

HARP Summer Workshop in El Manantial del Corazón workshop center, Madrid, Spain

Rodrigo Lopez
June 26 - July 6, 2022

The summer HARP workshop took place between June 26th and July 4th in El Manantial del Corazón workshop center, in Madrid. We had 20 participants between the ages of 12 and 20 years old. The duration was 7 days.

The lectures were mainly given by 2nd generation members. Some of the topics were about goal setting, the traditions and the community in the unification church, True Mother's life, the Blessing and Matching, and Principles of Creation.

And of course, there were plenty of games, sports and other activities which participants especially enjoyed.

This time we also prepared a ceremony of purity, where those who wanted to participate were given rings or other objects that represent their commitment.

"In a workshop like this one, with young people of various ages and personalities, the most challenging part is to live together under the same roof, to understand and respect our differences and overcome the little conflicts that arise. But it's in those situations where we learn to love and we keep growing, and where we experience moments of unity, joy, and closeness. That's what's so special about workshops."
