

Participation in a public demonstration Republican gathering for peace, Jews and Muslims, hand in hand

Paris, France, 3. August 2014

UPF-France supported the initiative of a young student who raised her voice and organised a gathering to claim for peaceful relationship between Jews and Muslims in France: "Republican

gathering for peace, Jews and Muslims, hand in hand". In line with UPF vision and efforts in the Middle-East, it also countered the waves of pro-Israeli and pro-Palestinians demonstrations opposing each other.

As a result:

- 10 Ambassadors for Peace and friends of UPF came.
- 1 Youth-UPF member helped with the gathering's infrastructure installation.
- 3 newspapers relayed this gathering for Peace, mentioning UPF-France's support.
