. Your Blessings should at least be through the first 3 steps, but we are currently counting those "in process" as well. The 3 steps are:
    - Holy Wine
    - Benediction
    - Chastening ceremony
 (For more information about the Blessing Steps, please refer to the [Officiators Guide](#))
  - B. Your Blessings need to follow official guidelines
    - Husband and wife of candidate should be present
    - Widowed spouses count as a Blessed couple
    - Single Blessings and purity pledges do not count towards 430
    - Couples Blessed must be married and must be man and woman
  - C. You need to keep a name list of all new couples you Bless  
[\(This spreadsheet\)](#) can help you keep track of your Blessing details)
  - D. You need to have a way to contact all your Blessed couples
  - E. You need to submit your name list to National HQ upon request
2. You need to be actively pursuing the liberation and Blessing of your ancestors in the [Cheongpyeong providence](#).
3. Blessings of your physical and spiritual children count toward your 430 (see next paragraph for more detail)

You can count Blessings conducted by your spiritual and/or physical children toward your 430 the same way you would count Blessing conducted directly by you. The Blessings still need to match the standards above.

It is also recommended by USA National HQ that your couple continue to give the Blessing even if your spiritual or physical children have already Blessed 430, since Tribal Messiahship is an ongoing journey and you ultimately want to grow to the level of Tribal Messiah "Victor." Read below for standards of recognition as a Tribal Messiah "Victor."

### For recognition as Tribal Messiah "Victor"

As a Tribal Messiah "Accomplisher," your next goal is to become a Tribal Messiah "Victor," which includes the following criteria:

1. Have at least 43 couples who gone through all steps of the Blessing, including:
  - A. Holy Wine
  - B. Benediction
  - C. Chastening ceremony
  - D. 40-Day separation
  - E. 3-Day ceremony
  - F. Blessing donation
 (Blessing Donations can be made on the Blessing America [website here](#))
2. These 43 couples will also need to sign a [membership form](#) and meet international standards of membership in the Unification Movement as follows:
  - A. Attend a worship service at least twice per year
  - B. Donate at least twice per year
3. Finally, as a Tribal Messiah "Victor" your couple must Liberate and Bless all levels of ancestors possible for you at the current time

### Additional Methods for counting Blessings toward your 430

1. You can also count Blessings conducted during the 1990's campaigns as follows:
  - A. Up to 185 Blessings from the 1990's campaigns can be counted  
 (185 was the highest number Blessing campaign in the 1990's)
  - B. You'll need to submit a record of where the Blessings took place and ideally a name list
  - C. You'll also need to submit the name of a witness or a copy of your certificate of completion to verify the Blessings took place
  - D. You can only count Blessings from the 1990s that you completed. You can NOT count those completed by your spiritual or physical children
2. You can count some overseas Blessings.
  - A. It would be best for National Restoration if all of your Blessings could take place in the United states and be conducted directly by your couple. However, based on the following criteria, you can include overseas Blessings.
  - B. You may count up to 50% (215) of your 430 Blessings from your National Messiah country or the country that you or your spouse was born in, if outside of the United States. For example, if husband is from Japan and wife is from Philippines.

A secondary grace of overseas Blessings is up to 30% (129) of your 430 Blessings that were sponsored by you (i.e. financially) but conducted by another Tribal Messiah in another country (such as Africa). However, this is not a recommended course of action and you must have permission from your Sub-regional Director. You must have a full name list of all the people that were Blessed.
