

## One Day Divine Principle Seminar in Lunde, Norway

Steinar Murud  
June 15, 2013

12 participants, half guests and half members, gathered for The One Day Seminar Part Two in Lunde, Telemark on Saturday 15th June. The venue was the living room in the home of Ester and Hendrik Wetzel. Three lectures about Restoration History were presented by Steinar Murud. Some guests came for the first time and commented that they received answers to many questions. Others had participated in Part One earlier this year.

Interesting talks took place during lunch and the coffee-breaks. One participant was strengthened in her hope that peace will come. She commented on the point that God's will is absolute and will not change. I said to her; If men connect to that Will, peace will come easily, if not, the way will be longer. The Principle shows that peace will come. We agreed that in a society where many people are resigned, we need to share this view with others. Altogether the 6 hours seminar was a successful event that most probably will be followed up by another one.
