

## ACTIVITY REPORT OF HUNGARIAN FAMILY May and middle of June 2015

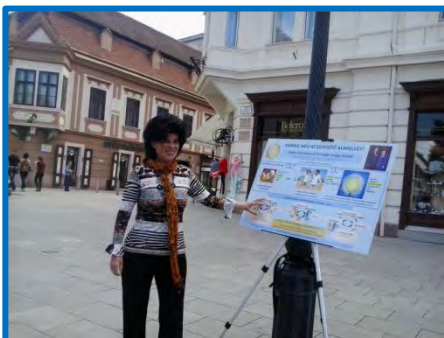

### Visit of our True Mother in Vienna:

We were very happy and grateful to attend True Mother and celebrate the 50<sup>th</sup> Anniversary of the European Movement at 10<sup>th</sup> of May. This time 120 representatives of Blessed families, members and some of our close friends could go to Vienna. Our first missionary Mrs. Catherine Roman after 33 years that she came to Hungary got personal recognition of True Parents. Also our National Leader, Tibor Krebsz who joined 21 years ago to our Church also got special award from True Parents. Some of the community members to come in time and attend True Mother had to leave early morning from home at 2 AM. Coming back from Vienna several adults and 2. Gens shared their testimonies in tears and moved hearts to see True Mother and receive God's love through her.

### Divine Principle Education:

In the last one and half month we had two times weekend DP Seminars. In Gyor City we had with 7 guests, and in Budapest, Peace Embassy with 6 guests. And 1 day DP WS was organized in our Peace Embassy for the classmates of 2. Generation children and 4 classmates attended, and after this WS, one of the classmates applied for the coming up 15 day DP WS in Slovakia as well. Also the DP lecture teaching is continuing in the church centers and on the street as well.

### UPF Activities:

The European UPF Secretary General Jacques Marion visited Hungary to help to invite VVIPs for the World Summit. During his stay in Hungary he met several AFPs and shared the vision of UPF and gave report about the UPF global activities to them. Also he met with the secretary of the Christian Democratic Party (KDNP) to introduce the World Summit and inspire them to come. We could make a personal talk to the first lady and to the previous President of the National Assembly. Unfortunately both of them will be just busy during the Korean event, that's why they can't come. But we are hopeful for the future because they got to know personally about the UPF and the World Summit as True Parents direct initiative

for world peace. Also we are grateful because we could share to Mr. Jacques Marion about our difficulties and challenges concerning the UPF work in Hungary.

### Inter-faith dialogue:

Last Sunday our National Leader was invited to the so called 4<sup>th</sup> Prayer day, where different churches and faith groups were representing themselves and shared their views, prayers, holy songs, short sermons to help to understand each other and break down the walls and prejudices towards each other. Our National Leader was asked to introduce the “Mass Weddings” and spoke about the Blessing and matching of Unification faith. Also he was reading from TF’s autobiography the story of the matched couple who’s love melted the resentment of father in law from enemy nation.

## WFWP activities:

The WF continues its club activities where the following topics were discussed with the ladies who participated. "The dignity of Women" and "How the thoughts are influencing our life and character".

<b>Bizalom</b> <b>Boldogság</b> <b>Remény</b> <b>Jóság</b>	<b>Szeretet</b> <b>ihlet</b> <b>Állás</b> <small>Szépesség</small>
<b>Gondolataink befolyásolják a jövőnket</b>	
Már mindannyian hallottunk a pozitív szavak használatának fontosságáról, hogy ezzel pozitív változásokat hozunk be életünkbe. De a szó magában nem elég akkor, hogy úgy tetszünk meg a dolgok, ahogy arra mi vágyunk. A nap folyamán anélkül, hogy tudatában lennénk vagy sokszor akár még észre sem vesszük, több ezer gondolat fut át az agyunkon. Ezek negatívabb vagy inkább pozitív megközelítések?	
A gondolatunk teremti meg a jövőnket. Ahogy az emlékek és a környezetünkkel viszonyulunk, megmutatja, hogyan közelítjük meg általában az életet. Ha megváltoztatjuk az élet szemléletünket, akkor a jövőnk is e szerint fog változni.

## Character and Couple Development WS :

Susan and Ashley Crosthwaite guided a weekend 2 day Seminar titled "The **4 Great Realms of Heart**". Susan and Ashley gave very beautiful and inspiring insights to us about how to develop our hearts, how to communicate our needs, how to listen and how to help each other, how to help to heal our past. They also offered internal guidance and consultations to individuals and couples as well until late midnight on both days. We do believe that this seminar helped many of us to continue, to improve our vertical and horizontal relationships. Also understand more deeply the ideal of Heavenly Parent what he had in the very beginning for his children.

## For the sake of the Communities:

- Thirteen 2. generation children from Hungary attended the HARP Seminar organized by ESGD in Slovakia
- Celebrating the 53<sup>rd</sup> Day of All True Things
- Continue to serve the Elder People
- Small Group gatherings and services
- Cultural evening – Jazz Concert in Peace Embassy
