Stopping the Violence Webcast

Stop the killing!

TODAY

Wednesday, May 21, 2025 from 2 to 3pm EDT

With Special Guest:

Dyrell Muhammad

**Community Support Worker, Umbrella Therapeutic Services;
Counselor for incarcerated persons**

Transformed his life while serving a 23-year prison sentence. Forced to face the negative history of his background, change his thinking and actions, he reemerged rehabilitated and a voice for the incarcerated throughout the country.

He said, "I came of age during the crack epidemic of the 1980's and fell victim to seeking shortcuts to economic success, which also led to drug use and addictions. The harsh realities of this way of life led me to purge my person and soul. Since my release I have continued my work and calling to support incarcerated citizens returning home to healthy and accessible supports so they can be good citizens, sons, uncles, and fathers to communities in need. I am determined to spend every day of my life working hard to make this a reality."

Hosted by:

Rev. Zagery Oliver
