

Annual national Young Unificationists' Day

Training Centre Chamarande, 8. July 2014

The 2014 French National Young Unificationists' Day was held on the 8th of July in Chamarande. A total of 70 young people attended the event, including two of our guests from our witnessing efforts, as well as Shin-chul Moon, the son of Hyo Jin Nim, who was in France for a month to study French. This is the 5th time we organize this event. Since its creation 5 years ago, Second Generation and other young people have been coming from all parts of France to meet each-other. We are very happy that this new tradition is slowly taking its place amongst our teens in France.

In the morning a sermon was given, focusing on the theme "Our identity and purpose as young Unificationists".

Following the sermon, everyone had lunch. Thankfully, the weather allowed to have outdoor activities on top of the indoor ones. A small football tournament was organized in the garden, as others enjoyed the afternoon sun or played board games.

In the evening, a BBQ was prepared for everyone. We could also enjoy two World Cup games all together. We then finished the day with a musical quiz, before going to bed.
