

Divine Principle Seminar in Ljubljana, Slovenia

July 6, 2013

In the beginning of July we held a 1-day Divine Principle seminar for our new contacts. We had 5 guests in the Peace Embassy and one more woman on Skype (all the time of the seminar) from another city, who cannot travel. The guests were really amazing, very openly receiving even the »difficult« parts (Jesus' mission, True Father is the Messiah), like children trusting in the teacher.

We felt all the time very peaceful, no stress, nervousness. Our Abel National Messiah couple sent some of their ancestors for "mission" to Slovenia already some time ago and I sensed they are helping, and also mine and the guests' some ancestors.

In the beginning the guests are little bit lamented, that it will be a long day until 18:30 and maybe we can finish earlier, etc. Than we concluded at 19:00, but they just stayed and liked to talk and asking questions. Finally we even read one chapter together from True Father's autobiography. Finally they left at 22:15, completely forgetting, that they wanted to go home earlier. They already plan to invite their husbands, children, etc.

Hopefully we can embrace and guide them well to Heavenly Parent and to True Parents.
