Dear Brothers and Sisters,

Regarding the previous message sent out by accident, a word of explanation is needed.

The celebration on the graduation of the son of the Tanai family next Sunday is a UCI [H1 - Hyun Jin Moon's supporters] event taking place in the building of the office of UCI in New Jersey.

But, you are free to go there, because it is a wonderful thing to congratulate one of the second generation members on his great accomplishment. Let us go beyond any barrier to do good things.

Sincerely,

Dr. Shimmyo, Acting Pastor
