

HyoJeong Weekend in New York with Peace Starts With Me Benefit Concert

Demian Dunkley
May 21, 2019

Dear Families, Brothers and Sisters,

In just a couple weeks, we will be celebrating our HyoJeong Weekend beginning with our Peace Starts With Me Benefit Concert on Saturday, May 25 followed by our Family Festival on Sunday, May 26.

We are excited to connect as a community with family members, friends and guests. It will be such a wonderful experience to have a concert, an outdoor service, and festival.

Here is some important information concerning these two events:

Peace Starts With Me Benefit Concert:

Saturday, May 25

Hammerstein Ballroom, Manhattan Center

Doors open at 6 p.m.

The concert begins at 7 p.m.

This will be an exciting cultural event that includes varied performances from our own second generation as well as Christian partners. It will be a great event! Make sure to bring your friends!

Please note, as it is customary in New York City, there will be metal detectors, so please pack light and avoid large bags which will slow the line. There will be drinks and light snacks for purchase.

Tickets will be collected at the entrance, but the concert is free seating.

However, if you have infants or very young children, we recommend staying with them in the back room behind the first balcony or to find a way to protect their ears, as the music will be quite loud.

A Benefit Concert to Stop Inner-City Violence

Proceeds will go to City of Refuge megachurch to help in their fight against inner-city violence. They are providing a safe and healthy environment for kids to access the arts. Every dollar could make a huge difference in the direction of a child's life.

"What you're blessing us to do is to teach our kids to use their skills to enhance and embellish other people's lives instead of taking it. With you and I and God, we will make a difference."

HYOJEONG FAMILYFEST

SUNDAY, MAY 26, 2019

Belvedere Estate • 723 S Broadway,
Tarrytown, NY 10591

About

COME TO THE FOURTH ANNUAL **HYOJEONG FAMILYFEST**, A DAY WHEN WE GIVE THANKS TO GOD FOR THE BLESSINGS AND BEAUTY OF EACH RETURNING SPRING WITH A WORSHIP SERVICE, MUSIC, GAMES, FOOD AND FUN FOR THE WHOLE FAMILY.

Belvedere Estate is one of several grand estates located in this storied corner of the Hudson Valley. Lyndhurst Castle is our neighbor, Washington Irving's Sunnyside is just down the road, and Kykuit, the former Rockefeller family home is on a nearby hill overlooking the Hudson.

Our festival is a celebration of family. It is a day when we welcome the local community to join with us in a day of fun together. We begin at 10:30 with a morning service of praise and thanksgiving. After that the food concessions and games open, with a music festival throughout the afternoon back on the main stage. Its a day for families to come together to enjoy this historic part of the beautiful Hudson Valley.

The Estate is one of the most significant sites in the history of the Unification movement which the Rev. and Mrs. Moon founded. Belvedere was the venue for several of the early Unification movement's International Leadership seminars for prospective missionaries. It has since been the site of countless celebrations and Holy Days. Rev. Moon delivered weekly Sunday Sermons here for almost 30 years. Today Mrs. Moon encourages all of us to look to the future as a time of great hope for America and the world.

Belvedere Estate

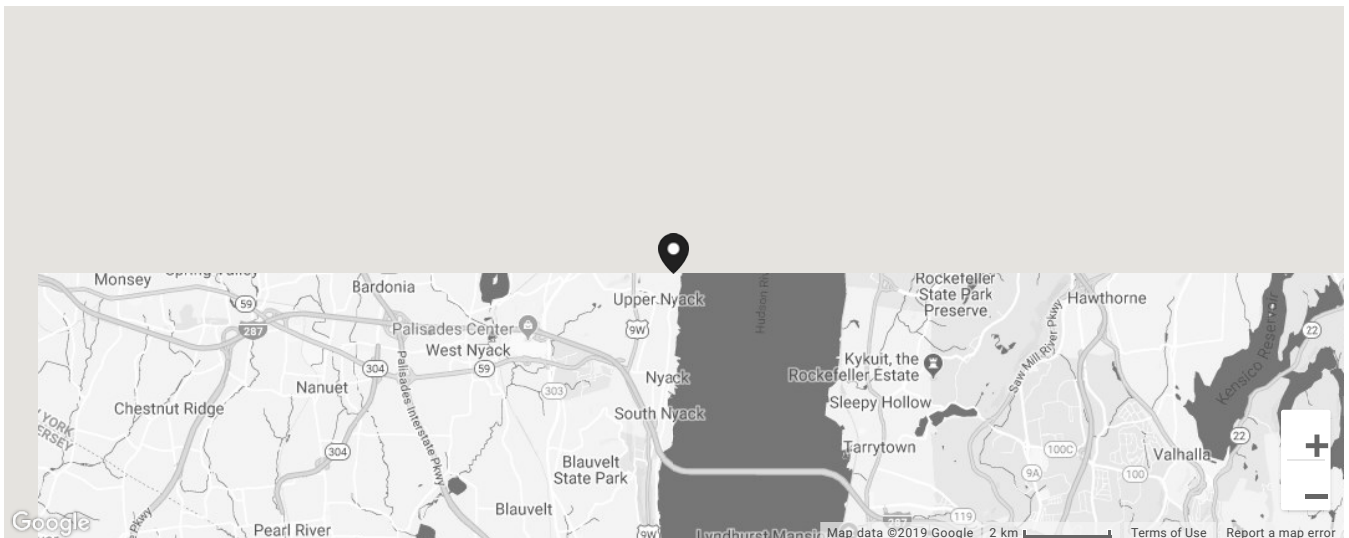

YOU ARE INVITED TO TAKE YOUR OWN SELF-GUIDED TOUR OF BEAUTIFUL AND HISTORIC BELVEDERE ESTATE. FOLLOW THE TRAIL ON YOUR MAP. MAKE SURE YOU VISIT:

- **The Tea Garden:** modeled in a formal Italian style is a

popular location for weddings.

- The **two massive rocks** on the main hill were shipped from Montana by Dr. Cole, the original house owner. Rev. Moon later explained that he was making these rocks a special "holy ground" where earnest prayers could move heaven.
- **Agora House:** Originally built to be a gymnasium for Dr. Cole's children, the light switch plates and radiator panels (and the ironwork front gates, remnants on display in the main house) were made by local craftsmen. They feature details from Washington Irving stories, which were Cole family favorites.
- **The Studio:** Dr. Cole constructed a two-level building, intending for his wife, Katherine, to use it as a sculpture studio. The Moon's son, Hyo Jin created a full recording studio in this space. It is on the tour today, exactly the way it was left before his untimely passing.
- **The Greenhouse:** The once-100-foot long greenhouse is sadly no longer in use. It was arranged so water pressure inside would cause windows to automatically open and close. The massive structure remains, minus the glass.
- **The Lecture Hall:** Dearest to our church's heart, the Lecture Hall is where Rev. Moon gave the vast majority of his sermons and addresses during his 30-plus year ministry in the United States.
